for general relief, was repealed by Sec. 3, Ch. 225, Laws of 1974.

71-302.2. Residency requirements. Any person otherwise qualified who makes his home in the state of Montana with the intent to become a resident shall be eligible for general relief. Upon the filing of his application in the county of residence, his assistance shall be paid entirely from state funds until he has resided for one (1) continuous year in the state of Montana, at which time he shall become a financial responsibility of the county in which he resides at the expiration of the one (1) year period. A person who leaves the state of Montana with the intent to reside in another state, and later returns to reside in the state of Montana, shall be deemed a new resident for the purposes of this act. If a recipient moves from his original county of residence to reside in another county, he shall continue to be a financial responsibility of the original county of residence for one (1) year from the date of his change of residence. If during this one (1) year period, the individual resides in several counties, he shall become a financial responsibility of the county in which he resides at the expiration of the one (1) year period. County medical assistance under section 71-308 shall not be entitled to be paid from state funds.

If a person is absent from the state voluntarily, he shall be ineligible for general relief in the state of Montana. Aliens found to be illegally within the United States shall not be eligible for relief from state funds.

Recipients of public assistance who become wards or patients in a licensed nursing home or hospital, foster home or a private charitable institution shall have the county share of financial participation paid entirely from state funds for one (1) year from the original date of entrustment or the original date of state residency, whichever is earlier. At the expiration of such period, the appropriate county as defined by the following guidelines, shall become financially responsible to the extent of its legally required share of participation. The county in which commitment

of an adult is initiated shall be deemed the county of financial responsibility except where court decree declares the residency to be otherwise. Where an adult is transferred from a facility or institution to one of the above-enumerated facilities, the county which initiated the original commitment shall be deemed the county of financial responsibility except in the case of an adult transfer from an out-of-state institution, in which case the county in which the facility is located shall be deemed the county of financial responsibility. In all cases where a minor patient or ward is involved, the county of financial responsibility shall be the county in which the parent or guardian resides. Where the custody of a minor is entrusted to a state agency, the agency shall have the power to make a reasonable declaration of the county residency of its ward using applicable guidelines enumerated in this section. A person who reaches majority in an institution shall upon release and restoration to competency, have the power to determine his own county residency. Such person shall continue to be a financial responsibility of the county which initiated the original commitment for one (1) year from the date of release, at which time he shall become a financial responsibility of his new county of residence.

Nonresidents or interstate transients may receive temporary relief from county funds in cases of extreme necessity and destitution until they may be returned at state expense to their state of residence or origin. Medical expenses arising from accidental injury to interstate transients shall be paid from county funds and reimbursed by the state upon submission of a proper claim.

Interstate transient, as the term is used in this act, is defined as an individual who has signed a declaration that he is unable to pay for his own necessities or transportation to return to his state of residence or origin and is en route to a point outside of this state, being unable, due to unexpected distress, to reach his destination.

History: En. 71-302.2 by Sec. 1, Ch. 225, L. 1974.

Title of Act

An act amending Section 71-308, R. C. M. 1947, to clarify residency requirements for county financial participation in assistance to residents, nonresidents, trans-

ients, incompetents, and aliens, to recodify county medical responsibilities, and to pay medical expenses for accidental injury to interstate transients from state funds; and repealing sections 71-114, 71-116, 71-117, 71-302.1, and 71-304, R. C. M. 1947.

DECISIONS UNDER FORMER LAW

Constitutionality

Durational residency requirement in state welfare program imposed unconstitutional restraint on right to travel. *Pease v. Hansen*, 404 U S 70, 30 L Ed 2d 224, 92 S Ct 318, following *Shapiro v. Thompson*, 394 U S 618, 22 L Ed 2d 600, 89 S Ct 1322, and reversing 157 M 99, 483 P 2d 720.

Despite the invalidity of the require-

ment of one year's residency in the state in order to qualify for relief, county's obligation to pay general relief assistance may be limited by legislature's residency requirements as it did in section 71-302; where no provision has been made to care for transients, state must provide relief until such time as indigent has established county residency. *Pease v. Hansen*, 159 M 43, 494 P 2d 925.

71-304. Repealed.

Repeal

Section 71-304 (Subd. (c) to (f), Sec. 2, Part 2, Ch. 82, L. 1937), relating to the

status of aliens and interstate transients, was repealed by Sec. 3, Ch. 225, Laws of 1974.

71-306. Right of hearing. Individuals or committees with complaints or grievances concerning assistance may present their complaints or grievances to either the county board or the state department and due consideration shall be given all proven facts presented by the individuals or committees. The county board or the state department shall take action to relieve situations brought to their attention under this section to the extent of funds available.

History: En. Sec. 4, Part 2, Ch. 82, L. 1937; amd. Sec. 8, Ch. 199, L. 1951; amd. Sec. 27, Ch. 121, L. 1974.

Amendments

The 1974 amendment deleted two sentences at the beginning of the section which read: "If an application for assistance under this chapter is not acted upon by the county welfare board promptly

or if a decision is made with which the applicant or recipient is not satisfied, he may appeal to the state department for a fair hearing. The state department shall, upon receipt of such an appeal, give the applicant or recipient prompt notice and opportunity for a fair hearing"; and made minor changes in phraseology and punctuation.

71-307. Relief by check or disbursing orders. (1) All relief disbursements by county departments of public welfare shall be by warrant or check. However, if the county welfare department finds that a recipient is in the habit of dissipating relief allowances instead of using them for the purposes intended, or that for any other reason it is better for the recipient and his family to receive the allowance through disbursing orders, then disbursing orders shall be used instead of cash payments; but all such disbursing orders must be written in such form that the goods and merchandise to be provided may be furnished by any regular dealer in such goods and merchandise within the county. A recipient of general relief must register for employment with the State Employment Service and must accept available employment within his or her capability. Refusal to accept such employment will render the recipient ineligible for further general relief assistance. If the county has work available which a recipient of general relief is capable of performing, then the county department of public welfare may require the recipient to perform the work at the prevailing rate of wages paid by that county for similar work to be paid from the county poor fund in place of granting him general relief.

(2) The county department of public welfare shall provide coverage under the Workmen's Compensation Act for those recipients of general relief working under the provisions hereof, and may enter into such agreements with the division of workmen's compensation of the department of labor and industry as may be necessary to carry out the provisions of this section.

(3) Any recipient of general relief who is subject to the provisions of this section and who without cause refuses to perform work assigned to him as herein provided, shall lose his eligibility for general relief for one (1) week for each refusal.

History: En. Sec. 5, Part 2, Ch. 82, L. 1937; amd. Sec. 13, Ch. 129, L. 1939; amd. Sec. 1, Ch. 180, L. 1963; amd. Sec. 28, Ch. 121, L. 1974; amd. Sec. 1, Ch. 208, L. 1974.

Compiler's Notes

This section was amended twice in 1974, once by Ch. 121 and once by Ch. 208. Neither amendatory act mentioned or incorporated the changes made by the other. Since the amendments do not ap-

pear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

Chapter 121, Laws of 1974, inserted the numerical subsection designations at the beginning of the paragraphs; substituted "division of workmen's compensation of

the department of labor and industry" for "industrial accident board" in subsection (2); and made minor changes in phraseology and punctuation.

Chapter 208, Laws of 1974, inserted the provision in subsection (1) making it mandatory for the county department to have a recipient of general relief work if the county has work available.

71-308. Medical aid and hospitalization. (1) Medical aid and hospitalization for nonresidents within the county and county residents unable to provide such necessities for themselves are the legal and financial duty and responsibility of the board of county commissioners, except as otherwise provided in other parts of this act, payable from the county poor fund. The board of county commissioners shall make provisions for competent and skilled medical or surgical services as approved by the department of health and environmental sciences or the state medical association, or in the case of osteopathic practitioners by the state osteopathic association or chiropractors by the state chiropractic association, or optometrical services as approved by the Montana optometric association and dental services as approved by the dental association. "Medical" or "medicine" as used in this act refers to the healing art as practiced by licensed practitioners.

(2) The board, in arranging for medical care for those unable to provide it for themselves, may have the care provided by the physicians appointed by the board who shall be known as county physicians or deputy county physicians, and may fix a rate of compensation for the furnishing of the medical attendance.

(3) The board of county commissioners shall make suitable arrangements to provide respectable burial for nonresidents within the county and county residents for whom such expenses are not otherwise available.

(4) The department of social and rehabilitation services may promulgate rules to determine under what circumstances persons in the county are unable to provide medical aid and hospitalization for themselves, including the power to define the term "medically needy." Provided, however, such definition may not allow payment by a county for general assistance-medical for persons whose income exceeds three hundred per cent (300%) of the limitation for obtaining regular county general assistance.

(5) In any case where the county or state pays medical expenses or hospitalization for an individual, the county or state is subrogated to the claims of the physician or hospital to the extent of payment.

History: En. Sec. 6, Part 2, Ch. 82, L. 1937; amd. Sec. 15, Ch. 129, L. 1939; amd. Sec. 5, Ch. 117, L. 1941; amd. Sec. 1, Ch. 155, L. 1947; amd. Sec. 9, Ch. 199, L. 1951; amd. Sec. 1, Ch. 57, L. 1955; amd. Sec. 1, Ch. 86, L. 1957; amd. Sec. 16, Ch. 212, L. 1965; amd. Sec. 29, Ch. 121, L. 1974; amd. Sec. 2, Ch. 225, L. 1974; amd. Sec. 1, Ch. 375, L. 1975.

Amendments

Chapter 121, Laws of 1974, inserted the

numerical subsection designations at the beginning of the paragraphs; substituted "department of health and environmental sciences" for "state board of health" in subsection (1); substituted references to "state department," in the paragraph deleted by Ch. 225, for references to "department of public welfare"; and made minor changes in phraseology and punctuation.

Chapter 225, Laws of 1974, substituted "nonresidents within the county and

county residents" for "persons" in the first sentence of subsection (1) and in subsection (2) and deleted a paragraph which read: "In automobile accident cases wherein transients traveling through the state of Montana are injured, medical aid and hospitalization shall be paid for by the county wherein the accident occurred and the department of public welfare shall reimburse each county in full upon proper claim being made to the department of public welfare; provided, further, in all other accident cases wherein such transients are injured, medical aid and hospitalization shall be paid for by the county wherein the accident occurred and the department of public welfare shall reimburse such county for one-half of such medical aid and hospitalization paid by such county, upon

proper claim being made to the department of public welfare."

The 1975 amendment added subsections (4) and (5); and made a minor change in punctuation.

Repealing Clause

Section 3 of Ch. 225, Laws 1974 read "Sections 71-114, 71-116, 71-117, 71-302.1, and 71-304, R. C. M. 1947, are repealed."

Emergency Hospitalization

It was not the intent of the legislature to require a total lack of resources for an indigent person to receive medical assistance; rather it was to include those persons who do not have the present or future resources sufficient to pay for the hospital and medical services required in emergency instances. Section

71-501. "Dependent child" defined.

71-508. County share of participation.

71-511. Payment of public assistance money—subrogation of the department of social and rehabilitation services—schedule of payments.

71-501. "Dependent child" defined. (1) The term "dependent child" for welfare purposes means (A) a child under the age of eighteen (18), or

(B) a person under the age of twenty-one (21) who is a student under the regulations prescribed by the state department and such children (A and B above) must be deprived of parental support or care by reason of the death, continued absence from the home, continued unemployment, or physical or mental incapacity of a parent, and who is living with his father, mother, grandfather, grandmother, brother, sister, stepfather, stepmother, stepbrother, stepsister, uncle, aunt, nephew, niece, or first cousin, in a place of residence maintained by one or more of such relatives as his or their own home.

(2) Aid to dependent children may not be denied to or for the care of children who would otherwise be entitled to such aid under the laws of this state by the fact that the child is living in the home of his or her father, who is in the opinion of the county board of public welfare of the appropriate county either unemployable or who is honestly and responsibly seeking proper employment and is unable to find such employment nor by the fact that the child is living in the home of a head of a household who is, at the time, receiving job training under the laws of this state; nor shall the benefits which would otherwise accrue to the child for aid to dependent children under the laws of the state be reduced by reason of any such cause.

(3) Primary factors in determining whether a father is honestly and responsibly seeking employment include his willingness to register for employment with the department of labor and industry if that department has a representative in his county of residence, and his willingness to accept employment in which he is able to engage which will increase his ability to maintain himself and his family.

(4) The state department of social and rehabilitation services may establish additional criteria for determining whether a father is honestly and responsibly seeking employment.

History: En. Subd. (a), Sec. 1, Part 4, Ch. 82, L. 1937; amd. Sec. 17, Ch. 129, L. 1939; amd. Sec. 7, Ch. 213, L. 1943; amd. Sec. 4, Ch. 71, L. 1957; amd. Sec. 2, Ch. 255, L. 1965; amd. Sec. 1, Ch. 373, L. 1971; amd. Sec. 30, Ch. 121, L. 1974; amd. Sec. 1, Ch. 309, L. 1974.

Compiler's Notes

This section was amended twice in 1974, once by Ch. 121, and once by Ch. 309. The amendment by Ch. 309 was not effective until July 1, 1975. Neither amendatory act mentioned or included the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by the first amendment (Ch. 121) and by the later amendment (Ch. 309).

Amendments

Chapter 121, Laws of 1974, substituted "state department" for "state welfare department" in subsection (1); substituted "department of labor and industry" for "Montana state employment services" in subsection (3); substituted "state department of social and rehabilitation services" for "department of public welfare" in subsection (4); and made minor changes in phraseology, punctuation and style.

71-503. Administration.

Compiler's Notes

Section 50, Ch. 121, Laws 1974, substituted "state department" throughout

this section for "state department of public welfare" and "state board of public welfare."

71-508. County share of participation. Each county department shall reimburse the state department in the amount of one-third ($\frac{1}{3}$) of the approved aid to dependent children grants exclusive of the federal share.

History: En. Sec. 7, Part 4, Ch. 82, L. 1937; amd. Sec. 18, Ch. 129, L. 1939; amd. Sec. 1, Ch. 191, L. 1945; amd. Sec. 1, Ch. 71, L. 1947; amd. Sec. 6, Ch. 71, L. 1957; amd. Sec. 1, Ch. 7, L. 1961; amd. Sec. 2, Ch. 292, L. 1971; amd. Sec. 2, Ch. 273, L. 1971; amd. Sec. 2, Ch. 309, L. 1974.

tion for "state department of public welfare."

71-511. Payment of public assistance money—subrogation of the department of social and rehabilitation services—schedule of payments. Any payment of public assistance money made to or for the benefit of any dependent child or children creates a debt due and owing to the department of social and rehabilitation services by the natural or adoptive parent or parents who are legally responsible for the support of such children by statute or court decree in an amount equal to the amount of public assistance so paid. Provided, that where the support obligation is based upon a court decree, the debt shall be limited to the amount of said court decree.

The department of social and rehabilitation services shall be subrogated to the right of said child or children or person having the care, custody and control of said child or children to prosecute or maintain and recover upon any support action or execute any administrative remedy existing under the laws of the state of Montana to obtain reimbursement of moneys thus expended. If a court decree enters judgment for an amount of support to be paid by an obligor parent, the department shall be subrogated to the debt created by such order and said money judgment shall be deemed to be in favor of the department of social and rehabilitation services.

In no case shall a debt arising under this section be incurred by or collected from a parent or other person who is the recipient of public assistance moneys for the benefit of minor dependent children for the period such person or persons are in such status.

The remedies herein provided are in addition to and not in lieu of existing common law and statutory law.

The department of social and rehabilitation services or its legal representatives may at any time consistent with the income, earning capacity and resources of the debtor, petition the court having jurisdiction over the particular case to set or reset a level and schedule of payments to be paid upon the debt.

(1) In recognition of the need to provide supervision and protection from exploitation for the developmentally disabled, and in acknowledgment of the desirability of providing such services outside the state institutions, the legislative assembly hereby finds and declares that a program should be established by the department to provide protective services for the developmentally disabled. Such a program should be designed to provide the services set forth in this act for developmentally disabled persons.

(2) The director of the department shall adopt rules and regulations for the administration of this article. The department shall develop a state-

wide system of protective service in accordance with regulations and standards established by the department with respect to this program, the department may:

- (a) provide direct services;

- (c) accept appointment by any district court as guardian, trustee, protector, or trustee and protector of a mentally retarded or other developmentally disabled person.

History: En. Sec. 2, Ch. 508, L. 1973.

71-1903. Application for protective services—contents—department as guardian or trustee—decision as to eligibility. (1) Protective services may be provided on a voluntary basis for any developmentally disabled person who requests them for himself or at the request of any interested person, when the department determines that such person is a developmentally disabled person who would benefit from services provided in this act, and that the department is currently able to supply services to such person. A parent may name the department as guardian of the mentally disabled person in his will. A parent may also name the department as guardian or trustee of the mentally disabled person, to assume such duties during the parents lifetime. Voluntary services may be discontinued upon the written request of the ward or any personal representative of the ward.

The rules and regulations of the department shall simplify the application process in order that protective services may be furnished as soon as possible. Adequate safeguards shall be established by the department to ensure that only eligible persons receive protective services under this act. The department shall notify the applicant and the designated field staff of the department or other designated state agency in writing of its decision concerning eligibility for protective services.

History: En. Sec. 3, Ch. 508, L. 1973.

71-1904. Petition in district court to make developmentally disabled person ward of department—contents—hearing—order—disabilities imposed. (1) Any developmentally disabled person may be made a ward of the department by a judicial proceeding which shall be initiated when any reputable person, including the potential ward, or the department, shall file in the district court of the county in which the respondent resides or is physically present, a verified petition alleging that the respondent is a developmentally disabled person, describing the nature and extent of the respondent's disability, and alleging that it will be in the best interests of the respondent that he be made a ward of the department. The petition shall be accompanied by a report of the findings of an evaluation team com-

posed of, but not limited to, a physician, a psychologist, and a social worker, and expressing the belief that the respondent is developmentally disabled to an extent which would cause the respondent to benefit from the protective services provided for in this act.

(2) Upon the filing of such verified petition and team evaluation statement, the court shall issue an order fixing the time and place of a hearing on such petition, which time shall be no earlier than seven (7) days nor later than fourteen (14) days after the filing thereof. Such order shall appoint an attorney for the respondent, whose duty shall be to make such investigation as is necessary to protect the rights of the respondent and to attend all hearings in the matter. Such order also shall advise the respondent of his right to appear at the hearing, and shall give the address and telephone number of the attorney. Personal service shall be made on the respondent, the department, the county attorney, and attorney at least five (5) days prior to the hearing date. The department, the county attorney, and the attorney may waive service.

(3) Upon hearing, the petitioner shall present the evidence to the court. When the court is fully advised, it shall determine whether the respondent is a developmentally disabled person who would benefit from the protective services provided for in this act and whether it is in the best interest of the respondent that he be made a ward of the department and, if it is so found, the court shall enter an order that the respondent is made the ward of the department; otherwise, the petition shall be dismissed.

(4) In any order making the respondent a ward of the department, the court shall specify any legal disabilities to be imposed upon the ward. The order may contain, where appropriate, specific provisions concerning the right to operate a motor vehicle, the right to enter into contracts, or any other civil, political, personal, or property right. No person who becomes a ward of the department shall lose any legal right by reason thereof except as provided in this subsection (4).

(5) Every proceeding under this act shall be civil in nature and shall be entitled "In the interest of _____, respondent," or "In the interest of _____, ward," as the case may be.

71-1905. Protective and supportive services provided. The department shall report annually to the court which appointed it on the discharge of its duties as conservator of an estate under this section and shall otherwise be subject to the requirements of a general guardian.

Upon a written petition filed by the department, the court by which the department was appointed may permit annual expenditure of up to three

per cent (3%) of the principal assets if such expenditure be shown to be of special advantage for the ward. The department shall file an accounting each year and the court by which the department was appointed shall conduct a hearing to determine the propriety of any charge or charges to a ward. All of the provisions of subsections (2) and (3) of section 4 [71-1904 (2) and (3)] concerning notice and hearings shall apply to hearings under this section. Upon such hearing, the court shall enter its order approving, disapproving, or modifying such charge or charges. The order of the court may be prospective as to charges of a recurring nature which reasonably may be anticipated.

(2) Except as provided in subsection (1) of this section, the net cost of proceedings under this act and of services provided by the department shall be paid from moneys appropriated for that purpose by the legislature or from moneys available from any other governmental or private source. Claims for state reimbursements shall be presented to the department at such times and in such manner as the department may prescribe. The department shall certify to the department of administration the amount. The department of livestock shall institute and prosecute, in the name of the state, actions against the railroad or railroad companies in a court of competent jurisdiction to recover damages if the railroad fails, neglects, or refuses to make payment of the amount of the claim filed by the department of livestock.

TITLE 73—RECORDING TRANSFERS

Chapter

2. Effect of recording or failure to record conveyance of real property, 73-213.

CHAPTER 2—EFFECT OF RECORDING OR FAILURE TO RECORD CONVEYANCE OF REAL PROPERTY

Section

73-213. Validation of conveyances recorded after defective execution—1973 act.

73-202. (6935) Conveyances to be recorded, or are void, etc.

Fraudulent Conveyances

In determining the date of transfer of an alleged fraudulent conveyance under the Federal Bankruptcy Act, the date of transfer of an assignment of a note and mortgage was the date of recordation and not the date upon which the transfer was

effective between the parties since it is not until recordation that subsequent transferees or purchasers could not acquire an interest superior to that of the original transferee. *Raucci v. Davis*, 161 M 270, 505 P 2d 887.

73-213. Validation of conveyances recorded after defective execution—1973 act. Any instrument affecting real property, provided no action is now pending to set such instrument aside which was, previous to January 1, 1973, copied into the proper book kept in the office of the county clerk and recorder, shall be deemed to impart, after that date, notice of its contents to subsequent purchasers and encumbrancers, notwithstanding any defect, omission or informality in the execution of the instrument or in the certificate of acknowledgment thereof, or the absence of any such certificate; and all such instruments heretofore acknowledged by the vice-president and assistant secretary of any corporation, or by either of them, or other person duly authorized by resolution by such corporation executing the same on behalf of the corporation, and recorded, shall be valid and shall have the same force and effect as though acknowledged by the president or secretary; but nothing herein shall be deemed to affect the rights of purchasers or encumbrancers previous to that date. Duly certified copies of the record of any such instrument may be read in evidence, with like effect as copies of an instrument duly acknowledged and recorded.

History: En. Sec. 1, Ch. 147, L. 1973.

Title of Act

An act validating certain instruments affecting real property and which were erroneously executed or acknowledged prior

to January 1, 1973; imparting notice by recording thereof; and providing that duly certified copies thereof may be read in evidence with like effect as copies of an instrument duly acknowledged and recorded.

TITLE 74—SALES AND EXCHANGE

Chapter

6. Retail installment sales, 74-602, 74-604 to 74-606, 74-608.

CHAPTER 2—STATUTES OF FRAUDS

74-203. (7593) Contract for sale of real property.

Memorandum

Prospective buyer was entitled to return of earnest money where realtor was unable to produce any written documentation of his alleged agency to sell realty. *Pack River Co. v. Young*, — M —, 511 P 2d 12.

Option Agreement

Evidence of payment of money pursuant

to the purchase of real estate for the purpose of persuading seller to hold the deal open for a certain period of time, and the subsequent actions of the seller in holding the property off the market, were sufficient to establish a valid option agreement, as well as to show that the agreement had been fully performed. *Lynch v. Shields*, — M —, 529 P 2d 348.

- 74-602. Definitions.
- 74-604. Denial, suspension, or revocation of licenses.

- 74-606. Powers of department.
- 74-608. Finance charge limitation.

74-602. Definitions. (1) Unless the context requires otherwise, in this act:

(a) "Goods" means all chattels personal, including motor vehicles and merchandise certificates or coupons exchangeable for chattels personal, but not including money or things in action. The term includes goods which, at the time of the sale or subsequently, are to be so affixed to realty as to become a part thereof whether or not severable from it.

(b) "Services" means work, labor, and services furnished in the delivery, installation, servicing, repair, or improvement of goods.

(c) to (f) * * * [Same as parent volume.]

(g) "Retail charge account agreement" means an instrument in writing prescribing the terms of retail installment transactions which may be made under it from time to time under which a retail seller gives to a retail buyer the privilege of using a credit card issued by the retail seller or any other person or other credit confirmation or identification for the purpose of purchasing goods or services from the retail seller, from the retail seller and any other person, or from a person licensed or franchised by the retail seller, and under the terms of which a finance charge, as defined in this section may be computed in relation to the buyer's balance in the account from time to time.

(h) "Retail installment contract" or "contract" means an agreement evidencing a retail installment transaction entered into in this state under which a buyer promises to pay in one or more deferred installments the time sale price of goods or services, or both. The term includes a chattel

mortgage, conditional sales contract, and a contract for the bailment or leasing of goods by which the bailee or lessee contracts to pay as compensation for its use a sum substantially equivalent to or in excess of its value and by which it is agreed that the bailee or lessee is bound to become, or for no further or a merely nominal consideration has the option of becoming, the owner of the goods upon full compliance with the provisions of the contract.

(i) "Cash sale price" means the price stated in a retail installment contract or in a sales slip or other memorandum furnished by a retail seller to a retail buyer under or in connection with a retail charge account agreement for which the seller would have sold or furnished to the buyer, and the buyer would have bought or obtained from the seller, the goods or services which are the subject matter of the retail installment transaction, if the sale had been a sale for cash. The cash sale price may include any taxes, registration, certificate of title, license, and official fees, and cash sale prices for services, if any, and for accessories and their installation and for delivery, servicing, repairing, or improving the goods.

(j) "Official fees" means the fees prescribed by law for filing, recording, or otherwise perfecting and releasing or satisfying any title or lien retained or taken by a seller in connection with a retail installment transaction.

(k) to (m) * * * [Same as parent volume.]

(n) "Sales finance company" means a person engaged, in whole or in part, in the business of purchasing retail installment contracts from one or more sellers. The term includes, but is not limited to, a bank, trust company, investment company, or savings and loan association, if so engaged. The term does not include a person who makes only isolated purchases of retail installment contracts, which purchases are not being made in the course of repeated and successive purchases of retail installment contracts from the same seller.

(o) and (p) * * * [Same as parent volume.]

(q) "Department" means the department of business regulation provided for in Title 82A, chapter 4.

(2) This act does not apply to the lending of money by banks or other lending institutions and securing loans by chattel mortgages of goods in the ordinary course of lending by those banks or other lending institutions. However, this act pertains to the extension of credit by those banks or other lending institutions under retail installment contracts or credit cards issued by those banks or other lending institutions.

History: En. Sec. 2, Ch. 282, L. 1959; amd. Sec. 1, Ch. 416, L. 1971; amd. Sec. 137, Ch. 431, L. 1975.

Amendments

The 1975 amendment inserted the subsection (1) designation; deleted "Morris Plan company" after "investment company" in subdivision (1)(n); substituted

the definition of "department" in subdivision (1)(q) for a former definition of "superintendent"; deleted former subdivision (1)(r); redesignated former subdivision (s) as subsection (2); and made minor changes in phraseology, punctuation and style. For prior version, see parent volume.

74-603. Licensing of sales finance companies required.

Compiler's Notes

Section 170, Ch. 431, Laws 1975, substituted

"department" in this section for "superintendent."

74-604. Denial, suspension, or revocation of licenses. (a) Renewal of a license originally granted under section 74-603 may be denied, or a license may be suspended or revoked by the department on the following grounds: (1) Material misstatement of fact in the application for license; (2) willful failure to comply with any provision of this act relating to retail installment contracts; (3) defrauding any retail buyer to the buyer's damage; (4) fraudulent misrepresentation, circumvention, or concealment by the licensee through subterfuge or device of any of the material particulars or the nature thereof required to be stated or furnished to the retail buyer under this act.

(b) If a licensee is a partnership, association, or corporation, it is sufficient cause for the suspension or revocation of a license that any officer, director, or trustee of a licensed association or corporation, or any member of a licensed partnership, has acted or failed to act so as to provide cause for suspending or revoking a license to that party as an individual. Each licensee is responsible for the acts of his employees while acting as his agent, if the licensee after actual knowledge of the acts retained the benefits, proceeds, profits, or advantage accruing from the acts or otherwise ratified the acts.

(c) A license may not be denied, suspended, or revoked, except after hearing. The department shall give the licensee at least ten (10) days' written notice, in the form of an order to show cause, of the time and place of the hearing by registered mail addressed to the principal place of business in this state of the licensee. The notice shall contain the grounds of complaint against the licensee. An order suspending or revoking a license shall recite the grounds upon which it is based. The order shall be entered upon the records of the department and is not effective until thirty (30) days after written notice has been forwarded by registered mail to the licensee at the principal place of business. No revocation, suspension, or surrender of a license impairs or affects the obligation of a lawful retail installment contract acquired previously by the licensee.

History: En. Sec. 4, Ch. 282, L. 1959; amd. Sec. 138, Ch. 431, L. 1975.

Amendments

The 1975 amendment substituted "under section 74-603" for "under this act" in subsection (a); substituted "department" for "superintendent" throughout the section; substituted "until thirty (30) days after written notice has been forwarded

by registered mail" for "until after thirty (30) days' written notice thereof given after such entry forwarded by registered mail" in subsection (c); deleted a subsection (d) which provided for review of an order of the superintendent; and made minor changes in phraseology, punctuation and style. For prior version, see parent volume.

74-605. Investigations and complaints. (a) The department may make those investigations it considers necessary and, to the extent necessary for this purpose, it may examine a licensee or any other person and may compel the production of relevant books, records, accounts, and documents.

(b) A retail buyer having reason to believe that this act relating to his retail installment contract has been violated may file with the department a written complaint setting forth the details of the alleged violation and the department, upon receipt of the complaint, may inspect the perti-

nent books, records, letters; and contracts of the licensee and retail seller involved.

History: En. Sec. 5, Ch. 282, L. 1959; amd. Sec. 139, Ch. 431, L. 1975.

Amendments

The 1975 amendment substituted "department" for references to the superin-

tendent of banks or his duly authorized representative; deleted "relating to such specific written complaint" from the end of the section; and made minor changes in phraseology and punctuation.

74-606. Powers of department. (a) The department shall adopt rules necessary to carry out the intent and purposes of this act. All rules of general application shall be filed in the office of the department. A copy of every rule shall be mailed to each licensee, postage prepaid, at least fifteen (15) days in advance of its effective date. However, the failure of a licensee to receive a copy of the rules does not exempt him from the duty of compliance with those rules lawfully adopted under the provisions of this section.

(b) The department may issue subpoenas to compel the attendance of witnesses and the production of documents, papers, books, records, and other evidence before it in any matter over which it has jurisdiction, control, or supervision pertaining to this act. The department may administer oaths and affirmations to a person whose testimony is required.

(c) If a person refuses to obey a subpoena, or to give testimony, or to produce evidence as required by it, a judge of the district court of the county in which the licensed premises are located may, upon application and proof of the refusal, issue a subpoena or subpoena duces tecum for the witness to appear before the department and to give testimony, and to produce evidence as required by it. The clerk of court shall then issue the subpoena, as directed, under the seal of the court, requiring the person to whom it is directed to appear at the time and place designated in it.

(d) If a person served with a subpoena refuses to obey it, or to give testimony, or to produce evidence as required by it, the department may apply to the judge of the court issuing the subpoena for an attachment against that person, as for a contempt. The judge, upon satisfactory proof of the refusal, shall issue an attachment, directed to any sheriff, constable, or police officer, for the arrest of that person, and upon his being brought before the judge, proceed to a hearing of the case. The judge may enforce obedience to the subpoena, and the answering of any question, and the production of any evidence that may be proper by a fine, not exceeding one hundred dollars (\$100), or by imprisonment in the county jail, or by both fine and imprisonment, and to compel the witness to pay the costs of the proceeding.

History: En. Sec. 6, Ch. 282, L. 1959; amd. Sec. 140, Ch. 431, L. 1975.

Amendments

The 1975 amendment substituted "department" for "superintendent" through-

out the section; deleted "and promulgate" after "adopt" at the beginning of subsection (a); deleted references to regulations after "rules" throughout the section; and made minor changes in phraseology and punctuation.

74-608. Finance charge limitation. (a) Notwithstanding the provisions of any other law, the finance charge included in a retail installment contract shall not exceed the following schedule:

(1) * * * [Same as parent volume.]

(2) As to any industrial or construction equipment primarily designed for or used in construction, logging, mining, or other industrial business, the price of which is over five thousand dollars (\$5,000)—nine dollars (\$9) per one hundred dollars (\$100) per year. This subsection shall not apply to agricultural equipment.

(3) As to services and goods other than as provided under subsections (1) and (2) above: (i) On so much of the principal balance as does not exceed three hundred dollars (\$300), eleven dollars (\$11), per one hundred dollars (\$100) per year; (ii) if the principal balance exceeds three hundred dollars (\$300), but is less than one thousand dollars (\$1,000), nine dollars (\$9) per one hundred dollars (\$100) per year on that portion over three hundred dollars (\$300); (iii) if the principal balance exceeds one thousand dollars (\$1,000), seven dollars (\$7) per one hundred dollars (\$100) per year on that portion over one thousand dollars (\$1,000).

(b) to (e) * * * [Same as parent volume.]

History: En. Sec. 8, Ch. 282, L. 1959; amd. Sec. 11-152, Ch. 264, L. 1963; amd. Sec. 2, Ch. 416, L. 1971; amd. Sec. 1, Ch. 252, L. 1975.

Amendments

The 1975 amendment inserted subdivision (a)(2); redesignated former subdivision (a)(2) as (a)(3); and substituted "other than as provided under subsections (1) and (2) above" for "other than motor vehicles" in the introductory clause of subdivision (a)(3).

Constitutionality

This act is constitutional both before and after the 1971 amendments making it applicable to revolving charge accounts; the finance charges permitted by this act are time price differentials included in the price of goods purchased on credit and payable in installments and as such are not subject to constitutional or statutory limitations on interest rates; the act is a codification of the time price doctrine; the act is not a special or local law regulating the rate of interest on money in violation of Art. V, Sec. 26 of the 1889

Constitution since the finance charges imposed pursuant to the act are time price differentials rather than interest and since there is a reasonable basis for the classification and different treatment of those involved in revolving charge transactions; the act does not grant special or exclusive privileges as prohibited by Art. V, Sec. 26 of the 1889 Constitution or interfere with the right to acquire property guaranteed by Art. III, Sec. 3 of the 1889 Constitution since the legislative classifications in the act are constitutionally permissible. *Cecil v. Allied Stores Corp.*, — M —, 513 P 2d 704.

Revolving Charge Account Sales

This act, prior to amendment in 1971, regulated only "closed end" retail installment contracts and not revolving charge accounts; retailer which imposed finance charges on revolving charge accounts on basis of balance from previous monthly billing cycle prior to 1971 amendment of this act was not in violation of this act since it was inapplicable. *Cecil v. Allied Stores Corp.*, — M —, 513 P 2d 704.

75-5907. Legislative intent to elect less than majority of trustees. It is the intention of the legislature that the terms of a majority of the trustee positions of any district with elected trustees shall not regularly expire and be subject to election on the same regular school election day. Compiler's Notes

This section was amended twice in 1973, once by Ch. 165 and once by Ch. 259.

Neither amendatory act mentioned or entirely incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

Chapter 165, Laws of 1973, changed the statutory reference in the first sentence from 75-5914 to 75-5914.1; and deleted "except that write-in voting shall not be available in a first class elementary district" from the end of the second paragraph.

Chapter 259, Laws of 1973, deleted the reference to section 75-5914 at the end

of the first sentence and made an additional deletion identical to that made by chapter 165.

Repealing Clause

Section 3 of Ch. 165, Laws 1973 read "Section 75-5914, R. C. M. 1947, is repealed."

Such person shall qualify by completing and filing an oath of office with the county superintendent not more than fifteen (15) days after the receipt of the certificate of election. After a person has qualified for a trustee position, he shall hold such position for the term of the position and until his successor has been elected or appointed and has been qualified.

If the elected person does not qualify in accordance with this requirement, a person shall be appointed in the manner provided by section 75-5918 and shall serve until the next regular election.

Any person who has been appointed to a trustee position shall qualify by completing and filing an oath of office with the county superintendent in not less than fifteen (15) days after receiving notice of his appointment. Failure to file the oath of office shall constitute a continuation of the trustee position vacancy which shall be filled under the provisions of this section.

DECISIONS UNDER FORMER LAW

Notice of Dismissal

Certified letter from chairman of school board to tenure teacher which informed teacher that termination of her services was deemed necessary due to a drop in enrollment of her class was legally sufficient as a notice; this section does not require that the notice contain a statement of appeal procedure. *Schweigert v. Teacher's Petition for Reconsideration of Termination

Teacher who failed to file petition for a formal hearing to reconsider termination until more than forty-five days after receiving notice of termination failed to file request in a timely manner and the right to a hearing under this section had expired; fact that board reaffirmed its decision forty days after receipt of original notification did not revive expired rights. *Schweigert v. Board of Trustees of Evergreen School Dist. No. 50*, — M —, 515 P 2d 85.

75-6105.1. Notification of nontenure teacher re-election. (1) The trustees shall provide written notice to all nontenure teachers who have been re-elected by the fifteenth day of April. Failure to so notify the trustees within twenty (20) days may be considered nonacceptance of the tendered position. The provisions of this section shall not apply to cases in which a nontenure teacher is terminated when the financial condition of the school district requires a reduction in the number of teachers employed and the reason for the termination is to reduce the number of teachers employed.

(2) When the trustees notify a nontenure teacher of termination, the teacher may within ten (10) days after receipt of such notice make written request of the trustees for a statement in writing of the reasons for termination of employment. Within ten (10) days after receipt of the request the trustees shall furnish such statement to the teacher.

Such contract shall be for a term of not more than three (3) years and, after the second successive contract, the contract shall be deemed to be renewed for a further term of one (1) year from year to year thereafter unless the trustees shall, by resolution passed by a majority vote of its membership, resolve to terminate the services of the district superintendent or the county high school principal at the expiration of his existing contract. The trustees shall take such termination action and notify the district superintendent or the county high school principal in writing of their intent to terminate his services at the expiration of his current contract not later than the first day of February of the last year of such contract.

75-6207. Method of financing. The retirement board shall establish and maintain the following funds in which all of the assets of the retirement system shall be credited according to the purpose for which the assets are held.

The annuity savings fund shall be a fund in which the contributions from the members to provide for their annuities shall be accumulated in individual accounts for each member. Contributions to and payments from the annuity savings fund shall be made in the following manner.

(a) Each employer shall deduct from the compensation of each active member on each and every payroll of such member for each and every payroll period subsequent to the date on which such member became a member an amount equal to six and one-eighth per cent ($6\frac{1}{8}\%$) of such member's earnable compensation, but no employer shall make any deductions for annuity purposes from the compensation of a member who has attained the age of sixty (60) and rendered thirty (30) years of creditable service if such member elects not to contribute.

(b) Such deductions shall be made notwithstanding that the minimum compensation provided by law for a member may be reduced thereby. Every member shall be deemed to consent and agree to the deductions prescribed by this section; and payment of salary or compensation less the deductions shall be a full and complete discharge of all claims whatsoever for the services rendered by such person during the period covered by such payment except as to the benefits provided by the retirement system.

(c) In addition to the contributions deducted from compensation and subject to the approval of the retirement board, any member may redeposit in the annuity savings fund by a single payment or by an increased rate of contribution an amount equal to the accumulated contributions plus interest in the amount the contributions would have earned had the contributions not been withdrawn, or any part thereof, which he had previously withdrawn. The accumulated contributions of a member withdrawn by him, or paid to his estate or to his designated beneficiary in event of his death shall be paid from the annuity savings fund, and an amount equivalent to the difference between the accumulated contributions calculated at regular interest and the amount paid shall be transferred to the pension accumulation fund. Upon the retirement of a member his accumulated contributions shall be transferred from the annuity savings fund to the annuity reserve fund.

(2) * * * [Same as parent volume.]

(3) Pension accumulation fund. The pension accumulation fund shall be the fund in which shall be accumulated all reserves for the payment of all pensions and from which pensions and benefits in lieu thereof shall be paid to or on account of beneficiaries credited with prior service. Contributions to and payments from the pension accumulation fund shall be made as follows:

(a) Each employer shall pay into the pension accumulation fund an amount equal to six and one-fourth per cent ($6\frac{1}{4}\%$) of the earnable compensation of each member employed during the whole or part of the preceding payroll period.

(b) to (d). * * * [Same as parent volume.]

(e) All interest and other earnings realized on the moneys of the retirement system shall be credited to the pension accumulation fund and the amounts required to allow regular interest on the annuity savings fund, and the annuity reserve fund shall be transferred to the respective funds from the pension accumulation fund.

(f) All pensions and benefits in lieu thereof, including pensions payable under section 75-6218, shall be paid from the pension accumulation fund.

(g) The retirement board may in its discretion transfer to and from the pension accumulation fund the amount of any surplus or deficit which may develop in the reserve creditable to the annuity reserve fund, as shown by actuarial valuation, and also such expenses as hereinafter provided.

(4) Expense fund. The expense fund shall be the fund to which shall be credited all moneys for the administrative expenses of the retirement system and from which the expenses of administration of the retirement system shall be paid exclusive of amounts payable as retirement allowances or other benefits. The retirement board shall determine annually the amount required for the expense fund to defray the administrative expense in the ensuing fiscal year and shall credit such an amount to the expense fund from interest and other earnings realized on the moneys of the retirement system.

reserve fund, for text of which see parent volume; renumbered subsection (5) as (4); deleted a subdivision (5)(a) requiring an annual payment of \$1.00 per member for the expense fund; and made minor changes in style and phraseology.

75-6208. Benefits. The retirement, disability and other benefits of the retirement system shall be granted on the basis of the following provisions:

(1) Superannuation member retirement:

(a) Any member with five (5) years of creditable service the last five (5) years of which shall have been in this state, and who has attained the age of sixty (60), or who has completed thirty (30) years of creditable service, may retire from service, if he files with the retirement board his written application setting forth the fact of his retirement.

(b) * * * [Same as parent volume.]

(c) Any retired member may be employed as a part-time or substitute teacher in Montana and may earn an amount not to exceed one-fourth (¼) of his average final compensation without loss of retirement benefits.

(2) Allowance for superannuation retirement. Upon superannuation retirement a member shall receive a retirement allowance which shall consist of:

(a) A pension which, together with an annuity, shall provide a retirement allowance equal to one-half ($\frac{1}{2}$) of his average final compensation provided his creditable service is at least thirty (30) years, otherwise a pension together with his annuity of one sixtieth ($\frac{1}{60}$) of his average final compensation multiplied by the number of years of creditable service.

(b) The minimum annual retirement allowance for a member who has completed thirty (30) or more years of service shall be twenty-four hundred dollars (\$2,400) and the minimum retirement allowance for a member whose service is less than thirty (30) years shall be based on the proportionate amount of twenty-four hundred dollars (\$2,400) that his service bears to thirty (30) years of service.

(c) On July 1, 1975, and July 1, 1976, every beneficiary receiving a retirement allowance shall be entitled to an increase in his monthly retirement allowance of one-fourth of one per cent (.25%) multiplied by the number of months he has been retired during the preceding fiscal year.

(d) Any member who has completed five (5) years of creditable service, the last five years of which shall have been in this state, and who has attained the age of fifty-five (55) may retire from service and be eligible to an early retirement allowance if he files with the retirement board his written application setting forth the fact of his retirement. The early retirement allowance shall be determined as prescribed in subsections (a) through (f) above, with the further provision that such allowance will be reduced by one half of one per cent (.5%) multiplied by the number of months which the retirement date precedes the date on which he would have retired had he attained sixty (60) years of age or had he completed thirty (30) years of creditable service.

(e) In the event of death of a member after retirement, a death benefit of five hundred dollars (\$500) will be payable to his designated beneficiary.

(f) In the event payments made to an annuitant do not equal the amount of the member's accumulated contributions prior to the annuitant's death, the difference between the total retirement allowance paid and the amount of the accumulated contributions shall be paid to the beneficiary.

(3) Disability member retirement:

(a) Upon the application of an active member or of his employer, any active member who has five (5) or more years of creditable service may be retired by the retirement board the month immediately following the month in which his disability caused his retirement upon filing an application for a disability retirement allowance. Before any member shall be eligible for a disability retirement, the board of the retirement system shall certify that he is mentally or physically incapacitated for the further performance of his duties, that such incapacity is likely to be permanent and that he should be retired.

(b) Re-examination of beneficiaries retired on account of disability. Once each year during the first five (5) years following the retirement of

a member on disability retirement allowance, and once in every three (3) year period thereafter the retirement board may, and upon his application shall, require a disability beneficiary who has not yet attained the age of sixty (60) to undergo a medical examination by the medical board or a physician or physicians designated by the medical board. The examination shall be made at the place of residence of the beneficiary or other place mutually agreed upon. Should any disability beneficiary who has not yet attained the age of sixty (60) refuse to submit to at least one (1) medical examination in any year by the medical board or its representative, his allowance may be discontinued until his withdrawal of such refusal, and should his refusal continue for one (1) year, all his rights in and to his disability pension may be revoked by the retirement board.

(c) Should the medical board report and certify to the retirement board that any disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference between his retirement allowance and his average final compensation and should the retirement board concur in such report, then the amount of his pension shall be reduced to an amount which, together with his annuity and the amount earnable by him, shall equal the amount of his average final compensation. Should his earning capacity be changed later, the amount of his pension may be further modified but the new pension shall not exceed the amount of the pension originally granted, nor an amount which when added to the amount earnable by the beneficiary, together with his annuity, equals the amount of his average final compensation. A beneficiary restored to active service at a salary less than the average final compensation upon the basis of which he was retired shall not become a member of the retirement system while receiving a reduced benefit.

(d) Should a disability beneficiary under age sixty (60) be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, and he shall again become an active member of the retirement system. Any prior service certificate on the basis of which his service was computed at the time of his disability retirement shall be restored to full force and effect an addition upon his subsequent retirement, and he shall be credited with all his subsequent service as a member. Should he be restored to active service on or after the attainment of the age of fifty-five (55) years, his pension upon subsequent retirement shall not exceed the pension that he would have received had he remained in service during the period of his previous retirement nor the sum of the pension which he was receiving immediately prior to his last restoration to service and the pension that he would have received on account of his service since his last restoration had he entered service at that time as a new member.

(4) Allowance for disability retirement. Upon retirement for disability, a member shall receive a superannuation allowance prescribed under subsection (2) above if he is eligible; otherwise he shall receive a disability retirement allowance which shall consist of:

(a) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of retirement.

(b) A pension which together with his annuity, shall provide a total retirement allowance equal to one sixtieth ($1/60$) of his average final compensation multiplied by the number of years of his creditable service, if such retirement allowance exceeds one-quarter ($1/4$) of his average final compensation; otherwise, a pension which, together with his annuity, shall provide a total retirement allowance equal to one-quarter ($1/4$) of his average final compensation, provided, however, that no such allowance shall exceed one sixtieth ($1/60$) of his average final compensation multiplied by the number of years which would be creditable to him were his service to continue until the attainment of the minimum age for superannuation retirement.

(c) * * * [Same as parent volume.]

(5) Withdrawal of accumulated contributions. Any inactive member electing to do so or any person whose membership terminates may withdraw his accumulated contributions to his annuity account in the retirement system in accordance with the following provisions:

(a) * * * [Same as parent volume.]

(b) Upon recovery from a disabling illness or separation from the armed forces, any person qualifying as an inactive member under the provisions of subsection (2) of section 75-6210 may withdraw his accumulated contributions unless he returns to active membership.

(c) Any person whose membership terminates under the provisions of subsection (4) of section 75-6211 may withdraw his accumulated contributions.

(6) Allowances for death of member.

(a) * * * [Same as parent volume.]

(b) In lieu of benefits provided in (a) above, if the deceased member had qualified by reason of service for a retirement benefit, the beneficiary nominated by the deceased member may elect to receive a monthly life annuity. The monthly life annuity shall be determined as prescribed in subsections (2)(a) through (2)(h) assuming the member had elected option A as prescribed in subsection (7)(a) below. In addition, if the deceased member had five (5) or more years of creditable service and was an active member in the state of Montana within one (1) year prior to his death, a lump sum death benefit of \$500 will be payable to his designated beneficiary.

(c) If the deceased member had five (5) or more years of creditable service and was an active member in the state of Montana within one (1) year prior to his death, the sum of one hundred dollars (\$100) per month shall be paid to each minor child of the deceased member until such child reaches his eighteenth (18th) birthday.

(7) Optional allowances. With the provision that no optional selection shall be effective in case a beneficiary dies within thirty (30) days after retirement, and that such a beneficiary shall be considered as an active member at the time of his death; until the first payment on account of any benefit becomes normally due, any member may elect to receive his benefit in a retirement or disability allowance payable throughout life as hereinabove provided. This benefit shall be referred to as the normal

form of retirement allowance. In lieu of normal form of retirement allowance, the member may elect an optional allowance which would be the actuarial equivalent at the time of his retirement or disability allowance and would provide an allowance payable throughout his lifetime and upon his death continue to such person as he shall nominate by written designation duly acknowledged and filed with the retirement board at the time of his retirement with the provision that:

(a) Option A. The optional allowance will continue to the member during his lifetime and upon his death, continue throughout the lifetime of his designated beneficiary; or

(b) Option B. The optional allowance will continue throughout his lifetime and upon his death, one-half ($\frac{1}{2}$) of his optional allowance will be continued throughout the lifetime of his designated beneficiary; or

(c) Option C. The optional benefit will continue throughout his lifetime and upon his death, two-thirds ($\frac{2}{3}$) of the optional allowance shall be continued throughout the lifetime of his designated beneficiary; or

(d) Option D. The optional allowance shall continue while both the member and his designated beneficiary are living and upon the death of either, one-half ($\frac{1}{2}$) of the optional allowance shall be continued throughout the lifetime of the survivor; or

(e) Option E. The optional allowance will be payable while both the member and his designated beneficiary are living and upon the death of either, two-thirds ($\frac{2}{3}$) of the optional allowance shall be continued throughout the lifetime of the survivor; or

(f) Option F. Some other benefit or benefits shall be paid either to the member or his surviving designated beneficiary. The provisions of this retirement allowance shall be approved by the retirement board.

In order to receive such creditable service, he shall apply for it and provide certification of such service. The retirement board shall determine the amount of creditable service to be awarded, if any, and issue a prior service certificate.

75-6316. High school tuition. Any child may be enrolled in and attend a high school outside of the county in which he resides when such high school is located in any county of the state of Montana or in a county of another state that is adjacent to the state of Montana. When a parent or guardian of a child wishes to have his child attend a school under the provisions of this section, he shall apply to the county superintendent of the county of his residence before the first day of July of the school fiscal year for which he seeks approval except in those cases when substantial changes in circumstances occurred subsequently to justify later application. Such application shall be made on a tuition agreement form supplied by the county superintendent and shall be approved by the trustees of the district where the child wishes to attend school and the county superintendent of the child's county of residence before permission to enroll in and attend a school outside of the county under the provisions of this section shall be granted.

The county superintendent shall approve a tuition application when a child lives closer to a high school of another county than any high school located within his resident county or, when due to road or geographic conditions, it is impractical to attend a high school in his resident county. In approving such a tuition application the county superintendent is not required to approve a tuition application for a student seeking to attend a high school outside the state of Montana if the resident district provides transportation. In approving a tuition agreement under this provision, the county superintendent may require the child to attend the high school closest to his residence. The county superintendent may approve any other tuition application that satisfies the geographic requirements of this section.

The trustees of the district where the child wishes to attend school shall approve or disapprove any tuition application submitted to them under the provisions of this section within fifteen (15) days after the receipt of the application.

The county superintendent shall notify the parent or guardian, and the trustees of the district where the child wishes to attend school of the tuition agreement approval or disapproval. If a tuition agreement is

disapproved by the county superintendent, the parent may appeal such disapproval to the county superintendent for his reconsideration and, subsequently, to the superintendent of public instruction under the provision for the appeal of controversies in this title. The approval of any tuition agreement by the approval agents or upon appeal shall authorize the child named in such agreement to enroll in and attend the school named in such agreement for the ensuing school fiscal year.

- (c) the amount, if any, of each pupil's tuition payment that the trustees, in their discretion, shall have the authority to waive; and
- (d) the rate of current school fiscal year tuition, as determined under the provisions of this section. When the county superintendent receives a tuition report from a district, he shall immediately send the reported information to the county superintendent of each county in which the reported pupils reside.

When the county superintendent of any county receives a tuition report or reports for high school pupils residing in his county and attending an out-of-county high school under approved tuition agreements, he shall determine the total amount of tuition due such out-of-county high schools on the basis of the following per pupil schedule: the rate of tuition, number of pupils attending under an approved tuition agreement and other information provided by each high school district where resident county pupils have attended school.

The total amount of the high school tuition with consideration of any tuition waivers, shall be financed by the county basic special tax for high schools as provided in section 75-6914.

75-6516. Transfer of territory from one elementary district to another.

A majority of the electors of any elementary district, who are qualified to vote under the provisions of section 75-6410 and who reside in territory which is a part of an elementary district, may petition the county superintendent to transfer such territory to another elementary district when:

(1) such territory is contiguous to the district to which it is to be attached;

(2) such territory is not located within three miles, over the shortest practical route, of an operating school of the district from which it is to be detached; and

(3) the transfer of such territory will not reduce the taxable value of the district to less than one hundred thousand dollars (\$100,000) unless the remaining territory of the district will contain not less than fifty thousand (50,000) acres of nontaxable Indian land.

The petition shall be addressed to the county superintendent and shall describe the territory that is requested to be transferred and to what district it is to be transferred, state the reasons why such transfer is requested and state the number of elementary school-age children residing in such territory.

On receipt of a valid petition for a territory transfer, the county superintendent shall file such petition, set a hearing place, date, and time for consideration of the petition that is not more than forty (40) days after receipt of the petition and give notice of the place, date, and time of the hearing. The notices shall be posted in the districts affected by the request in the manner prescribed in this title for school elections, with at least one such notice posted in the territory to be transferred.

The county superintendent shall conduct the hearing as scheduled, and any resident or taxpayer of the affected districts shall be heard. If the county superintendent shall deem it advisable and in the best interests of the residents of such territory, he shall grant the petitioned request and order the change of district boundaries to coincide with the boundary description in the petition. Otherwise, he shall, by order, deny the request. Either of the orders shall be final thirty (30) days after its date unless it is appealed to the board of county commissioners by a resident or taxpayer of either district affected by the territory transfer. The decision of the board of county commissioners, after a hearing on such matter and consideration of the material presented at the county superintendent's hearing, shall be final thirty (30) days after its date unless a petition to submit the question to a vote of the people in the district from which the land is to be transferred, which has been signed by a majority

of the electors of the district who reside in the territory to be transferred and who are qualified to vote in elections for that district under section 75-6410, R. C. M. 1947, is presented prior to that time. When a petition is submitted under this subsection, the question of whether the land shall be transferred to another district shall be put before the voters at the next regular school election in the affected district.

Whenever a petition to transfer territory from one elementary district to another elementary district would create a joint elementary district or affect the boundary of an existing joint elementary district, the petition shall be presented to the county superintendent of the county where the territory is located. Such county superintendent shall notify any other county superintendents of counties with districts affected by such petition and the duties prescribed in this section for the county superintendent and the board of county commissioners shall be performed jointly by such county officials.

A county superintendent of schools shall, at least once every three (3) years, review the existing elementary school district boundaries in the county. This review and any recommended boundary changes shall be presented by the superintendent at a hearing conducted under section 75-6516. Such high school district boundary change shall be a transfer of all the territory located in another county's portion of the same joint elementary district. No such boundary change shall be made when:

(1) the territory transfer would reduce the taxable value of the taxable property of another high school district to less than one million dollars (\$1,000,000); or

(2) a portion of the territory to be transferred is less than three (3) miles from an operating, accredited high school located in another high school district.

After the new district has operated a school for one (1) month, the county superintendent shall order the county treasurer to transfer the cash to which the new district is entitled to the credit of the fund of the new district which corresponds with the fund from which it was transferred. When an application is approved, the county superintendent shall submit such application to the superintendent of public instruction before the first day of June. The superintendent of public instruction shall approve or disapprove such application for isolated classification by the fourth Monday of June on the basis of the information supplied by the application or objective information the superintendent of public instruction may collect on his own initiative. Compiler's Notes

This section was amended twice in 1973, once by Ch. 137 and once by Ch. 366. Neither amendatory act mentioned or incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

Chapter 137, Laws of 1973, deleted

from subdivision (5) a final sentence reading: "Any elementary district that fails to submit the annual report by the time required shall not be entitled to receive any apportionment of the state interest and income moneys and such forfeit in money shall be apportioned to the other elementary districts of the county."

Chapter 366, Laws of 1973, deleted "excepting payments under employee contracts" from the beginning of subdivision (2); deleted "by the written approval of claims for such expenditures" following "district moneys" in subdivision (2); and substituted "lawful obligations" for "approved claims and payments under employee contracts" at the end of subdivision (2).

The 1975 amendment rewrote subdivision (4) which read: "invest any moneys of the district in accordance with subsection (2) of section 16-2050 or subsec-

tion (8) of section 16-2618, R. C. M., 1947, whichever is applicable, whenever in the judgment of the trustees such investment would be advantageous to the district."

75-6808. Pecuniary interests, letting contracts and calling for bids, under certain circumstances. It shall be unlawful for any trustee to (1) have any pecuniary interest, either directly or indirectly, in the erection of any school building, or for warming, ventilating, furnishing, or repairing the same, or (2) be in any manner connected with the furnishing of supplies for the maintenance and operation of the schools, or (3) be employed in any capacity by the school district of which he is trustee.

Whenever the estimated cost of any building, furnishing, repairing or other work for the benefit of the district, or purchasing of supplies for the district, exceeds the sum of four thousand dollars (\$4,000.00), the work done, or the purchase made shall be by contract. Each such contract must be let to the lowest responsible bidder after advertisement for bids. Such advertisement shall be published in the newspaper which will give notice to the largest number of people of the district as determined by the trustees. Such advertisement shall be made once each week for two consecutive weeks and the second publication shall be made not less than five (5) days nor more than twelve (12) days before consideration of bids. Any contract not let pursuant to this section shall be void.

In all cases where bidding is required, the trustees shall award the contract to the lowest responsible bidder except that the trustees shall have the right to reject any or all bids.

With regard to contracting for work or supplies, the board of trustees of a community college district shall be subject to the provisions of section 75-8118.

75-6808.1. Prohibition on division of contracts to circumvent bid requirement. Whenever any law of this state provides a limitation upon the amount of money that a school district can expend upon any public work or construction project without letting such public work or construction project to contract under competitive bidding procedures, a school district shall not circumvent such provision by dividing a public work or construction project or quantum of work to be performed thereunder which by its nature or character is integral to such public work or construction project, or serves to accomplish one of the basic purposes or functions thereof, into several contracts, separate work orders or by any similar device. This section shall apply not only where the public work or construction project is divided into several projects which are constructed at approximately the same period of time, but also where the public work or construction project is divided into several projects which

are constructed in different time periods or over an extended period of time.

Title of Act

An act to amend section 75-6808, R. C.

M. 1947, to allow all classes of school districts to contract without letting bids for less than four thousand dollars (\$4,000).

75-6809. Entering appropriations on accounting records of county treasurer. When the county treasurer receives the final budgets of the districts from the county superintendent, he shall open a fund for each budgeted fund included on the final budget of each district by entering the amount appropriated for the fund on his accounting record.

Whenever the county treasurer receives a final emergency budget for a district from the county superintendent, he shall increase the amount of the regularly adopted final budget by the amount of the emergency budgeted fund included on the final emergency budget.

History: En. 75-6809 by Sec. 245, Ch. 5, L. 1971; amd. Sec. 1, Ch. 241, L. 1973.

Amendments

The 1973 amendment substituted "the fund" for "each item" near the end of the first paragraph; substituted "increase

the amount" for "increase the item appropriations" in the middle of the second paragraph; and deleted "budget appropriations for each item of each" following "amount of the emergency" near the end of the second paragraph.

75-6809.1. Documentation of expenditures. The expenditure of district moneys, other than employee contract payments, may be authorized by the trustees when:

(1) payee signed claims, wherein the payee attests to the accuracy of the claim and that he has not received the claimed amount, have been issued to the district or

(2) the payee has provided the district with an invoice or other document identifying the quantity and total cost per item included on the invoice.

The intention of this section is to provide sufficient documentation for each expenditure of district moneys.

History: En. Sec. 1, Ch. 366, L. 1973.

Title of Act

An act deleting the requirement that

school districts have signed claims for an expenditure when adequate documentation is provided by the payee; and amending section 75-6806, R. C. M. 1947.

75-6810. Procedure for issuance of warrants. The trustees of each district shall issue all warrants and the warrants shall identify:

(1) to (3). * * * [Same as parent volume.]

Any warrant issued by a district shall be countersigned by the chairman of the trustees and the clerk of the district before the warrant shall be negotiable. Facsimile signatures may be used in accordance with the provisions of chapter 13 of Title 59, R.C.M., 1947, provided that the facsimile signature device shall not be available to the other countersigner of the warrant.

The trustees shall issue warrants in single copy or in triplicate copy. When the warrants are issued in single copy, the trustees shall immediately provide a listing of the issued warrants on a fund-by-fund basis to the

county treasurer and retain a copy of the listing in the district accounting records. When the warrants are issued in triplicate, the original copy of the warrant shall be delivered to the payee; the duplicate shall be sent immediately to the county treasurer; and the triplicate shall be retained by the district for accounting record purposes. The duplicate and triplicate copies shall be identified on the face of the warrant as "Not Negotiable—Copy of Original."

However, the trustees may elect to issue warrants in payment of wages and salaries on a direct deposit basis to the employee's account in a local bank, provided the consent of the employee has been obtained and the employee is given an itemized statement of payroll deductions for each pay period.

History: En. 75-6810 by Sec. 246, Ch. 5, L. 1971; amd. Sec. 1, Ch. 341, L. 1971; amd. Sec. 2, Ch. 241, L. 1973.

Amendments

The 1973 amendment deleted "in triplicate" following "all warrants" in the

preliminary clause; and inserted the first and second sentences and "When the warrants are issued in triplicate" at the beginning of the third sentence in the second paragraph after the numbered subdivisions.

75-6811. Recording and payment of warrants by county treasurer. Immediately after receiving a duplicate warrant or a warrant listing from a district, the county treasurer shall enter the amount and number of such warrant on his accounting records under the fund identified on such warrant or listing. The recording of the warrants shall allow for the computation of the unexpended amount of a budgeted fund from the accounting records.

Whenever it appears to the county treasurer that a budgeted fund is so nearly exhausted that the issuance of another warrant will cause the overexpenditure of such budget, the county treasurer shall immediately notify the appropriate district of the expended condition of the budget and the district shall not issue another warrant against such fund that would overexpend the budget.

After receiving a duplicate warrant or warrant listing that contains a warrant which will exceed the unexpended balance of a budgeted fund, the county treasurer shall immediately notify the district of such overdraft. If the district has not corrected the overdraft before the presentation of the warrant for payment, the county treasurer shall refuse to pay or register such warrant, and shall endorse across the face of such warrant "Payment and Registration Refused, Insufficient Budget" and return the warrant to the person presenting it for payment.

Whenever a warrant will overexpend the cash balance of a nonbudgeted fund, the county treasurer shall refuse to pay or register such warrant, and shall endorse across the face of such warrant "Payment and Registration Refused, Insufficient Funds" and return the warrant to the person presenting it for payment. The county treasurer shall immediately notify the district of such refusal to pay or register the warrant drawn on a nonbudgeted fund.

75-6811.1. Cancellation of outstanding warrants—duplication. The trustees of any school district shall be authorized to cancel any warrant that has been issued for at least one (1) year. However, the contractual obligation of the district that has been satisfied by the issuance of the warrant shall not be terminated until the time specified by section 93-2603 has elapsed. When a warrant has been canceled and the obligation has not terminated under section 93-2603, the district may issue a duplicate warrant without the completion of an indemnity bond by the payee.

75-6812. Transfer among appropriation items of a fund. Whenever it appears to the trustees of any district that the appropriated amount of any item of a budgeted fund of the final budget or the emergency budget is in excess of the amount actually required during the school fiscal year for such appropriation item, the trustees may transfer any or all of the excess appropriation amount to any other appropriation item of the same budgeted fund.

Such transfers shall not be made between different funds of the same district or between similar funds of different districts except as specifically provided by this title. The trustees shall enter the authorized transfers upon the permanent records of the district.

75-6816. Procedures pursuant to awarding a contract for architectural services. The trustees of a school district shall adhere to the following procedure in awarding a contract for architectural services when such services are required:

(1) Interview representatives of at least three (3) certified architectural firms, provided that at least three (3) such firms apply, after advertising that interviews will be conducted for the purpose of procuring architectural services. The advertisements shall be published in a newspaper of general state-wide circulation at least twice each week for three (3) consecutive weeks, or no less than two (2) times in the semimonthly publication of the Montana state department of administration that provides for the state-wide announcement of projects requiring professional services. The advertisements shall include a description of the proposed work for which architectural services are needed. Following a reasonable time period after all interested firms have notified the trustees of their interest, the trustees shall give reasonable public notice of the schedule of interviews. These interviews shall be open to the public.

(2) During each interview, the trustees shall:

(a) review current statements of the qualifications and past performance records of the firm, as provided by the firm;

(b) conduct discussions with the firm regarding anticipated concepts and the relative merits of alternative methods for furnishing the required services;

(c) consider questions and testimony from the public;

(d) consider or request any other information of the firm which they, the trustees, deem relevant.

The trustees may interview all firms together or separately.

(3) Upon completion of the interviews, and after a reasonable time period, the trustees shall give reasonable public notice of their tentative selection of a firm.

(4) The trustees shall select one (1) firm from those interviewed and shall give reasonable public notice of their final selection.

(5) The trustees shall give reasonable public notice of and hold a public meeting to consider any questions and testimony from the public regarding the architectural services to be performed.

(6) For the purposes of this act, "reasonable public notice" means a notice or advertisement published in a newspaper or newspapers that will give notice to the largest number of people in the district as determined by the trustees; and "reasonable time period" means a time between public meetings and public notices sufficient to allow the public to be cognizant of such events as determined by the trustees.

History: En. 75-6816 by Sec. 2, Ch. 370, L. 1975.

75-6817. Negotiation of fees. After selecting a firm, the trustees shall negotiate with the selected firm a fair and reasonable fee for the architectural services as described by the school district's scope of the work. In the event the trustees and the firm are unable to negotiate a fair and reasonable fee, the trustees may select another firm, provided the trustees again give reasonable public notice of their selection.

History: En. 75-6817 by Sec. 3, Ch. 370,
L. 1975.

75-6818. Tentative and final proposals—public meetings. Following the awarding of the contract, the trustees shall meet as often as necessary with the architectural firm to review the firm's plans and proposals. At least two (2) of these meetings, one (1) to review the firm's preliminary plans and one (1) to review the firm's final proposals, shall be public meetings held after the trustees have given reasonable public notice. At these meetings, the trustees shall consider any questions and testimony from the public.

Upon the breach or violation of this prohibition, the trustees shall have the right to terminate the agreement without liability and, at their discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, gift, or consideration.

(2) Any individual, corporation, partnership, firm, or company, other than a bona fide full-time employee, is prohibited from offering, agreeing, or contracting to solicit or secure school district contracts for architectural services for any other individual, company, corporation, partnership, or firm.

Constitutionality

Although enacted in anticipation of constitutional change, this statute did not become effective until after the effective

date of the new constitution, and is therefore constitutionally valid. State ex rel. Woodahl v. Straub, — M —, 520 P 2d 776.

75-6902. Definition and calculation of average number belonging (ANB). The term "average number belonging" or "ANB" shall mean the average number of regularly enrolled, full-time pupils attending the public schools of a district. Average number belonging shall be computed by determining the total of the aggregate days of attendance by regularly enrolled, full-time pupils during the current school fiscal year plus the aggregate days of absence by regularly enrolled, full-time pupils during the current school fiscal year, and by dividing such total by one hundred eighty (180). Attendance for a part of a morning session or a part of an afternoon session by a pupil shall be counted as attendance for one-half ($\frac{1}{2}$) day. In calculating the ANB for pupils enrolled in a program established under section 75-7507 prior to January 1, 1974, or pursuant to section 75-7507 (1), attendance at, or absence from, a regular session of the program for at least two hours of either a morning or an afternoon session will be

counted as one-half ($\frac{1}{2}$) of a day attended or absent as the case may be. If a variance has been granted as provided in section 75-7403, ANB will be computed in a manner prescribed by the superintendent of public instruction but in no case shall the ANB exceed one-half ($\frac{1}{2}$) for each kindergarten pupil. When any pupil has been absent, with or without excuse, for more than ten (10) consecutive school days, including pupil instruction related days, his absence after the tenth (10th) day of absence shall not be included in the aggregate days of absence and his enrollment in the school shall not be considered in the calculation of the average number belonging until he resumes attendance at school.

If a student spends less than half his time in the regular program and the balance of his time in school in the special education program, he shall be considered a full-time special pupil but shall not be considered regularly enrolled for ANB purposes. If a student spends half or more of his time in school in the regular program and the balance of his time in the special education program he shall be considered regularly enrolled for ANB purposes.

The average number belonging of the regularly enrolled, full-time pupils for the public schools of a district shall be calculated, individually, for each school except that when:

(1) * * * [Same as parent volume.]

(2) a junior high school which has been approved and accredited as a junior high school is located within the incorporated limits of a city or town in which a high school is located, all of the regularly enrolled, full-time pupils of the junior high school shall be considered as high school district pupils for the purposes of calculating the average number belonging of the high schools located within the incorporated limits of such city or town;

(3) a middle school has been approved and accredited, in which case pupils below the seventh grade shall be considered elementary school pupils for ANB purposes, and the seventh and eighth grade pupils shall be considered high school pupils for ANB purposes; or

(4) a school has not been accredited by the board of public education, the regularly enrolled, full-time pupils attending the nonaccredited school shall not be eligible for average number belonging calculation purposes, nor will an average number belonging for the nonaccredited school be used in determining the foundation program for such district.

When eleventh or twelfth grade students are regularly enrolled on a part-time basis, high schools may calculate the ANB to include an "equivalent ANB" for those students. The method for calculating an equivalent ANB shall be determined in a manner prescribed by the superintendent of public instruction.

Compiler's Notes

This section was amended three times in

1974, once by Ch. 343, once by Ch. 352, and once by Ch. 373. The amendatory acts did not mention or incorporate the changes made by the others. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by all amendments.

Amendments

The 1973 amendment inserted the fourth sentence in the first paragraph; and deleted a final paragraph permitting the inclusion of six-year-old kindergarten pupils in computing ANB.

Chapter 343, Laws of 1974, inserted the second paragraph pertaining to students enrolled in the regular program and in the special education program.

Chapter 352, Laws of 1974, inserted subdivision (3) pertaining to middle schools; redesignated former subdivision (3) as

subdivision (4); and substituted "board of public education" for "board of education" in subdivision (4).

Chapter 373, Laws of 1974, inserted in the first paragraph the sentence pertaining to computations where a variance has been granted as provided in section 75-7403.

The 1975 amendment added the last paragraph pertaining to equivalent ANB for eleventh or twelfth grade students regularly enrolled on a part-time basis in high schools.

75-6903. Circumstances under which the regular average number belonging may be increased. The average number belonging of a school for a given school fiscal year, calculated in accordance with the ANB formula prescribed in section 75-6902, may be increased when:

(1) to (3). * * * [Same as parent volume.]

(4) a district anticipates an unusual enrollment increase in the ensuing school fiscal year. The increase in average number belonging shall be based on estimates of increased enrollment approved by the superintendent of public instruction and shall be computed in the manner prescribed by section 75-6904;

(5) for the initial year of operation of a program established under section 75-7507 (1), the ANB to be used for budget purposes is the same as one-half ($\frac{1}{2}$) the number of five (5) year old children residing in the district as of October 1 of the preceding school year, either as shown on the official school census, or as determined by some other procedure approved by the superintendent of public instruction;

(6) a special full-time pupil, as defined in section 75-6902, in a given school year will no longer be considered a special full-time pupil in the ensuing school year. The superintendent of public instruction may grant one ANB for such pupil for the ensuing school year; or

(7) a high school district provides early graduation for any student who completes graduation requirements in less than eight (8) semesters or the equivalent amount of secondary school enrollment. The increase shall be established by the trustees as though the student had attended to the end of the school year and shall be approved, disapproved, or adjusted by the superintendent of public instruction.

History: En. 75-6903 by Sec. 253, Ch. 5, L. 1971; amd. Sec. 4, Ch. 345, L. 1973; amd. Sec. 2, Ch. 343, L. 1974; amd. Sec. 1, Ch. 141, L. 1975.

Amendments

The 1973 amendment added the provisions of subdivision (5).

The 1974 amendment deleted former subdivision (4) relating to allowable increase in the average number belonging in a dis-

trict conducting a special education class or program; redesignated former subdivision (6) as (5); added subdivision (6); and made minor changes in phraseology and punctuation.

The 1975 amendment added the provisions of subdivision (7).

Effective Date

Section 5 of Ch. 345, Laws 1973 read "This act is effective on July 1, 1974."

75-6904. Procedures for determining eligibility and amount of increased average number belonging due to unusual enrollment increase. A district which anticipates an unusual increase in enrollment in the ensuing school

fiscal year, as provided for in subsection (5) of section 75-6903, may increase its foundation program for the ensuing school fiscal year in accordance with the following provisions:

(1) The average number belonging used for the establishment of the foundation program for the current year and for each year of the immediately preceding three (3) years shall be used to calculate the percentage increase or decrease in average number belonging for the current year's foundation program over the immediately preceding year, and similarly calculate the percentage increase or decrease in average number belonging for each of the two preceding years. The three (3) annual percentage increases or decreases shall be averaged to obtain the average annual percentage increase or decrease in average number belonging.

(2) The district shall estimate the current year's average number belonging by totaling the aggregate days of attendance and aggregate days of absence realized in the district through April 30 and dividing such total by one hundred eighty (180). The resulting average number belonging shall be increased by the ratio that the total number of planned school days in the current school fiscal year bears to the number of school days completed through April 30.

(3) and (4). *** [Same as parent volume.]

(5) The budget board shall review the application to determine if the district is eligible for an increase in its foundation program. The budget board may accept, reject, or adjust the district's estimate of the ensuing year's average number belonging. After approving an estimate, the budget board shall:

(a). *** [Same as parent volume.]

(b) approve an increase of the average number belonging used to establish the ensuing year's foundation program in accordance with subsection (7) if the increase in subsection (5) (a) above is at least twice the average annual percentage increase as provided in subsection (1) above or six per cent (6%) whichever is larger.

(6) and (7). *** [Same as parent volume.]

History: En. 75-6904 by Sec. 254, Ch. 5, L. 1971; amd. Sec. 1, Ch. 113, L. 1973.

Amendments

from the beginning of subsection (2); deleted "as provided in subsection (1) above and to determine if the estimate of the anticipated increase in average number belonging is substantiated" from the first sentence in subsection (5); and added "or six per cent (6%) whichever is larger" to the end of paragraph (b) of subsection (5).

(20) For the purpose of establishing the maximum budget without a vote amount for current year special education program for a school district, the superintendent of public instruction will determine the total estimated cost of the special education program for the school district on the basis of a special education program budget submitted by the district. The budget will be prepared on forms provided by the superintendent of public instruction and will set out for each program

(a) the estimated allowable costs associated with operating the program where allowable costs are as defined in section 75-7813.1;

(b) the number of pupils expected to be enrolled in the program; and

(c) any other data required by the superintendent of public instruction for budget justification purposes and to administer the provisions of this act. The total amount of allowable costs approved by the superintendent of public instruction shall be the special education maximum-budget-without-a-vote amount for current year special education program purposes. 75-6905.1. Seventh and eighth grade ANB. The ANB calculated for grades seven (7) and eight (8) shall be at the high school ANB rate provided that the school meets the standards for accreditation of a middle school. When such pupils are actually enrolled in an elementary school, the amount of the general fund budget per ANB shall be the same as that of the high school district within which the elementary school is located. To determine the total enrollment of such an elementary school for ANB purposes the seventh and eighth grade pupils shall be included in such total.

History: En. 75-6905.1 by Sec. 1, Ch. 354, L. 1974.

Title of Act

An act providing that all seventh and eighth grade pupils be counted as high school pupils for ANB budgeting.

75-6906. Definition of foundation program and its proportion of the maximum-general-fund-without-a-voted-levy schedule amount, and nonisolated school foundation program financing. (1) As used in this title, the term "foundation program" shall mean the minimum operating expenditures as established herein, that are sufficient to provide for the educational program of a school. It shall be financed by (a) county equalization moneys, (b) state equalization aid, and (c) when required, moneys from an additional state levy for a state deficiency. The foundation program relates only to those expenditures authorized by a district's general fund budget and shall not include expenditures from any other fund.

(2) The dollar amount of the foundation program shall be eighty per cent (80%) of the maximum-general-fund-budget-without-a-voted-levy limitation as set forth in the schedules in section 75-6905. The foundation program of an elementary school having an ANB of nine (9) or fewer pupils which is not approved as an isolated school under the provisions of section 75-6608 shall be eighty per cent (80%) of the schedule amount but the county and state shall participate in financing one-half ($\frac{1}{2}$) of the foundation program and the district shall finance the remaining one-half ($\frac{1}{2}$) by a tax levied on the property of the district. When a school of nine (9) or fewer pupils is approved as isolated under the provisions of section 75-6608, the county and state shall participate in the financing of the total amount of the foundation program.

(3) Funds provided to support the special education accounting budget may be expended only for special education purposes as approved by the superintendent of public instruction in accordance with the special educa-

tion budgeting provisions of this title. Expenditures for special education shall be accounted for separately from the balance of the school district general fund. Transfers between items within the special education budget for accounting purposes may be made at the discretion of the board of trustees in accordance with the financial administration chapter of this title. The unexpended balance of the special education accounting budget shall carry over to the next year to reduce the amount of funding required to finance the district's ensuing year's maximum-budget-without-a-vote for special education.

portionment and distribution of interest and income moneys, were repealed by Sec. 15, Ch. 137, Laws 1973.

75-6912. Basic county tax and other revenues for county equalization of elementary district foundation program. It shall be the duty of the county commissioners of each county to levy an annual basic tax of

twenty-five (25) mills on the dollars of the taxable value of all taxable property within the county for the purposes of local and state foundation program support. The revenue to be collected from this levy shall be apportioned to the support of the foundation programs of the elementary school districts in the county and to the earmarked revenue fund, state equalization aid account, in the following manner: In order to determine the amount of revenue raised by this levy which is retained by the county, the sum of the estimated revenues identified in subsections (1) through (6) below shall be subtracted from the sum of the county elementary transportation obligation and the total of the foundation programs of all elementary districts of the county. If the basic levy of twenty-five (25) mills produces more revenue than is required to finance the difference determined above, the county commissioners shall order the county treasurer to remit the surplus funds to the state treasurer for deposit to the earmarked revenue fund, state equalization aid account, not later than June 1 of the fiscal year for which the levy has been set.

The proceeds realized from the county's portion of the levy prescribed by this section and the revenues from the following sources shall be used for the equalization of the elementary district foundation programs of the county as prescribed in section 75-6914 and a separate accounting shall be kept of such proceeds and revenues by the county treasurer in accordance with subsection (1) of section 75-6805;

(1) to (6). * * * [Same as parent volume.]

History: En. 75-6912 by Sec. 262, Ch. 5, L. 1971; amd. Sec. 1, Ch. 355, L. 1973.

Amendments

after "In order to determine" following the colon in the second sentence; substituted "If the basic levy of twenty-five (25) mills produces more than is required" at the beginning of the third sentence for "If a basic levy of less than twenty-five (25) mills is sufficient"; substituted the final part of the third sentence, beginning with "order the county treasurer to remit," for "fix a basic levy of such amount"; deleted from the first paragraph a final sentence prohibiting state equalization aid to elementary districts levying less than 25 mills; and inserted "the county's portion of" before "the levy" near the beginning of the second paragraph.

75-6913. Basic special levy and other revenues for county equalization of high school district foundation program. It shall be the duty of the county commissioners of each county to levy an annual basic special tax for high schools of fifteen (15) mills on the dollar of the taxable value of all taxable property within the county for the purposes of local and state foundation program support. The revenue to be collected from this levy shall be apportioned to the support of the foundation programs of high school districts in the county and to the earmarked revenue fund, state equalization aid account, in the following manner: In order to determine the amount of revenue raised by this levy which is retained by the county, the estimated revenues identified in subsections (1) and (2) below shall be subtracted from the sum of the county's high school tuition obligation and the total of the foundation programs of all high school districts of the county. If the basic levy for fifteen (15) mills produces

more revenue than is required to finance the difference determined above, the county commissioners shall order the county treasurer to remit the surplus to the state treasurer for deposit to the earmarked revenue fund, state equalization aid account, not later than June 1 of the fiscal year for which the levy has been set.

The proceeds realized from the county's portion of the levy prescribed in this section and the revenues from the following sources shall be used for the equalization of the high school district foundation programs of the county as prescribed in section 75-6914, and a separate accounting shall be kept of these proceeds by the county treasurer in accordance with subsection (1) of section 75-6805:

Amendments

The 1973 amendment substituted "for the purposes of local and state foundation program support" for "unless a basic special levy for high schools of less than fifteen (15) mills is sufficient to finance the total amount of the foundation programs of all the high school districts of the county" at the end of the first sentence; inserted the portion of the second sentence preceding the colon; substituted "the amount of revenue raised by this levy which is retained by the county" for "if a lesser levy will be sufficient" shortly

after the colon in the second sentence; substituted "If the basic levy for fifteen (15) mills produces more revenue than is required" at the beginning of the third sentence for "If a basic special levy for high schools of less than fifteen (15) mills is sufficient"; substituted the final portion of the third sentence, beginning with "order the county treasurer to remit," for "fix a basic special levy for high schools of such amount"; deleted from the first paragraph a final sentence prohibiting state equalization aid to high school districts levying less than 15 mills; and inserted "the county's portion of" before "the levy" near the beginning of the second paragraph.

75-6915. Formula for apportionment of county equalization moneys.

After making such deductions prescribed in section 75-6914, the county superintendent shall apportion the remaining amount of moneys available in the basic county tax account to the several public elementary districts of the county and in the basic special tax for high schools account to the several public secondary districts of the county in proportion to their needs under the foundation program in accordance with the following procedure:

(1) Determine the percentage that the county equalization moneys available for the support of the foundation programs of the public elementary districts in the county is of the total amount of the foundation programs of all public elementary districts.

(2) Multiply the foundation program amount of each public elementary district by the percentage determined in subsection (1) above to determine the portion of the county equalization moneys available to each public elementary district.

The above procedure shall also be applied for public secondary districts.

No territory situated within a county shall be excluded from the apportionment of the county equalization moneys under this section solely because such territory lies within the boundaries of a joint district. Cash balances to the credit of any district at the end of a school fiscal year shall not be considered in the apportionment procedure prescribed in this section.

When the total amount of the available county moneys for apportionment under this section is greater than the amount of money to be apportioned under the apportionment procedure prescribed by this section, the excess amount of county moneys shall be retained by the county to be considered as financing during the ensuing school fiscal year under the requirements of subsection (5) of section 75-6912 or subsection (1) of section 75-6913.

The county equalization moneys apportioned under these procedures shall constitute the first source of revenue in calculating the financing of the public elementary and secondary district foundation program. The county superintendent shall use the apportionment procedure prescribed in this section in computing the estimated revenues for the financing of the ensuing year's foundation program for budgeting purposes.

Distribution Nondiscriminatory

Provisions of foundation program dealing with distribution of state education funds on a per-student basis, with smaller schools receiving somewhat more per student than larger schools, is rational and does not discriminate against taxpayers of any single county. State ex rel. Woodahl v. Straub, — M —, 520 P 2d 776.

Except as provided in 75-6917.1, the moneys available for state equalization aid shall be distributed and apportioned to provide an annual minimum operating revenue for the elementary and high schools in each county, exclusive of revenues required for debt service and for the payment of any and all costs and expense incurred in connection with any adult education program, recreation program, school food services program, new buildings, new grounds, and transportation.

The board of public education shall administer and distribute the state equalization aid in the manner and with the powers and duties provided by law. To this end, the board of public education shall:

Should a district receive more state equalization aid than it is entitled to, the county treasurer must return the overpayment to the state upon the request of the superintendent of public instruction in the manner prescribed by the municipal division of the department of community affairs.

Amendments

The 1973 amendment inserted "public"

in the name of the board throughout the section; and deleted "at its meeting in July and December of each year" and

"for the next succeeding six month period, commencing on July 1 and January 1" from subsection (5).

75-6921. Additional state levy for state deficiency. If the estimated state equalization level made under the provisions of section 75-6920 is less than one hundred per cent (100%), it shall be the duty of the director of the department of revenue to levy, separately for the elementary districts and the high school districts, additional taxes in such number of mills on the taxable value of all taxable property within the state as shall be required to complete the financing of the foundation programs of all elementary districts or all high school districts of the state.

The state treasurer shall keep a separate accounting of the proceeds realized from these mill levies. The superintendent of public instruction shall apportion the proceeds of the mill levies to the elementary districts of the state or the high school districts of the state, whichever the case may be, on the following basis:

(1) Determine the total amount required from this source of revenue by the several elementary or high school districts of the state.

The apportionment of state moneys under this section shall be known as the "additional state levy for state deficiency" and it shall be the last source of revenue in calculating the financing of the elementary district foundation program and the high school district foundation program.

The superintendent of public instruction shall compute the budgeted requirement for this source of revenue for each district and shall supply the total state requirements for the elementary district foundation programs and the high school district foundation programs to the director of the department of revenue on the second Monday of August.

75-6922. Permissive amount and permissive levy. (1) Whenever the trustees of any district shall deem it necessary to adopt a general fund

budget in excess of the foundation program amount but not in excess of the maximum general fund budget amount for such district as established by the schedule in section 75-6905, the trustees shall adopt a resolution stating the reasons and purposes for exceeding the foundation program amount. Such excess above the foundation program amount shall be known as the "permissive amount," and it shall be financed by a levy on the taxable value of all taxable property within the district as prescribed in section 75-6926, supplemented with revenue from a levy on all the taxable property in the state.

(2) The district levies to be set for the purpose of funding the permissive amount are determined as follows:

(a) For each elementary school district, the county commissioners shall annually set a levy not exceeding nine (9) mills on all the taxable property in the district for the purpose of funding the permissive amount of the district. The permissive levy in mills shall be obtained by multiplying the ratio of the permissive amount to the maximum permissive amount by nine (9) or by using the number of mills which would fund the permissive amount, whichever is less.

If the amount of revenue raised by this levy is not sufficient to fund the permissive amount in full, the amount of the deficiency shall be paid to the district from the earmarked revenue fund, permissive levy account, according to the provisions of subsection (3) of this section.

(b) For each high school district, the county commissioners shall annually set a levy not exceeding six (6) mills on all taxable property in the district for the purpose of funding the permissive amount of the district. The permissive levy in mills shall be obtained by multiplying the ratio of the permissive levy to the maximum permissive amount by six (6) or by using the number of mills which would fund the permissive amount, whichever is less.

If the amount of revenue raised by this levy is not sufficient to fund the permissive amount in full, the amount of the deficiency shall be paid to the district from the earmarked revenue fund, permissive levy account, according to the provisions of subsection (3) of this section.

(3) The director of the department of revenue shall annually set a levy on all the property of the state which will produce enough revenue to fund the permissive levy deficiency of the elementary and high school districts of the state. The proceeds of this levy shall be deposited to the earmarked revenue fund, permissive levy account, and shall be distributed to the elementary and high school districts in accordance with their entitlements as determined by the superintendent of public instruction according to the provisions of subsections (1) and (2) of this section.

Such distribution shall be made in two payments. The first payment shall be made at the same time as the first distribution of state equalization aid is made after January 1 of the fiscal year. The second payment shall be made at the same time as the last payment of state equalization aid is made for the fiscal year. If the revenue collected is not sufficient to finance the deficiencies of the districts, as determined according to subsection (2), each district will receive the same percentage of its deficiency. Surplus revenue in the permissive levy account shall be used to reduce the

state levy required for the next succeeding fiscal year. Interest earned on investment of permissive levy funds shall be deposited to the earmarked revenue fund, permissive levy account, for distribution during the next succeeding fiscal year.

Amendments

The 1973 amendment designated the former section as subsection (1); added "supplemented with revenue from a levy on all of the taxable property in the state" at the end of subsection (1); and added subsections (2) and (3).

The 1975 amendment revised the caption of the section which read: "Permissive levy"; substituted "Such excess above the foundation program amount shall be known as the 'permissive amount'" for "The financing of such general fund budget amount shall be known as the 'permissive levy'" at the beginning of the second sentence in subsection (1); substituted "permissive amount" for "permissive levy requirements" in the first sentence of subdivision (2)(a); inserted

the second sentence in the first paragraph of subdivision (2)(a); substituted "to fund the permissive amount in full" for "to fully fund the district's permissive levy requirements" in the second paragraph of subdivision (2)(a); substituted "permissive amount" for "permissive levy requirements" in the first sentence of subdivision (2)(b); inserted the second sentence in the first paragraph of subdivision (2)(b); substituted "to fund the permissive amount in full" for "to fully fund the district's permissive levy requirements in the second paragraph of subdivision (2)(b); rewrote the fourth sentence of the last paragraph which read: "If sufficient revenue is not collected to completely cover the permissive levy requirements of the districts, each district will receive the same percentage of its total requirement"; and made minor changes in style.

75-6923. Additional levy for general fund and election for authorization to impose. The trustees of any district may propose to adopt a general fund budget in excess of the general fund budget amount for such district as established by the schedule in section 75-6905 for any of the following purposes:

- (1) building, altering, repairing or enlarging any school house of the district;
- (2) furnishing additional school facilities for the district;
- (3) acquisition of land for the district;
- (4) proper maintenance and operation of the school programs of the district.

However, when the trustees adopt a total general fund budget which exceeds one hundred ten per cent (110%) of the general fund budget for the preceding year, they shall file a notice of this increase with the superintendent of public instruction, setting forth the specific reasons for increasing the budget.

When the trustees of any district determine that an additional amount of financing is required for the general fund budget that is in excess of the statutory schedule amount, the trustees shall submit the proposition of an additional levy to raise such excess amount of general fund financing to the electors who are qualified, under section 75-6410, to vote upon such proposition except that the Twin Bridges high school district may increase its general fund budget as established by section 75-6905, R. C. M. 1947, by the amount of tuition paid to the district the previous year under section 75-6319, R. C. M. 1947. Such special election shall be called and conducted in the manner prescribed by this title for school elections. The

ballot for such election shall state the amount of money to be raised by additional property taxation, the approximate number of mills required to raise such money, and the purpose for which such money will be expended, and it shall be in the following format:

PROPOSITION

Shall a levy be made in addition to the levies authorized by law in such number of mills as may be necessary to raise the sum of (state the amount to be raised by additional tax levy), and being approximately (give number) mills, for the purpose of (insert the purpose for which the additional tax levy is made)?

☐ FOR the additional levy.

☐ AGAINST the additional levy."

If the election on any additional levy for the general fund is approved by a majority vote of those electors voting at such election, the proposition shall carry and the trustees may use any portion or all of the authorized amount in adopting the preliminary general fund budget. The trustees shall certify the additional levy amount authorized by such a special election on the budget form that is submitted to the county superintendent and the county commissioners shall levy such number of mills on the taxable value of all taxable property within the district as prescribed in section 75-6926, as are required to raise the amount of such additional levy.

Authorization to levy an additional tax under the provisions of this section shall be effective for only one (1) school fiscal year and shall be authorized by a special election conducted before the first day of August of the school fiscal year for which it is effective. Only one such additional levy for the maintenance and operation of the school programs of a high school district may be imposed by a high school district in a given school fiscal year.

Compiler's Notes

This section was amended three times in 1974, once by Ch. 214, once by Ch. 230, and once by Ch. 346. None of the amendatory acts mentioned or incorporated the changes made by the others. Since the amendments did not appear to conflict, the compiler made a composite section embodying the changes made by all amendments.

Amendments

The 1973 amendment inserted two paragraphs which, as amended by chapters 230 and 346, Laws 1974, detailed the

conditions under which the trustees could adopt a total general fund budget exceeding 112% of the general fund budget for the preceding year.

Chapter 214, Laws 1974 inserted the provision authorizing Twin Bridges High School District to increase its general fund budget.

The 1975 amendment substituted the provisions of the paragraph following subdivision (4) for the two paragraphs inserted by the 1973 amendment.

In joint districts, the foundation program shall be prorated among the counties in which any part of the joint district is located for the purpose of determining the amount of each source of revenue for the foundation program for which each county is obligated. The proration of the joint district foundation program shall be calculated as follows:

(1) to (3). * * * [Same as parent volume.]

The portion of a joint district foundation program for each county, as determined in subsection (3) of this section, shall be considered as a separate foundation program in such county for the purposes of calculating the various revenues for the foundation program. After the calculation of the foundation program revenues, the remainder of the general fund revenues shall be calculated in accordance with the provisions for general fund financing.

75-7006. Penalty for violating law, board of education policies or superintendent of public instruction rules and regulations. Every district, its trustees and employees, and every person under a transportation contract with a district shall be subject to the policies prescribed by the board of public education and the rules and regulations prescribed by the superintendent of public instruction. When a district knowingly violates a transportation law or board of public education transportation policy, such district shall forfeit any reimbursement otherwise payable under sections 75-7022 and 75-7023 for bus miles actually traveled during that fiscal year in violation of such law or policies. The county superintendent shall suspend all such reimbursements payable to the district until the district corrects the violation. When the district corrects the violation, the county superintendent shall resume paying reimbursements to the district, but the amount forfeited may not be paid to the district.

75-7018. Schedule of maximum reimbursement by bus mileage rates. The following bus mileage rates for school bus transportation constitute the maximum reimbursement to districts for school bus transportation from state and county sources of transportation revenue under the provisions of sections 75-7022 and 75-7023. These rates shall not limit the amount which a district may budget in its transportation fund budget in order to provide for the estimated and necessary cost of school bus transportation during the ensuing school fiscal year. The operation of any vehicle reimbursed under the rate provisions of this schedule shall be a school bus, as defined by this title, driven by a qualified driver on a bus route approved by the county transportation committee and the superintendent of public instruction.

(1) The rate per bus mile traveled shall be determined in accordance with the following schedule when the number of eligible transportees boarding such school bus on an approved route is not less than seventy-five per cent (75%) of its rated capacity:

(a) thirty-five cents (\$.35) per bus mile for a school bus with a rated capacity of not less than twelve (12) but not more than fifty (50) children; and

(b) when the rated capacity is more than fifty (50) children, an additional two cents (\$.02) per bus mile for each additional child in the rated capacity in excess of fifty (50) shall be added to a base rate of thirty-five cents (\$.35) per bus mile.

Amendments

The 1975 amendment deleted two subdi-

divisions (1)(a) and (1)(b) from \$.20 and \$.005 to \$.35 and \$.02, respectively; and substituted 50 children for 30 children in the references to the rating capacities in subdivisions (1)(a) and (1)(b).

75-7019. Schedule of maximum reimbursement for individual transportation including provisions for isolation, room and board, and supervised study programs. The following rates for individual transportation constitute the maximum reimbursement to districts for individual transportation from state and county sources of transportation revenue under the provisions of sections 75-7022 and 75-7023. These rates also shall constitute the limitation of the budgeted amounts for individual transportation for the ensuing school fiscal year. When the trustees contract with the parent or guardian of any eligible transportee to provide individual transportation for each day of school attendance, they shall reimburse the parent or guardian on the basis of the following schedule:

(1) When a parent or guardian transports an eligible transportee or transportees from the residence of the parent or guardian to a school, or to schools located within three (3) miles of one another, the total reimbursement per day of attendance shall be determined by multiplying the distance in miles between the residence and the school, or the most distant school if more than one, by two (2), subtracting six (6) miles from the product so obtained, and multiplying the difference by twelve cents (\$.12) provided that:

(a) if two (2) or more eligible transportees are transported by a parent or guardian to two (2) or more schools located within three (3) miles of one another, and if such schools are operated by different school districts, the total amount of the reimbursement shall be divided equally between the districts.

(b) if two or more eligible transportees are transported by a parent or guardian to two (2) or more schools located more than three (3) miles from one another, the parent or guardian shall be separately reimbursed for transporting the eligible transportee or transportees to each school.

(c) if a parent transports two or more eligible transportees to a school and a bus stop which school and bus stop are located within three (3) miles of one another, the total reimbursement shall be determined under the provisions of this subsection and shall be divided equally between the district operating the school and the district operating the bus.

(2) When the parent or guardian transports an eligible transportee or transportees from the residence to a bus stop of a bus route approved by the trustees for the transportation of the transportee or transportees, the total reimbursement per day of attendance shall be determined by multiplying the distance in miles between the residence and the bus stop by two (2), subtracting three (3) miles from the product so obtained and multiplying the difference by twelve cents (\$.12) provided that:

(a) if the eligible transportees transported attend schools in different districts but ride on one bus, the districts shall divide the total reimbursement equally, and

(b) if the parent or guardian is required to transport the eligible transportees to more than one bus, the parent or guardian shall be separately reimbursed for transportation to each bus.

(3) Where, due to excessive distances, impassable roads or other special circumstances of isolation, the rates prescribed in subsections (1) or (2) would be an inadequate reimbursement for the transportation costs or would result in a physical hardship for the eligible transportee, his parent or guardian may request an increase in the reimbursement rate. Such a request for increased rates due to isolation shall be made by the parent or guardian on the contract for individual transportation for the ensuing school fiscal year by indicating the special facts and circumstances which exist to justify the increase. Before any increase rate due to isolation can be paid to the requesting parent or guardian, such rate must be approved by the county transportation committee and the superintendent of public instruction after the trustees have indicated their approval or disapproval. Regardless of the action of the trustees and when approval is given by the county transportation committee and the superintendent of public instruction, the trustees shall pay such increased rate due to isolation. The increased rate shall be one and one-half ($1\frac{1}{2}$) times the rate prescribed in subsection (1) above.

(4) When the isolated conditions of the household where an eligible transportee resides require such eligible transportee to live away from the household in order to attend school, he shall be eligible for the room and board reimbursement. Approval to receive the room and board reimbursement shall be obtained in the same manner prescribed in subsection (3) above. The per diem rate for room and board shall be three dollars (\$3) for one eligible transportee and one dollar and fifty cents (\$1.50) for each additional eligible transportee of the same household.

(5) When the individual transportation provision is to be satisfied by supervised home study or supervised correspondence study, the reimbursement rate shall be the cost of such study; provided that the course of instruction is approved by the trustees and supervised by the district.

(6) The schedules provided in this section shall not be altered by any authority other than the legislature of the state of Montana.

Compiler's Notes

This section was amended twice in 1973, once by Ch. 169 and once by Ch. 416. Neither amendatory act mentioned or incorporated the changes made by the other. Since the amendments did not appear to conflict, the compiler made a composite section embodying the changes made by both amendments.

Amendments

Chapter 169, Laws of 1973, made changes in subsection (2) (see the provision in the parent volume), including the substitution of "an established bus route stop" for "such bus route" in the first sentence, insertion of "from the child's residence" following "distance" in the last sentence, and the addition of "from

established bus stop" to the end of the last sentence.

Chapter 416, Laws of 1973, deleted "The board of education shall promulgate a schedule that allows varying" from the beginning of the fifth sentence of subsection (3) which, prior to the 1975 amendment, read: "The percentage increases of the per-day individual transportation rate prescribed in subsection (1) and (2) in relation to the degree of isolation, except that such increases shall not exceed one hundred per cent (100%)."

The 1975 amendment rewrote subsections (1) and (2) (see the parent volume and above amendment notes); rewrote the last sentence of subsection (3) (See the above note covering the 1973 amendment by Chapter 416); revised the per diem rates specified in the last sentence of subsection (4) which provided for rates of \$1.50 for one eligible transportee, \$.60 for a second eligible transportee of the same household and \$.30 for each

additional eligible transportee of the same household; and, in subsection (6), substituted "legislature" for "legislative as-

sembly" and deleted "except as provided in subsection (3)" at the end.

Compiler's Notes

This section was amended twice in 1973, once by Ch. 76 and once by Ch. 189. Neither amendatory act mentioned or incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

Chapter 76, Laws of 1973, inserted "purchasing lands for, and/or obtaining a

water supply for" and "or combination of said buildings" in subsection (1); deleted former subsections (2) and (3); renumbered former subsection (4) as (2) and added "or buses" to that subsection; and renumbered former subsections (5), (6) and (7) as (3), (4) and (5).

Chapter 189, Laws of 1973, inserted "including post-secondary vocational-technical centers" in subdivision (1).

Effective Date

Section 2 of Ch. 76, Laws 1973 provided the act should be in effect from and after its passage and approval. Approved March 3, 1973.

75-7103.1. Trustees may enter into contracts and issue bonds for joint construction. The trustees of a school district may enter into a contract with the trustees of any school district within the county, or with any school district in an adjoining county, to provide for the joint construction of vocational-technical secondary schools upon such terms and conditions as may be mutually agreed upon between such districts. The trustees of any district executing a contract in accordance with this act may levy taxes and issue bonds for the purpose of constructing the facilities authorized by this section.

History: En. 75-7103.1 by Sec. 1, Ch. 371, L. 1975.

Title of Act

An act to permit school districts to contract with other school districts for

the purpose of constructing joint vocational-technical secondary schools; allowing school districts to provide transportation to secondary school if located in another district; and amending section 75-7001, R. C. M. 1947.

75-7103.2. Proportional joint ownership—disposition of moneys. The vocational-technical secondary school constructed under the preceding section [75-7103.1] shall be jointly owned by the school districts contributing to its construction in proportion to the contribution of each district. The sale or other disposition of a district's interest in the school shall be made in accordance with section 75-8205. Moneys received from the sale or disposition of a district's interest in a vocational-technical secondary school shall be credited to the debt service fund, building fund, general fund or any combination of these three funds, at the discretion of the trustees.

History: En. 75-7103.2 by Sec. 2, Ch. 371, L. 1975.

75-7104. Limitations on amount of bond issue. (1) The maximum amount for which each school district shall become indebted by the issuance of bonds, including all indebtedness represented by outstanding bonds of previous issues and registered warrants, is eight per cent (8%) of the assessed value of the taxable property therein as ascertained by the last completed assessment for state, county, and school taxes previous to the incurring of such indebtedness. The eight per cent (8%) maximum, how-

ever, shall not pertain to indebtedness imposed by special improvement district obligations or assessments against the school district. All bonds issued in excess of such amount shall be null and void, except as provided in subsection (2).

When the total indebtedness of a school district has reached the eight per cent (8%) limitation prescribed in this section, such school district shall have the power and authority to pay all reasonable and necessary expenses of the school district on a cash basis in accordance with the financial administration provisions of this title.

Whenever bonds are issued for the purpose of refunding bonds, any moneys to the credit of the debt service fund for the payment of the bonds to be refunded shall be applied towards the payment of such bonds and the refunding bond issue shall be decreased accordingly.

(2) In the case of a school district within which a new major industrial facility which seeks to qualify for taxation as class seven (7) property under section 84-301, R. C. M. 1947, is being constructed or is about to be constructed, the school district may require, as a precondition of the new major industrial facility qualifying as class seven (7) property, that the owners of the proposed industrial facility enter into an agreement with the school district concerning the issuing of bonds in excess of the eight per cent (8%) limitation prescribed in subsection one (1). Under such an agreement, the school district may, with the approval of the voters, issue bonds which exceed the limitation prescribed in subsection one (1) by a maximum of eight per cent (8%) of the estimated assessed value of the taxable property of the new major industrial facility when completed. The estimated assessed value of the taxable property of the new major industrial facility shall be computed by the department of revenue when requested to do so by a resolution of the board of trustees of the school district, and copy of the department's statement of estimated assessed value shall be printed on each ballot used to vote on a bond issue proposed under this subsection.

Pursuant to the agreement between the new major industrial facility and the school district, and as a precondition to qualifying as class seven (7) property, the new major industrial facility and its owners shall, in addition to such taxes as may be imposed by the school district on property owners generally pay so much of the principal and interests on the bonds provided for under this subsection as shall represent payment on an indebtedness in excess of the limitation prescribed in subsection one (1). After the completion of the new major industrial facility and when the indebtedness of the school district no longer exceeds the limitation prescribed in subsection one (1), the new major industrial facility shall be entitled, after all the current indebtedness of the school district has been paid, to a tax credit over a period of no more than twenty (20) years which credit shall, as a total amount, be equal to the amount by which the facility paid the principal and interest of the school district's bonds in excess of its general liability as a taxpayer within the district.

A major industrial facility is a facility, subject to the taxing power of the school district, whose construction or operation will increase the population of the district so as to impose a significant burden upon the resources

of the district and to require construction of new school facilities. A significant burden is an increase in ANB of at least twenty per cent (20%) in a single year.

Compiler's Notes

This section was amended twice in 1975, once by Ch. 56 and once by Ch. 432. Neither amendatory act mentioned the other, but the amendment by Ch. 432 included the changes made by Ch. 56.

Amendments

Both 1973 amendments deleted from the first paragraph of subsection (1) a sentence defining the words "value of taxable property therein."

The 1974 amendment inserted the subsection designation (1); added "except as

provided in subsection (2)" at the end of the first paragraph in subsection (1); and added subsection (2).

Chapter 56, Laws of 1975, increased the maximum allowable indebtedness for school districts from 5% to 7% of the assessed value of taxable property.

Chapter 432, Laws of 1975, increased the allowable indebtedness from 5% to 7% and inserted the exclusion in the first paragraph of subsection (1) relating to special improvement district obligations.

75-7107. Limitation of term and interest on bonds, and timing for redemption of bonds. School district bonds shall not be issued for a term longer than twenty (20) years except that bonds issued to refund or redeem outstanding bonds shall not be issued for a term longer than ten (10) years unless the unexpired term of the bonds to be refunded or redeemed is in excess of ten (10) years in which case the refunding or redeeming bonds may be issued for such unexpired term. All bonds issued for a longer term than five (5) years shall be redeemable at the option of the school district on any interest payment date after one-half ($\frac{1}{2}$) of the term for which they were issued has expired and it shall be so stated on the face of the bonds. The interest shall not exceed seven per cent (7%) per annum and shall be payable semiannually.

History: En. 75-7107 by Sec. 308, Ch. 5, L. 1971; amd. Sec. 7, Ch. 234, L. 1971; amd. Sec. 3, Ch. 284, L. 1973.

Amendments

The 1973 amendment substituted "after

one-half ($\frac{1}{2}$) of the term for which they were issued has expired" in the second sentence for "five (5) years from the date of issue"; and made minor changes in phraseology.

75-7116. Notice of bond election by separate purpose. Any school district bond election shall be conducted in accordance with the school election provisions of this Title except that the election notice required therein shall be in substantially the following form:

Amendments

The 1973 amendment deleted "who are taxpayers therein and whose names appear

on the last completed assessment roll for state, county and school district taxes prior to the holding of such election," from the notice following "registered electors of School District No. of County, state of Montana."

75-7121. Sale of school district bonds. (1) The trustees shall meet at the time and place fixed in the notice to consider bids on the bond issue. The bonds shall be sold at not less than par and accrued interest and each bidder shall specify the form of bonds to be issued, whether amortization or serial, and the rate of interest at which he will purchase the bonds. A bid for amortization bonds shall have the preference over a bid for serial bonds, all other things being equal; and in considering bids on these classes of bonds, the trustees shall take into consideration not only the rate of interest demanded on each kind, but also every other known element affecting the total cost of the bonds to the district when paid in full. The trustees shall accept the bid which they shall judge most advantageous to the school district. No attorney fees, brokerage or other fees, or commissions of any kind shall be paid to any person or corporation for assisting in the proceedings or in the preparation of the bonds, or in negotiating the sale. The trustees are authorized to reject any or all bids and to sell the bonds at private sale if they deem it for the best interests of the school district except that such bonds shall not be sold at less than par and accrued interest.

(2) The trustees may co-operate and combine with other school districts within the same county for the purpose of preparing and negotiating for sale of bond issues, if in the opinion of the trustees such co-operation or combination will facilitate the sale of school district bonds under more advantageous terms or with lower interest rates. Provided, however, that

bond issues prepared or negotiated for sale under this section shall not be combined for any other purpose, but shall be entered separately on the books of the county treasurer and shall be otherwise treated as separate bond issues.

The trustees shall also include in the debt service fund of the preliminary budget the amount of money necessary to pay the special improvement district assessments levied against the school district which become due during the ensuing school fiscal year. The county superintendent shall compare the preliminary budgeted amount for the debt service fund with the bond retirement and interest requirement and the special improvement district assessments for the school fiscal year just beginning as reported by the county treasurer in his statement supplied under the provisions of section 75-6710. If the county superintendent finds that the requirement stated by the county treasurer is more than the preliminary budget amount, the county superintendent shall increase the budgeted amount for interest or principal in the debt service fund of the preliminary budget. The amount confirmed or revised by the county superintendent shall be the final budget expenditure amount for the debt service fund of such school district.

The county treasurer shall maintain a separate debt service fund for each school district, and shall credit all tax moneys collected for debt service to such fund and use the moneys credited to such fund for the payment of debt service obligations in accordance with the school financial administration provisions of this title.

The county treasurer shall pay from the debt service fund all amounts of interest and principal on school district bonds as such interest or principal becomes due when the coupons or bonds are presented and surrendered for payment, and shall pay all special improvement district assessments as the same become due. If the bonds are held by the state of Montana, then all payments shall be remitted to the state treasurer who shall cancel the coupons or bonds and return such coupons or bonds to the county treasurer with his receipt. If the bonds are not held by the state of Montana, and the interest or principal is made payable at some designated bank or financial institution, the county treasurer shall remit the amount due

for interest or principal to such bank or financial institution for payment against the surrender of the canceled coupons or bonds.

Whenever any school district bond, or installment on school district bonds, shall become due and payable, interest shall cease on such date unless sufficient funds are available to pay such bond when it is presented for payment or when payment of an installment is demanded. In either case, interest on such bond or installment shall continue until payment is made.

Any installment on interest and principal on bonds held by the state, that is not promptly paid when due, shall draw interest at an annual rate of six per cent (6%) from the date due until actual payment, irrespective of the rate of interest on the bonds.

The trustees of any district required to make a contribution to any such system shall include in the retirement fund of the preliminary budget the estimated amount of the employer's contribution and such additional moneys, within legal limitations, as they may wish to provide for the retirement fund cash reserve. After the final retirement fund budget has been adopted, the trustees shall pay the employer contributions to such systems in accordance with the financial administration provisions of this title.

When the final retirement fund budget has been adopted, the county superintendent shall establish the levy requirement by:

The county superintendent shall total the net retirement fund levy requirements separately for all elementary school districts and all high school districts of the county, including any prorated joint district levy requirements, and shall report each such levy requirement to the county commissioners on the second Monday of August as the respective county levy requirements for elementary district and high school district retirement funds. The county commissioners shall fix and set such county levy in accordance with section 75-6717.

The trustees of any district, with the approval of the qualified electors of the district, may establish a building reserve for the purpose of raising money for the future construction, equipping or enlarging of school buildings or for the purpose of purchasing land needed for school purposes in the district. In order to submit to the qualified electors of the district a building reserve proposition for the establishment of or addition to a building reserve, the trustees shall pass a resolution that specifies:

The annual budgeting and taxation authority of the trustees for a building reserve shall be computed by dividing the total authorized amount by the specified number of years. The authority of the trustees to budget and impose the taxation for the annual amount to be raised for the building reserve shall lapse when, at a later time, a bond issue is approved by the qualified electors of the district for the same purpose or purposes for which the building reserve fund of the district was established. Whenever a subsequent bond issue is made for the same purpose or purposes of a building reserve, the money in the building reserve shall be used for such purpose or purposes before any money realized by the bond issue is used.

Compiler's Notes

This section was amended twice in 1973, once by Ch. 94 and once by Ch. 397. Neither amendatory act mentioned or incorporated the changes made by the other.

Amendments

Chapter 94, Laws of 1973, reduced the age specified in subdivisions (2) and (3) from nineteen to eighteen years.

Chapter 397, Laws of 1973, added subdivision (6).

75-8703. Presumptions as to domicile. Unless the contrary appears to the unit registering authority, it is presumed that:

(1) The domicile of a minor is that:

(a) of the parents, or, if one of them is deceased or they do not share the same domicile, of the parent having legal custody, or if neither parent has legal custody the parent with whom the minor customarily resides; or

(b) of his guardian when the court appointing the guardian certifies that the primary purpose of the appointment is not to qualify the minor as a resident of this state; or

If such person meets the requirement of full-time employment within the state of Montana and files for the payment of Montana state income taxes, or files estimates of such taxes, or is subject to withholding of said taxes, and renounces his residency in any other state, and is not himself in the state primarily as a student, his spouse or any dependent minor child, or both, may at the next registration after qualifying be classified at the in-state rate, so long as he continues his Montana domicile. In the administration of this paragraph, neither the full-time employee or spouse shall be eligible for in-state tuition classification if the primary purpose for coming to Montana was the education of the employee or spouse.

of his mother if there is no father; or (c) of his guardian when the court appointing the guardian certifies that the primary purpose of the appointment is not to qualify the minor as a resident of this state; or (d) of the parent who has custody of the minor"; rewrote subsection (2) which read: "The domicile of a

parent having legal custody, or if neither parent has legal custody, the parent with whom he customarily resides" after "his parents" in subsection (3).

75-8706. Student's right to privacy—legislative intent. It is the legislature's intent that an institution of the university system of Montana is obligated to respect a student's right of privacy. This obligation must be observed by establishing procedures to safeguard the institution's activities which are necessary to protect the health, safety and privacy of a person's residence and the privacy of his records. Intrusions by police and other officials exercising responsibility for law enforcement must be governed by standards and procedures no less stringent than those applicable to intrusions on private quarters outside the institutions. Further, a student may not be subjected to discrimination in the manner of covert records.

In such an emergency evidence of crime obtained as a result of such emergency entry shall not be admissible in any court of law unless due process of law has been satisfied in obtaining such evidence.

History: En. Sec. 3, Ch. 357, L. 1973.

75-9201. Legislative purpose. It is the policy of this state to encourage and enable its citizens to obtain and receive an education commensurate with their abilities and desires. It is recognized that proprietary institutions offering post-secondary educational, vocational and professional instruction perform a useful and necessary service to the citizens of the state in achieving this objective. It is found that certain institutions have either by unscrupulous, unfair and deceptive practices or through substandard instruction deprived the citizens of this state of educational opportunity and subjected them to financial loss. The actions of such institutions also

reflect unfavorably upon the reputable proprietary post-secondary institutions which are in the great majority. Thus it is the purpose of this act to provide for the protection, education and welfare of the citizens of this state.

75-9216. Bonds required. (1) At the time application is made for license the department may require the post-secondary educational institution making such application to file with the department a good and sufficient surety bond in such sum as may be determined by the department. Said bond shall be executed by the applicant as principal and by a surety company qualified and authorized to do business in this state. The bond shall be conditioned to provide indemnification to any student or enrollee or his parent or guardian, or class thereof, determined to have suffered loss or damage as a result of any act or practice which is a violation of this act by said post-secondary educational institution, and that the bonding company shall pay any final, nonappealable judgment rendered by any court of this state having jurisdiction, upon receipt of written notification thereof. Regardless of the number of years that such bond is in force, the aggregate liability of the surety thereon shall in no event exceed the penal sum of the bond. The bond shall be for two (2) years or coterminous with the license.

(2) An application for a permit shall be accompanied by a good and sufficient surety bond in a penal sum of one thousand dollars (\$1,000). Said bond shall be executed by the applicant as principal and by a surety company qualified and authorized to do business in this state. The bond shall be conditioned to provide indemnification to any student, enrollee, or his or her parents or guardian, or class thereof, determined to have suffered loss or damage as a result of any act or practice which is a violation of this act by said agent, and that the bonding company shall pay any final, nonappealable judgment rendered by any court of this state having jurisdiction, upon receipt of written notification thereof. Regardless of the number of years that such bond is in force, the aggregate liability of the surety thereon shall in no event exceed the penal sum thereof. The bond shall be for two (2) years or coterminous with the permit.

(3) The surety bond to be filed hereunder shall cover the period of the license or the permit except when a surety shall be released as provided herein. A surety on any bond filed under the provisions of this section may be released after such surety shall serve written notice to the department forty (40) days prior to said release; but said release shall not discharge or otherwise affect any claim theretofore or thereafter filed by a student

or enrollee or his parent or guardian for loss or damage resulting from any act or practice which is a violation of this act alleged to have occurred while the bond was in effect, nor for an institution's ceasing operations during the term for which tuition has been paid while the bond was in force.

(4) A license for an institution to operate or a permit to an agent shall be suspended by operation of law when said institution or agent is no longer covered by a surety bond as required by this section; but the department shall cause the institution or an agent, or both, to receive at least thirty (30) days' written notice prior to the release of the surety to the effect that the license or permit shall be suspended by operation of law until another surety bond shall be filed in the same manner and like amount as the bond being terminated.

Such records shall include, at a minimum, such academic information as is customarily required by colleges when considering students for transfer or advanced study; and, as a separate document, the academic record of each former student. In the event it appears to the department that any such records of an institution discontinuing its operations are in danger of being destroyed, sequestered, mislaid, or otherwise made unavailable, the department may seize and take possession of such records on its own motion, and without order of court. The department shall maintain or cause to be maintained a permanent file of such records coming into its possession.

76-105. Creation of conservation districts. (1) Any ten (10) qualified electors within the limits of the territory proposed to be organized into a district may file a petition with the department asking that the board approve the organization of a conservation district to function in the territory described in the petition. The petition shall set forth:

(a) The proposed name of the district;

(b) That there is need, in the interest of the public health, safety, and welfare, for a conservation district to function in the territory described in the petition;

(c) A description of the territory proposed to be organized as a district, which description may not be required to be given by metes and bounds or by legal subdivisions, but shall be considered sufficient if generally accurate;

(d) A request that the board duly define the boundaries for the district; that a referendum be held within the territory so defined on the question of the creation of a conservation district in the territory; and that the board determine that a district be created.

(2) Where more than one (1) petition is filed covering parts of the same territory, the board may consolidate all or any part of the petitions.

(3) Within thirty (30) days after a petition has been filed with the department, it shall cause due notice to be given of a proposed hearing before the department upon the question of the desirability and necessity, in the interest of the public health, safety, and welfare, of the creation of the district, upon the question of the appropriate boundaries to be assigned to the district, upon the propriety of the petition and other proceedings taken under this act, and upon all questions relevant to those inquiries. All qualified electors within the limits of the territory described in the petition, and of lands within any territory considered for addition to the described territory, and all other interested parties, are entitled to attend the hearings and be heard. If it appears to the board after reviewing the record of the hearing that it may be desirable to include within the proposed district territory outside of the area within which due notice of the hearing has been given, the board shall adjourn the hearing and the department

shall cause due notice of a further hearing to be given throughout the entire area considered for inclusion in the district, and the further hearing shall be held by the department. After the hearing, if the board determines, upon the facts presented at the hearing and upon other relevant facts and information as may be available to the department or the board, that there is need, in the interest of the public health, safety and welfare, for a conservation district to function in the territory considered at the hearing, it shall make and record that determination, and shall define, by metes and bounds or by legal subdivisions, the boundaries of the district. In making the determinations and in defining the boundaries, the board shall consider the topography of the area considered and of the state, the composition of soils therein, the distribution of erosion, the prevailing land-use practices, the desirability and necessity of including within the boundaries the particular lands under consideration and the benefits those lands may receive from being included within the boundaries, the relation of the proposed area to existing watersheds and agricultural regions, and other conservation districts already organized or proposed for organization under this act, and such other physical, geographical, and economic factors as are relevant, having due regard to the legislative determination set forth in section 76-102. The territory to be included within the boundaries need not be contiguous. If the board determines after the hearing, after due consideration of the relevant facts, that there is no need for a conservation district to function in the territory considered at the hearing, it shall make and record that determination and shall deny the petition. After six (6) months have expired from the date of the denial of a petition, subsequent petitions covering the same or substantially the same territory may be filed and a new hearing held and determinations made thereon.

(4) After the board has made and recorded a determination that there is need, in the interest of the public health, safety, and welfare, for the organization of a district in a particular territory and has defined the boundaries thereof, it shall consider the question whether the operation of a district within the boundaries with the powers conferred upon conservation districts in this act is administratively practicable and feasible. To assist the board in the determination of this administrative practicability and feasibility, the department shall, within a reasonable time after entry of the board's finding that there is need for the organization of the proposed district and the determination of the boundaries thereof, hold a referendum within the proposed district upon the proposition of the creation of the district, and cause due notice of the referendum to be given. The question shall be submitted by ballots upon which the words "For creation of a conservation district of the lands below described and lying in the county(ies) of . . . , . . . , and" and "Against creation of a conservation district of the lands below described and lying in the county(ies) of . . . and" shall appear, with a square before each proposition and a direction to insert an "X" mark in the square before one or the other of the propositions as the voter may favor or oppose creation of the district. The ballot shall set forth the boundaries of the proposed district as determined by the board. All qualified electors within the boundaries of the territory, as determined by the department, are eligible to vote in the referendum.

(5) The department shall pay all expenses for the issuance of the notices and the conduct of the hearings and referenda, and shall supervise the conduct of the hearings and referenda. It shall adopt appropriate rules governing the conduct of the hearings and referenda, and providing for the registration prior to the date of the referendum of all eligible voters, or prescribing some other appropriate procedure for the determination of those eligible as voters in the referendum. No informalities in the conduct of the referendum or in any matters relating thereto shall invalidate the referendum or the result thereof if notice thereof has been given substantially as herein provided and the referendum has been fairly conducted.

(6) The department shall publish the result of the referendum and the board shall thereafter consider and determine whether the operation of the district within the defined boundaries is administratively practicable and feasible. If the board determines that the operation of the district is not administratively practicable and feasible, it shall record that determination and deny the petition. If the board determines that the operation of the district is administratively practicable and feasible, it shall record that determination and shall proceed with the organization of the district in the manner hereinafter provided. In making its determination the board shall consider the attitudes of the qualified electors within the defined boundaries, the number of qualified electors eligible to vote in the referendum who voted, the proportion of the votes cast in the referendum in favor of the creation of the district to the total number of votes cast, the approximate wealth and income of the qualified electors of the proposed district, the probable expense of carrying on erosion-control operations within the district, and such other economic and social factors relevant to the determination, having due regard to the legislative determinations set forth in section 76-102; however, the board may not determine that the operation of the proposed district within the defined boundaries is administratively practicable and feasible unless a majority of the votes cast in the referendum upon the proposition of creation of the district have been cast in favor of the creation of the district.

(7) If the board determines that the operation of the proposed district within the defined boundaries is administratively practicable and feasible, it shall appoint two (2) supervisors to act with the three (3) supervisors elected as provided hereinafter, as the governing body of the district. The district is a governmental subdivision of this state and a public body corporate and politic, upon the taking of the following proceedings:

(8) The two (2) appointed supervisors shall present to the secretary of state an application signed by them, which shall set forth: (a) That a petition for the creation of the district was filed with the department pursuant to this act, that the proceedings specified in this act were taken pursuant to the petition, that the application is being filed in order to complete the organization of the district as a governmental subdivision and a public body, corporate and politic, under this act, and that the board has appointed them as supervisors; (b) the name and official residence of each of the supervisors, together with a certified copy of the appointments evidencing their right to office; (c) the term of office of each of the supervisors; (d) the name which is proposed for the district; and (e) the location of the

principal offices of the supervisors of the district. The application shall be subscribed and sworn to by each of the supervisors. The application shall be accompanied by a statement by the department, which shall certify that a petition was filed, notice issued, and hearing held as provided in this act; that the board determined that there is need, in the interest of the public health, safety, and welfare, for a conservation district to function in the proposed territory, and defined the boundaries thereof; that notice was given and a referendum held on the question of the creation of the district, and that the result of the referendum showed a majority of the votes cast in the referendum to be in favor of the creation of the district; and that thereafter the board determined that the operation of the proposed district is administratively practicable and feasible. The statement shall also set forth the boundaries of the district as they have been defined by the board.

(9) The secretary of state shall examine the application and statement and, if he finds that the name proposed for the district is not identical with that of any other conservation district of this state or so nearly similar as to lead to confusion or uncertainty, he shall receive and file them and shall record them in an appropriate book of record in his office. If the secretary of state finds that the name proposed for the district is identical with that of any other conservation district of this state, or so nearly similar as to lead to confusion and uncertainty, he shall certify that fact to the board, which shall thereupon submit to the secretary of state a new name for the district, which is not subject to such defects. Upon receipt of the new name, free of such defects, the secretary of state shall record the application and statement, with the name so modified, in an appropriate book of record in his office. When the application and statement have been made, filed, and recorded, as herein provided, the district is a governmental subdivision of this state and a public body corporate and politic. The secretary of state shall make and issue to the supervisors without cost a certificate, under the seal of the state, of the due organization of the district, and shall record the certificate with the application and statement. The boundaries of the district shall include the territory as determined by the board, but they may not include any area included within the boundaries of another conservation district.

(10) After six (6) months have expired from the date of entry of a determination by the board that operation of a proposed district is not administratively practicable and feasible, and denial of a petition pursuant to the determination, subsequent petitions may be filed and action taken thereon in accordance with this act.

(11) Petitions for including additional territory within an existing district may be filed with the department, and the proceedings herein provided for in the case of petitions to organize a district shall be followed in the case of petitions for the inclusion. The department shall prescribe the form for the petitions, which shall be as nearly as may be in the form prescribed in this act for petitions to organize a district. Where the total number of qualified electors in the area proposed for inclusion are less than ten (10), the petition may be filed when signed by a majority of the qualified electors of the area, and in that case no referendum need be held. In referenda upon

petitions for the inclusion, all qualified electors within the proposed additional area are eligible to vote.

(12) In a suit, action, or proceeding involving the validity or enforcement of, or relating to, a contract, proceeding, or action of the district, the district shall be considered to have been established in accordance with this act upon proof of the issuance of the certificate by the secretary of state. A copy of the certificate, duly certified by the secretary of state, is admissible in evidence in the suit, action, or proceeding and is proof of the filing and contents thereof.

The department may extend the time within which nominating petitions may be filed. A nominating petition may not be accepted by the department unless it is subscribed by ten (10) or more qualified electors within the boundaries of the district. Qualified electors may sign more than one (1) nominating petition to nominate more than one (1) candidate for supervisor. The department shall give due notice of an election to be held for the election of three (3) supervisors for the district. The names of all nominees on behalf of whom the nominating petitions have been filed within the time herein designated, shall be printed, arranged in the alphabetical order of the surnames, upon ballots, with a square before each name and a direction to insert an "X" mark in the square before any three (3) names to indicate the voter's preference. All qualified electors within the district are eligible to vote in the election. The three (3) candidates who receive the largest number, respectively, of the votes cast in the election are the elected supervisors for the district. The department shall pay all the expenses of the election, shall supervise the conduct thereof, shall prescribe rules governing the conduct of the election and the determination of the eligibility of votes therein, and shall publish the results thereof.

A supervisor may be removed by the board upon notice and hearing, for neglect of duty or malfeasance in office, but for no other reason.

(7) The supervisors may invite the legislative body of any municipality or county located near the territory comprised within the district to designate a representative to advise and consult with the supervisors of the district on all questions of program and policy which may affect the property, water supply, or other interests of the municipality or county.

of water"; inserted present subdivisions (12) through (14); and designated former subdivision (12) as subsection B.

The 1975 amendment added subdivision A(15); and made a minor change in punctuation.

76-109. Adoption of land-use regulations. (A) The supervisors of any district shall have authority to formulate regulations governing the use of lands within the district in the interest of conserving soil and water resources and preventing and controlling erosion. The supervisors may conduct such public meetings and public hearings upon tentative regulations as may be necessary to assist them in this work. The supervisors shall not have authority to enact such land-use regulations into law until after they shall have caused due notice to be given of their intention to conduct a referendum for submission of such regulations to the qualified electors within the boundaries of the district for their indication of approval or disapproval of such proposed regulations, and until after the supervisors have considered the result of such referendum.

(B) The proposed regulations shall be embodied in a proposed ordinance. Copies of such proposed ordinance shall be available for the inspection of all eligible voters during the period between publication of such notice and the date of the referendum. The notices of the referendum shall recite the contents of such proposed ordinance, or shall state where copies of such proposed ordinance may be examined. The question shall be submitted by ballots, upon which the words "For approval of proposed ordinance No. _____, prescribing land-use regulations for conservation of soil and prevention of erosion" and "Against approval of proposed ordinance No. _____, prescribing land-use regulations for conservation of soil and prevention of erosion" shall appear, with a square before each proposition and a direction to insert and [an] "X" mark in the square before one (1) or the other of said propositions as the voter may favor or oppose approval of such proposed ordinance. The supervisors shall supervise such referendum, shall prescribe appropriate regulations governing the conduct thereof, and shall publish the result thereof. All qualified electors within the district shall be eligible to vote in such referendum. No informalities in the conduct of such referendum or in any matters relating thereto shall invalidate said referendum or the result thereof if notice thereof shall have been given substantially as herein provided and said referendum shall have been fairly conducted.

(C) The supervisors shall not have authority to enact such proposed ordinance into law unless a majority of the votes cast in such referendum shall have been cast for approval of the said proposed ordinance. The approval of the proposed ordinance by a majority of the votes cast in such referendum shall not be deemed to require the supervisors to enact such proposed ordinance into law. Land-use regulations prescribed in ordinances adopted pursuant to the provisions of this section by the supervisors of any district shall have the force and effect of law in the said district and shall be binding and obligatory upon all occupiers of lands within such district.

(D) Any qualified elector within such district may at any time file a petition with the supervisors asking that any or all of the land-use regulations prescribed in any ordinance adopted by the supervisors under the provisions of this section shall be amended, supplemented, or repealed. Land-use regulations prescribed in any ordinance adopted pursuant to the provisions of this section shall not be amended, supplemented or repealed, except in accordance with the procedure prescribed in this section for adoption of land-use regulations. Referenda on adoption, amendment, supplementation, or repeal of land-use regulations shall not be held more often than once in six (6) months.

The regulations to be adopted by the supervisors under the provisions of this section may include:

1. to 4. * * * [Same as parent volume.]

5. Provisions for such other means, measures, operations, and programs as may assist conservation of soil and water resources and prevent or control erosion in the district, having due regard to the legislative findings set forth in section 76-102.

The regulations shall be uniform throughout the territory comprised within the district except that the supervisors may classify the lands within the district with reference to such factors as soil type, degree of slope, degree of erosion threatened or existing, grazing and cropping programs, and tillage and range practices in use, and other relevant factors and may provide regulations varying with the type or class of land affected, but uniform as to all lands within each class or type. Copies of land-use regulations adopted under the provisions of this section shall be printed and made available to all occupiers of land within the district.

last sentence of subsection (A), for "occupiers of lands within" in the sixth sentence of subsection (B), and for "occupier of land" in the first sentence of subsection (D); deleted the former seventh sentence of subsection (B) reading, "Only such land occupiers shall be eligible to vote"; inserted "and water" before "resources" in subdivision (D) 5; deleted "soil" before "erosion" in subdivision (D) 5; deleted "lying" after "occupiers of land" in the last sentence of the final paragraph of subsection (D); and made a minor change in punctuation.

76-110. Performance of work under the regulations by the supervisors.

(1) * * * [Same as parent volume.]

(2) Where the supervisors of any district shall find that any of the provisions of land-use regulations prescribed in any ordinance adopted in accordance with the provisions of section 76-109 are not being observed on particular lands, and that such nonobservance tends to increase erosion on such lands, and is interfering with the prevention or control of erosion on other lands within the district, the supervisors may present to the district court of the county in which the lands of the defendant may lie, a petition, duly verified, setting forth the adoption of the ordinance pre-

scribing land-use regulations, the failure of the defendant to observe such regulations, and to perform particular work, operations, or avoidances as required thereby, and that such nonobservances tends to increase erosion on such lands and is interfering with the prevention or control of erosion on other lands within the district, and praying the court to require the defendant to perform the work, operations, or avoidances within a reasonable time and to order that if the defendant shall fail so to perform the supervisors may go on the land, perform the work or other operations or otherwise bring the condition of such lands into conformity with the requirements of such regulations, and recover the costs and expenses thereof, with interest, from the defendant.

(3) * * * [Same as parent volume.]

(4) The court may dismiss the petition; or it may require the defendant to perform the work, operations, or avoidances, and may provide that upon the failure of the defendant to initiate such performance within the time specified in the order of the court, and to prosecute the same to completion with reasonable diligence, the supervisors may enter upon the lands involved and perform the work or operations or otherwise bring the condition of such land into conformity with the requirements of the regulations and recover the costs and expenses thereof, with interest at the rate of five per cent (5%) a year from the defendant. In all cases where the person in possession of lands, who shall fail to perform such work, operations, or avoidances shall not be the owner, the owner of such lands shall be joined as party defendant.

(5) The court shall retain jurisdiction of the case until after the work has been completed. Upon completion of such work pursuant to such order of the court the supervisors may file a petition with the court, a copy of which shall be served upon the defendant in the case, stating the costs and expenses sustained by them in the performance of the work and praying judgment therefor with interest. The court shall have jurisdiction to enter judgment for the amount of such costs and expenses, with interest at the rate of five per cent (5%) a year until paid, together with the costs of suit, including a reasonable attorney's fee to be fixed by the court.

Amendments

The 1971 amendment deleted "land occupier" after "the failure of the defendant"

near the middle of subsection (2); substituted "defendant" for "occupier of such land" at the end of subsection (2) and at the end of the first sentence of subsection (4); and made minor changes in phraseology.

76-111. Board of adjustment. (1) Where the supervisors of a district adopt an ordinance prescribing land-use regulations in accordance with section 76-109, they shall further provide by ordinance for the establishment of a board of adjustment. The board of adjustment shall consist of three (3) members, each to be appointed for a term of three (3) years, except that the members first appointed shall be appointed for terms of 1, 2, and 3 years, respectively. The members of each board of adjustment shall be appointed by the department, with the advice and approval of the supervisors of the district for which the board has been established, and

may be removed by the department, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other reason, the hearing to be conducted jointly by the department and the supervisors of the district. Vacancies in the board of adjustment shall be filled in the same manner as original appointments and shall be for the unexpired term of the member whose term becomes vacant. Members of the board of natural resources and conservation, employees of the department, and the supervisors of the district are ineligible to appointment as members of the board of adjustment. The members of the board of adjustment shall receive compensation for their services at the rate of four dollars (\$4) per day for time spent on the work of the board, in addition to expenses, including travel expenses, as provided for in sections 59-538, 59-539, and 59-801, necessarily incurred in the discharge of their duties. The supervisors shall pay the necessary administrative and other expenses of operation incurred by the board, upon the certificate of the chairman of the board.

(2) The board of adjustment shall adopt rules to govern its procedures, which rules shall be in accordance with this act, and with any ordinance adopted pursuant to this section. The board shall annually elect a chairman from among its members. Meetings of the board shall be held at the call of the chairman and at such other times as the board may determine. Any two (2) members of the board constitute a quorum. The chairman, or in his absence, such other member of the board as he may designate to serve as acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public. The board shall keep a full and accurate record of all proceedings, of all documents filed with it, and of all orders entered, which shall be filed in the office of the board and shall be a public record.

(3) Any qualified elector may file a petition with the board of adjustment, alleging that there are great practical difficulties or unnecessary hardship in the way of his carrying out upon his lands the strict letter of the land-use regulations prescribed by ordinance approved by the supervisors, and praying the board to authorize a variance from the terms of the land-use regulations in the application of the regulations to the lands occupied by the petitioner. Copies of the petition shall be served by the petitioner upon the chairman of the supervisors of the district within which his lands are located and upon the department. The board of adjustment shall fix a time for the hearing of the petition and cause due notice of the hearing to be given. The supervisors of the district and the department are entitled to appear and be heard at the hearing. A qualified elector within the district who objects to the authorizing of the variance prayed for may intervene and become a party to the proceedings. A party to the hearing before the board may appear in person, by agent, or by attorney. If, upon the facts presented at the hearing the board determines that there are great practical difficulties or unnecessary hardship in the way of applying the strict letter of any of the land-use regulations upon the lands of the petitioner, it shall make and record that determination and shall make and record findings of fact as to the specific conditions which establish the great practical difficulties or unnecessary hardship. Upon the basis of the findings and determination, the board may order a variance from the terms of the land-use regula-

tions, in their application to the lands of the petitioner, that will relieve the great practical difficulties or unnecessary hardship and will not be contrary to the public interest, and such that the spirit of the land-use regulations are observed, the public health, safety, and welfare secured, and substantial justice done.

(4) A petitioner aggrieved by an order of the board granting or denying, in whole or in part, the relief sought, the supervisors of the district, or an intervening party, may obtain a review of the order in any district court of the county, in which the lands of the petitioner lie, by filing in the court a petition praying that the order of the board be modified or set aside. A copy of the petition shall immediately be served upon the parties to the hearing before the board, and thereupon the party seeking review shall file in the court a transcript of the entire record in the proceedings, certified by the board, including the documents and testimony upon which the order complained of was entered, and the findings, determination, and order of the board. Upon the filing, the court shall cause notice thereof to be served upon the parties, and the court has jurisdiction of the proceedings and of the questions determined or to be determined therein, and may grant such temporary relief as it deems just and proper, and make and enter a decree enforcing, modifying, and enforcing as so modified, or setting aside, in whole or in part, the order of the board. A contention that is not urged before the board may not be considered by the court unless the failure or neglect to urge the contention is excused because of extraordinary circumstances. The findings of the board as to the facts, if supported by evidence, are conclusive. If a party applies to the court for leave to produce additional evidence and shows to the satisfaction of the court that the evidence is material and that there are reasonable grounds for the failure to produce the evidence in the hearing before the board, the court may order the additional evidence to be taken before the board and to be made a part of the transcript. The board may modify its findings as to the facts or make new findings, taking into consideration the additional evidence so taken and filed, and it shall file the modified or new findings, which, if supported by evidence, are conclusive, and shall file with the court its recommendations, if any, for the modification or setting aside of its original order. The jurisdiction of the court is exclusive and its judgment and decree are final, except that they are subject to review in the same manner as are other judgments or decrees of the court.

Amendments

The 1971 amendment substituted "state conservation commission" for "state soil conservation committee" throughout the section; substituted "qualified elector" for "land occupier" in the first sentence, and for "occupiers of land lying" in the fifth sentence, of subsection C; and made minor changes in style and punctuation. sentence, of subsection (3); and made minor changes in style and punctuation.

The 1974 amendment substituted "department" for references to the state conservation commission or its chairman throughout the section; substituted "board of natural resources and conservation" and "employees of the department" in the fifth sentence of subsection (1) for "state conservation commission"; and made minor changes in phraseology, punctuation and style.

The 1975 amendment inserted "as provided for in sections 59-538, 59-539, and 59-801" after "travel expenses" near the end of subsection (1); and made minor changes in phraseology.

76-114. Discontinuance of districts. (1) At any time after five (5) years after the organization of a district under this act, any ten (10) qualified electors within the boundaries of the district may file a petition with the department, praying that the board terminate the operations of the district and discontinue the existence of the district. The department may conduct such public meetings and public hearings upon the petition as are necessary to assist it and the board in the consideration thereof.

(2) Within sixty (60) days after the petition has been received by the department it shall give due notice of the holding of a referendum, and shall supervise the referendum, and issue appropriate regulations governing the conduct thereof, the question to be submitted by ballots upon which the words "For terminating the existence of the . . . (name of the conservation district to be here inserted)" and "Against terminating the existence of the . . . (name of the conservation district to be here inserted)" shall appear, with the square before each proposition and a direction to insert an "X" mark in the square before one or the other of the propositions as the voter may favor or oppose discontinuance of the district. All qualified electors within the boundaries of the district are eligible to vote in the referendum. No informalities in the conduct of the referendum or in any matters relative thereto shall invalidate the referendum or the result thereof if notice thereof is given substantially as herein provided and the referendum is fairly conducted.

(3) The department shall publish the result of the referendum and the board shall thereafter consider and determine whether the continued operation of the district within the defined boundaries is administratively practicable and feasible. If the board determines that the continued operation of the district is administratively practicable and feasible, it shall record that determination and deny the petition. If the board determines that the continued operation of the district is not administratively practicable and feasible, it shall record that determination and shall certify the determination to the supervisors of the district.

(4) In making the determination the board shall give due regard and weight to the attitudes of the qualified electors lying within the district, the number of qualified electors eligible to vote in the referendum who voted the proportion of the votes cast in the referendum in favor of the discontinuance of the district to the total number of votes cast, the approximate wealth and income of the qualified electors of the district, the probable expense of carrying on erosion control operations within the district, and such other economic and social factors as may be relevant to the determination, having due regard to the legislative findings set forth in section 76-102; however, the board may not determine that the continued operation of the district is administratively practicable and feasible unless at least a majority of the votes cast in the referendum are cast in favor of the continuance of the district.

(5) Upon receipt from the department of a certification of the board that the board has determined that the continued operation of the district is not administratively practicable and feasible, pursuant to this section, the supervisors shall immediately proceed to terminate the affairs of the district.

The supervisors shall dispose of all property belonging to the district at public auction and shall pay over the proceeds of the sale to be covered into the state treasury. The supervisors shall thereupon file an application, duly verified, with the secretary of state for the discontinuance of the district, and shall transmit with the application the certificate of the board, setting forth the determination of the board that the continued operation of the district is not administratively practicable and feasible. The application shall recite that the property of the district has been disposed of and the proceeds paid over as in this section provided, and shall set forth a full accounting of the properties and proceeds of the sale. The secretary of state shall issue to the supervisors a certificate of dissolution and shall record the certificate in an appropriate book of record in his office.

(6) Upon issuance of a certificate of dissolution under this section, all ordinances and regulations theretofore adopted and in force within the district are void. All contracts previously entered into, to which the district or supervisors are parties, remain in effect for the period provided in those contracts. The department shall be substituted for the district or supervisors as party to the contracts. The department is entitled to all benefits and subject to all liabilities under the contracts and has the same right and liability to perform, to require performance, to sue and be sued thereon, and to modify or terminate the contracts by mutual consent or otherwise, as the supervisors of the district would have had. The dissolution does not affect the lien of any judgment entered under section 76-110, nor the pendency of an action instituted under that section, and the department succeeds to all rights and obligations of the district or supervisors as to those liens and actions.

History: En. Sec. 14, Ch. 72, L. 1939; amd. Sec. 11, Ch. 431, L. 1971; amd. Sec. 94, Ch. 253, L. 1974.

Amendments

The 1971 amendment substituted "qualified electors" for "occupiers of land lying" in the first sentence of subsection (1), for "occupiers of lands lying" in the second sentence of subsection (2), for "occupiers of lands" near the beginning of subsection (4), and for "land occupiers" near the middle of subsection (4); substituted "state conservation commission" for "state soil conservation committee"

throughout the section; substituted "commission" for "committee" throughout the section; deleted "soil" before "conservation" twice in the first sentence of subsection (2); and deleted a former third sentence of subsection (2) reading, "Only such land occupiers shall be eligible to vote."

76-115. Disposition of funds. (1) Unless otherwise provided by law, all moneys which may from time to time be appropriated out of the state treasury to pay the administrative and other expenses of conservation districts shall be allocated by the department among the districts already organized, or to be organized, during the ensuing biennial fiscal period, in accordance with the procedure specified in subsection (2) of this section. All moneys allocated to a district by the department shall be available to the supervisors of the district for all administrative and other expenses of the district under this act and for all administrative and other expenses of the board of adjustment established or to be established by the district.

(2) Seventy-five per cent (75%) of all moneys which may be appropriated to pay the administrative and other expenses of conservation districts shall be allocated by the department among all the districts organized, or to be organized, within the ensuing biennial fiscal period, under this act, in direct proportion to the total acreage of land within each district. The remaining twenty-five per cent (25%) of the moneys shall be allocated by the department among the districts on such basis of allocation as is fair, reasonable, and in the public interest, giving due consideration to the greater relative expense of carrying on operations within the particular districts because of such factors as unusual topography, unusual severity of erosion, special difficulty of carrying on operations, special volume of work to be done, and the special importance of instituting erosion control operations immediately. In making allocations of the moneys, the department shall retain an amount estimated by it to be adequate to enable it to make subsequent allocations in accordance with this section from time to time among districts which may be organized after the initial allocations are made, but within the ensuing biennial fiscal period.

(3) The department shall submit to the department of administration, on or before the first (1st) day of August of each year preceding a regular session of the legislative assembly a request for an appropriation as provided in the budget act. The request for an appropriation shall state, in addition to the requirements of the budget act, the following:

The number and acreages of districts in existence or in process of organization, together with an estimate of the number and probable acreages of the districts which may be organized during the ensuing biennial fiscal period; a statement of the balance of funds, if any, available to the department and to the districts; and the estimates of the department as to the sums needed for its administrative and other expenses and for allocation among the several districts during the ensuing biennial fiscal period.

Amendments

The 1971 amendment deleted "soil" before "conservation districts" in the first sentences of subsections A and B; substituted "commission" for "committee" throughout the section; substituted "state conservation commission" for "state soil

conservation committee" in the first sentences of subsections B and C; and made minor changes in style and phraseology.

The 1974 amendment substituted "department" for "state soil conservation commission" and "commission" throughout the section; substituted "department of administration" for "state board of examiners" in subsection (3); and made minor changes in phraseology, punctuation and style.

76-117. Change of district name—division and combination of districts.

(1) Petitions for changing the name of a district organized under this act may be filed with the department. The petition shall be signed by a majority of the district supervisors and shall state the present name of the district and the proposed new name. If the department determines that the proposed new name is not identical with or so similar to that of any other district in the state as to lead to confusion or uncertainty, it shall present a statement of that determination to the secretary of state, who shall issue to the district a certificate, under the seal of the state, evidencing the change of name of the district. Upon the issuance of the certificate, the

supervisors of the district shall cause due notice to be given of the change of the name of the district.

(2) A petition may be filed with the department for the division of any district or the combination of any two (2) or more districts, or for the division of a district and the combination of any divided part thereof with any other district. Any or all of these actions may be initiated by the filing of a single petition with the department. The petition shall be signed by a majority of the members of each of the governing bodies of the affected districts. The department shall prescribe the form for the petition. Upon the filing of the petition, the department shall within thirty (30) days give due notice of public hearing upon the petition. All qualified electors within the affected districts, and all other interested parties, are entitled to attend the hearing and be heard. After the hearing, the board of natural resources and conservation upon the record of the hearing shall determine whether the proposed division, the combination or division and combination of territory is administratively practicable and feasible. In making the determination the board shall give due regard to the legislative determinations set forth in section 76-102 and to the considerations enumerated in section 76-105, to the extent applicable, relative to determining the practicability and feasibility of creating a district.

(3) If the board determines that the proposed division or combination, or division and combination, is administratively practicable and feasible, the board shall effect the proposed division, combination, or division and combination by filing with the secretary of state a statement certifying the changes made in the boundaries of the affected districts, together with any change in the name of the districts. If the determination is in the negative the board shall make and record that determination and shall deny the petition. After six (6) months from the denial of the petition, a new petition may be filed.

(4) Upon the division of a district, the supervisors thereof shall allocate the property, rights and liabilities, including contractual obligations, of the district among the resulting parts of the district, giving due consideration to the proportionate size of each divided part, the number of qualified electors and operating units and the degree and extent of soil erosion therein, and other relevant factors. A statement of the allocation shall be filed with the department within thirty (30) days after the notification of the board's determination in favor of the division of the district. Upon the failure of the supervisors to make, or to agree upon, the allocation, it shall be made by the department after such hearing as the department considers necessary, and with due regard for the standards set out in this paragraph for making the allocations.

Provided further that those of the above described veterans who have disabilities admitted by the veterans administration of the United States to have been incurred in service in any of said wars or military expeditions or police action, where such disabilities do not in fact incapacitate, shall be given preference in employment over other veterans.

 77-2405. Judicial inquiry as to emergency proclamation and facts.
 77-2406. Penalty for violation of rules and regulations.

77-2401. Legislative findings—policy of state. (1) The legislature recognizes that an attack upon the United States is a possibility; that such attack might be of unprecedented size and destructiveness; that a considerable period of time may elapse after an attack before federal operational control over the management of resources can be instituted; and that federal planning and activities with respect to post-attack recovery and rehabilitation necessarily are predicated on the ability of the states and their political subdivisions to prepare for, and respond promptly to, the problems created by an attack. Therefore, it is hereby found and declared to be necessary to confer upon the governor and upon the executive heads of governing bodies of political subdivisions of this state the emergency powers provided for in this chapter.

(2) It is further declared to be the purpose of this chapter and the policy of this state that all resource management functions of this state be co-ordinated to the maximum extent with the comparable functions of the federal government, of other states and localities, and of private agencies to the end that the most effective preparation and use may be made of available manpower, resources, and facilities in an emergency.

History: En. Sec. 2, Ch. 297, L. 1967; Sec. 77-1502, R. O. M. 1947; amd. and redes. 77-2401 by Sec. 19, Ch. 94, L. 1974.

(1) "Emergency Resources Management Plan" means that plan prepared by the department of military affairs, approved by the federal office of emergency planning, and adopted by the governor, which sets forth the organization, administration, and functions for the emergency management by the state government of essential resources and economic stabilization within the state. The plan shall provide an emergency organization and emergency administrative policies and procedures for the conservation, allocation, distribution, and use of essential resources available to the state following a civil defense emergency such as an attack upon the United States. It shall be supplemental to the national plan for emergency preparedness adopted by the president of the United States, and shall become operative upon the establishment of a civil defense emergency. To the extent that the federal government is either incapable of or not prepared to conduct its emergency resources management program, the state plan will substitute for and replace the federal program until such time as the federal program becomes effective in the state.

(2) "Enemy attack" means an actual attack by a foreign nation by hostile air raids, or other forms of warfare, upon this state or any other state or territory of the United States.

(3) "Political subdivision" means any county, city, town, or township of the state.

History: En. Sec. 3, Ch. 297, L. 1967; Sec. 77-1503, R. C. M. 1947; amd. and redes. 77-2402 by Sec. 20, Ch. 94, L. 1974.

(3) When the expenditure of an appropriation is necessary, and the cash balance in the account from which the appropriation was made is insufficient, the department of administration may authorize a transfer, as a temporary loan bearing no interest, of unrestricted moneys from other accounts, provided that there is reasonable evidence that the income provided for the remainder of the fiscal year will be sufficient to restore the amount so transferred, and provided the loan is recorded in the state accounting records. No account shall be so impaired that all proper demands thereon cannot be met.

(4) When moneys have been appropriated from several sources for the operation of a state agency, the department of administration may establish an account to receive, hold and disburse moneys appropriated for the operation of the agency and regulate the transfer of moneys to the account in accordance with the laws governing the expenditure of state moneys.

(4) For the purpose of supplying deficiencies in the general fund, the state treasurer may temporarily borrow from other treasury funds, providing that the loan is recorded in the state accounting records. Such loan shall bear no interest and no fund shall be so impaired that all proper demands thereon cannot be met.

(2) When the board of investments has under its control any funds subject to investment which in its judgment it would be advantageous to have invested in state general fund warrants, and there are not sufficient funds in the state general fund to pay warrants issued against the fund at the time they are issued and presented for payment, it shall authorize and direct the state treasurer to purchase state general fund warrants, designating the fund or funds to be so invested and fixing the amount or amounts. Compiler's Notes

This section was amended twice in 1973, once by Ch. 100 and once by Ch. 298. Neither amendatory act mentioned the other. They appear to conflict in the language used at the end of the first sentence. Since the only change made by Ch. 100 was in the conflicting language, and since Ch. 298 was later in time of approval, the compiler has used the language of Ch. 298 above.

Amendments

"the trust and legacy fund statutes" at the end of the first sentence for "article XXI of the constitution and acts and parts of acts carrying this part of the constitution into effect."

79-2202. Long-range building program bonds. (1) When authorized by the vote of two-thirds (2/3) of the members of each house of the legislature, or of a majority of the electors voting thereon if so provided by law, and within the limits of such authorization and the further limitations in this section, the board may issue and sell bonds of the state of Montana in such manner as it shall deem necessary and proper to provide funds to finance the long-range building program. Bonds may be issued hereunder to provide funds for the payment or redemption of the outstanding War Veterans' Compensation Bonds and World War I Veterans' Compensation Bonds issued pursuant to Initiative No. 54, and the amendment thereof, chapter 270, Laws of 1963, and long-range building program bonds issued under this section. The full faith and credit and taxing powers of the state of Montana shall be pledged for the payment of all bonds issued pursuant to this chapter after January 1, 1973, with all interest thereon and premiums payable upon the redemption thereof.

(2) Each series of such bonds shall be issued by the board upon request of the department of administration, in such denominations and form, whether payable to bearer or registered as to principal or both principal and interest, with such provisions for conversion or exchange and for the issuance of notes in anticipation of the execution and delivery of definitive bonds, bearing interest at such rate or rates, maturing at such times not exceeding thirty (30) years from date of issue, subject to redemption at such earlier times and prices and upon such notice, and payable at the office of such fiscal agency of the state of Montana, as the board shall determine subject to the limitations contained in this section.

(3) In the issuance of each series of such bonds, the amount, maturities and interest rates thereof shall be fixed in such manner that the maximum amount of principal and interest to become due in any subsequent fiscal year, on all such bonds then outstanding and on the series so to be issued, will not exceed fifty per centum (50%) of the average annual amount collected during the three (3) then next preceding fiscal years, from the special taxes pledged by law to the sinking fund account at the time of such issuance; except that this provision shall not constitute a covenant of the state for the security of the bonds issued pursuant to this chapter after January 1, 1973, and the state reserves the right to amend this subsection (3) in any manner after all bonds issued prior to that date, and the interest thereon, have been fully paid or the state's liability thereon has been otherwise fully discharged.

(4). * * * [Same as parent volume.]

(5) All proceeds of bonds issued hereunder shall be deposited in the clearance fund account, except that any premiums and accrued interest received shall be deposited in the sinking fund account. For the purposes set forth in subdivision (1) hereof, the state treasurer acting by and with the approval of the state board of examiners may set aside such funds as may be necessary to assure the redemption, or payment at maturity, of all of the outstanding War Veterans' Compensation Bonds and World War I Veterans' Compensation Bonds and as may be necessary or required to fulfill the obligations of the state of Montana by virtue thereof. With such funds the state treasurer with the approval of the state board of examiners is hereby authorized to call said bonds for redemption in accordance with the provisions thereof, at any redemption date, to pay said bonds on the maturity dates thereof, to deposit securities in escrow for the purpose of assuring such payments at future dates, and to take such other steps as may be necessary to fulfill all of the obligations of the state of Montana existing under the provisions of said bonds and the laws and resolutions authorizing the same.

(6) The state board of examiners is hereby authorized to employ a fiscal agent to assist in the performance of its duties hereunder.

History: En. Sec. 2, Ch. 276, L. 1965; amd. Sec. 2, Ch. 318, L. 1967; amd. Sec. 1, Ch. 146, L. 1969; amd. Sec. 1, Ch. 222, L. 1971; amd. Sec. 2, Ch. 510, L. 1973.

Amendments

The 1967 amendment added what is now the second sentence of subsection (1); added the second and third sentences of subsection (5); and added subsection (6).

The 1969 amendment increased the maximum interest rate specified in subsection (2) from five per cent to five and one-half per cent per annum.

The 1971 amendment deleted from subsection (2) the clause limiting interest rates to five and one-half per cent per annum; and made a minor change in phraseology.

The 1973 amendment substituted "by the vote of two-thirds ($\frac{2}{3}$) of the members of each house of the legislature, or of a majority of the electors voting thereon if so provided by law" near the beginning of subsection (1) for "by the legislative assembly"; substituted the final sentence of subsection (1) for a second sentence providing that the bonds should never become a debt of the state; substituted a reference to the department of administration in subsection (2) for a reference to the controller; added the final part of subsection (3), beginning "except that this provision shall not constitute a covenant"; and made minor changes in phraseology and punctuation.

79-2203. Sinking fund account. (1) From and after the pledge and appropriation of any special tax to the sinking fund account, as provided and contemplated in this section, such tax shall continue in force and shall be available and shall be pledged and appropriated for the payment of long-range building program bonds, and all moneys received from the collection thereof shall be deposited by the treasurer to the credit of the sinking fund account. No special taxes pledged to the sinking fund account on January 1, 1973, shall be discontinued or diverted to other funds until all bonds issued pursuant to this chapter prior to that date and the interest thereon have been fully paid or the state's liability thereon has been fully discharged, except to the extent, if any, that the right so to do has been reserved in the resolutions authorizing the issuance of such bonds. Subject to the foregoing provisions of this subsection (1), the state

reserves the right to modify from time to time the nature and amount of special taxes to be deposited to the credit of the sinking fund account.

(2). * * * [Same as parent volume.]

(3) Money at any time received in the sinking fund account in excess of the principal, interest and reserve requirements stated in subsection (2) shall be transferred by the treasurer to the general fund. If the balance at any time on hand in the sinking fund account is not sufficient for compliance with subsection (2), the treasurer shall credit to said account an amount sufficient to restore said balance from the next collections of the special taxes appropriated to said account, and from any other collections of taxes appropriated to the general fund, not exceeding the aggregate amount theretofore transferred from the sinking fund account to the general fund.

(4) The state reserves the power, by enactment of the legislative assembly or the people, to levy, impose and assess and to pledge and appropriate to the sinking fund account any tax specially designated therein, or any specified amount or percentage of the collections of such special tax. The state also reserves the power to appropriate any funds designated by enactment of the legislative assembly or the people for the redemption and prepayment of any long-range building program bonds, or to authorize the issuance and sale of bonds for the purpose of refunding any such outstanding bonds or interest thereon, upon such terms and conditions as may be provided in said enactments and consistent with covenants and agreements made for the security of the outstanding bonds. Refunding bonds issued in advance of the maturity of the bonds refunded shall be issued only subject to the conditions stated in subsection (3) of section 79-2202, substituting for this purpose the principal and interest requirements of the refunding bonds for those of the bonds refunded. Nothing herein shall prevent the board from issuing and selling refunding bonds, payable from the sinking fund account, to provide funds for payment of principal or interest due on long-range building program bonds, when and if and to the extent that the sinking fund account is insufficient for this purpose.

(5) The state pledges and appropriates, and directs to be credited as received to the sinking fund account, eleven per centum (11%) of all money received from the collection of the income tax and the corporation license tax referred to in section 84-1901, and such additional amount of said taxes, if any, as may at any time be needed to comply with the principal and interest and reserve requirements stated in subsection (2) of this section; provided that no more than eleven per centum (11%) of such tax collections shall be deemed to be pledged for the purpose of subsection (3) of section 79-2202. The pledge and appropriation herein made shall be and remain at all times a first and prior charge upon all money received from the collection of said taxes.

(6) The state pledges and appropriates and directs to be credited to the sinking fund account fifteen per centum (15%) of all money received from the collection of the nine cents (9¢) excise tax on cigarettes which is levied, imposed and assessed by section 84-5606, subdivision (2).

The state also pledges and appropriates and directs to be credited as received to the sinking fund account all money received from the collection of each of the excise taxes on cigarettes which are levied, imposed and assessed by section 84-5606, subdivisions (3) and (4), as amended, after the payment and redemption in full of the outstanding bonds for which said taxes have heretofore been pledged and appropriated, or after the necessary funds have been set aside for such payment and redemption as provided in this chapter. The state also pledges and appropriates and directs to be credited as received to the sinking fund account all money received from the collection of the taxes on other tobacco products which are or may hereafter be levied, imposed and assessed by law for that purpose including the tax levied, imposed and assessed by section 84-6802, R. C. M. 1947. Nothing herein shall impair or otherwise affect the provisions and covenants contained in the resolutions authorizing the War Veterans' Compensation Bonds, the World War I Veterans' Compensation Bonds or the presently outstanding long-range building program bonds. Subject to the provisions of the preceding sentence, the pledge and appropriation herein made shall be and remain at all times a first and prior charge upon all money received from the collection of all taxes referred to in this subdivision (6).

History: En. Sec. 3, Ch. 276, L. 1965; amd. Sec. 3, Ch. 318, L. 1967; amd. Sec. 2, Ch. 222, L. 1971; amd. Sec. 3, Ch. 510, L. 1973.

DECISIONS UNDER FORMER LAW

Approval by Voters

Because portions of the proceeds of the income tax, corporation license tax and tobacco tax are pledged for the security of bonds issued under this chapter, the issuance of new bonds would create a liability within the meaning of section 2, article XIII of the 1889 constitution, and such bonds may not be issued without approval by a vote of the people. State ex rel. Ward v. Anderson, 158 M 279, 491 P 2d 868, distinguishing Cottingham v.

State Board of Examiners, 134 M 1, 328 P 2d 907.

A holding that bonds issued under this chapter must be approved by the people will not be given retroactive effect; bonds issued in good faith before November 23, 1971, but without approval by a vote of the electors pursuant to section 2 of article XIII of the 1889 constitution, are valid. State ex rel. Ward v. Anderson, 158 M 279, 491 P 2d 868.

79-2204. Waiver of security provisions. If so stated in any series of bonds issued hereunder, the purchasers and holders thereof may by their purchase and retention of the same waive in whole or in part the security otherwise made available for such bonds by any provision of this chapter.

History: En. Sec. 4, Ch. 276, L. 1965; amd. Sec. 4, Ch. 510, L. 1973.

Amendments

The 1973 amendment substituted "retention" for "redemption"; and made a minor change in style.

79-2205. Authorization of bonds. The board is authorized to issue and sell long-range building program bonds in an amount not exceeding two million five hundred thousand dollars (\$2,500,000), over and above the amount of the long-range building program bonds outstanding January 1, 1973, upon the conditions and in the manner stated in this chapter. The board is also authorized to issue and sell long-range building program bonds in such amount as may be required to provide funds for the payment or redemption of outstanding bonds as contemplated in section 79-2202, subdivisions (1) and (5) and section 72-2203, subdivision (4).

History: En. Sec. 5, Ch. 276, L. 1965; amd. Sec. 4, Ch. 318, L. 1967; amd. Sec. 2, Ch. 146, L. 1969; amd. Sec. 3, Ch. 222, L. 1971; amd. Sec. 5, Ch. 510, L. 1973.

Amendments

The 1967 amendment inserted "over and above the amount of the long-range building program bonds outstanding January 1, 1967," before "upon the conditions"; and added the last sentence.

The 1969 amendment substituted "eighteen million dollars (\$18,000,000)" for "thirteen million five hundred thousand dollars (\$13,500,000)" and substituted "previously authorized" for "outstanding January 1, 1967" before "upon the conditions" in the first sentence.

The 1971 amendment substituted "five million, five hundred thousand dollars (\$5,500,000) over and above the amount of

the long-range building program bonds outstanding January 1, 1971" in the first sentence for "eighteen million dollars (\$18,000,000), over and above the amount of the long-range building program bonds previously authorized."

The 1973 amendment changed the authorization in the first sentence from \$5,500,000 above the amount outstanding on January 1, 1971, to \$2,500,000 above the amount outstanding on January 1, 1973; and added to the end of the section the reference to subdivision (4), section 72-2203.

Effective Date

Section 3 of Ch. 146, Laws 1969 provided the act should be in effect from and after its passage and approval. Approved February 27, 1969.

DECISIONS UNDER FORMER LAW

It is the intent of this act that each agency of state government be audited for the purpose of furnishing the legislative assembly with factual information vital to the discharge of its legislative duties.

History: En. Sec. 1, Ch. 249, L. 1967.

- (2) With regard to this hearing, the youth shall be given:
- (a) Written notice of the alleged violation of his aftercare agreement, including notice that the purpose of the hearing is to determine whether he has committed the violation, and, if so, whether or not the violation is of such a nature that he should be returned to the juvenile facility from which he was released;

The referee shall give a written decision to the youth listing the reasons for his decision.

(5) Either the department or the youth may appeal from the decision at the hearing to the district court of the county in which the alleged violation occurred, by serving and filing a notice of appeal with the court within ten (10) days of the decision. (6) Pending the hearing on a violation, a youth may not be detained except when his detention or care is required to protect the person or property of the youth or of others; or he may abscond or be removed from the community in which the alleged violation occurred. Procedures for taking into custody and detention of a youth charged with violation of his aftercare agreement shall be as provided in sections 10-1211, and 10-1214, R. C. (1) The department shall assess monthly against each resident or responsible person, the full per diem charge, a proportionate share of the per diem charge, or no per diem charge, plus full ancillary charge, a proportionate share of the ancillary charge, or no ancillary charge, based upon financial information given to the department during its investigation. The per diem shall be computed on July 1 of each year by the department.

(2) An assessment made by the department under this section shall be based on the resident's or responsible person's ability to pay. The department shall not make an assessment which would place an undue financial burden on the resident or the responsible person.

(3) For the purpose of these investigations, every agency of the state is required to render all reasonable assistance to the department in obtaining all information necessary for the proper implementation of the purposes of this investigation. A representative of the department, duly authorized by the director, may administer oaths, take testimony, subpoena and compel the attendance of witnesses and the production of books, papers, records, and documents in connection with the duty of securing payments for support as provided by this act. A person who fails to obey the subpoena, upon petition of the department, to any judge of the district court of the state, may be ordered by the judge to appear and show cause for his disobedience

of the subpoena. The judge, after the hearing, may order that the subpoena be obeyed, or if it is made to appear to the judge that the subpoena was for any reason inappropriately issued, may dismiss the petition. (4) The state has a claim against the estate of a patient and against the estate of a responsible person, for an amount due to the state at the date of death of the resident or the responsible person. The claim against the estate of a responsible person does not have priority against the estate for the amount necessary to rear and educate surviving children of the responsible person.

(5) The attorney general shall collect any claim which the state may have against such estate. This claim may not be enforced against any real estate while it is occupied as a home by the surviving spouse or the resident or responsible person.

(6) If a resident or responsible person disagrees with the determination of the department as to the ability of the resident or responsible person to pay any part of the per diem or ancillary charge, an appeal may be filed within thirty (30) days of the determination with the board of institutions. If the resident disagrees with the determination of the appeal by the board of institutions, an appeal may be filed in any court of record in Montana having jurisdiction of the resident or responsible person liable for the payment.

(7) The department may, at any time, review and change a determination for per diem or ancillary charge payments. In any case, however, a resident of an institution may not be released by reason of the nonpayment of the per diem or the ancillary charge, if in the judgment of the superintendent of the institution at which he is a resident, this release is medically inadvisable.

(8) A per diem payment received by the department shall be deposited in the state treasury to the credit of the general fund.

80-2412. Interstate compact on mental health enacted—text. The interstate compact on mental health as contained herein is hereby enacted into law and entered into by this state with all other jurisdiction legally joining therein in the form substantially as follows:

The contracting states solemnly agree, that:

Article I. The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by co-operative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the

party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

Article II. As used in this compact:

(a) "Sending state" shall mean a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent.

(b) "Receiving state" shall mean a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent.

(c) "Institution" shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.

(d) "Patient" shall mean any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact.

(e) "Aftercare" shall mean care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

(f) "Mental illness" shall mean mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, or the welfare of others, or of the community.

(g) "Mental deficiency" shall mean mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of managing himself and his affairs, but shall not include mental illness as defined herein.

(h) "State" shall mean any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

Article III. (a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or treatment in an institution in that state irrespective of his residence, settlement, or citizenship qualifications.

(b) The provisions of paragraph (a) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the patient's full record with due regard for the location of the patient's family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

(c) No state shall be obliged to receive any patient pursuant to the provisions of paragraph (b) of this article unless the sending state has given advance notice of its intention to send the patient; furnish all available medical and other pertinent records concerning the patient; given

the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish; and unless the receiving state shall agree to accept the patient.

(d) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

Article IV. (a) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive aftercare or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that aftercare in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such aftercare in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient's intended place of residence and the identify of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby, the patient may receive aftercare or supervision in the receiving state.

(c) In supervising, treating, or caring for a patient on aftercare pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

Article V. Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escapee in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

Article VI. The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved

pursuant to this compact through any and all states party to this compact, without interference.

Article VII. (a) No person shall be deemed a patient of more than one (1) institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two (2) or more party states may, by making a specific arrangement for that purpose, arrange for a different allocation of costs as among themselves.

(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a nonparty state relating to institutionalization, care or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

Article VIII. (a) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or in respect of any patient for whom he may serve, except that where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever extent shall be appropriate in the circumstances; provided, however, that in the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

(b) The term "guardian" as used in paragraph (a) of this article shall include any guardian, trustee, legal committee, conservator, or other person or agency however denominated who is charged by law with power to act for or responsibility for the person or property of a patient.

Article IX. (a) No provisions of this compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to incarceration in a penal or correctional institution.

(b) To every extent possible, it shall be the policy of states party to this compact that no patient shall be placed or detained in any prison, jail or lockup, but such patient shall, with all expedition, be taken to a suitable institutional facility for mental illness or mental deficiency.

Article X. (a) Each party state shall appoint a "compact administrator" who, on behalf of his state, shall act as general co-ordinator of activities under the compact in his state and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by his state either in the capacity of sending or receiving state. The compact administrator or his duly designated representative shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

(b) The compact administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more effectively the terms and provisions of this compact.

Article XI. The duly constituted administrative authorities of any two (2) or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or co-operative basis whenever the states concerned shall find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

Article XII. This compact shall enter into full force and effect as to any state when enacted by it into law and such state shall thereafter be a party thereto with any and all states legally joining therein.

Article XIII. (a) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect one (1) year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the compact.

(b) Withdrawal from any agreement permitted by Article VII (b) as to costs or from any supplementary agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

Article XIV. This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact

is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

The director of the department of institutions, hereafter called "the director," shall be the compact administrator and shall have the power to make any rules and regulations necessary for the administration of this article. The director shall co-operate with all departments, agencies, and officers of the state and any political subdivision thereof to facilitate the proper administration of the interstate compact on mental health or of any supplementary agreement or agreements entered into by this state thereunder.

The director may enter into supplementary agreements with appropriate officials of other states pursuant to Articles VII and XI of the compact.

The department of institutions in its annual budget shall include such amounts necessary to discharge the financial obligations incurred by it to carry out the purposes of the interstate compact on mental health, and the general assembly shall appropriate such sums necessary therefor.

The compact administrator is hereby directed to consult with the immediate family of any proposed transferee and, in the case of a proposed transferee from an institution in this state to an institution in another party state, to make no transfer out of the state without approval of the district or probate court. Before granting such approval the court shall hold such hearings as it deems appropriate. In addition, the court shall designate some appropriate person to deliver written notice of the proposed transferee's right to a hearing to the proposed transferee and his guardian ad litem. The person serving such notices shall make a written return to the court that such has been done. At the conclusion of such hearing, if any, the court may approve the proposed transfer, order the release of the proposed transferee, or enter any other suitable order.

Duly authenticated copies of the article shall upon its approval, be transmitted by the secretary of state to the governor of each state, the attorney general, and the secretary of state of the United States, and the Council of State Governments.

In adopting the rules the department shall be guided by the following standards:

(1) If possible a patient shall be treated on a voluntary rather than an involuntary basis.

(2) A patient shall be initially assigned or transferred to outpatient or intermediate treatment, unless he is found to require in-patient treatment.

(3) A person shall not be denied treatment solely because he has withdrawn from treatment against medical advice on a prior occasion or because he has relapsed after earlier treatment.

(4) An individualized treatment plan shall be prepared and maintained on a current basis for each patient.

(5) Provision shall be made for a continuum of co-ordinated treatment services, so that a person who leaves a facility or a form of treatment will have available and utilize other appropriate treatment.

History: En. 69-6217 by Sec. 7, Ch. 302,
L. 1974; redes. 80-2714 by Sec. 6, Ch. 280,

80-2715. Voluntary treatment of alcoholics. (1) An alcoholic may apply for voluntary treatment directly to an approved public treatment facility. If the proposed patient is a minor or an incompetent person, he, a

parent, a legal guardian, or other legal representative may make the application.

(2) Subject to rules adopted by the department, the administrator of an approved public treatment facility may determine who shall be admitted for treatment. If a person is refused admission to an approved public treatment facility, the administrator, subject to departmental rules, shall refer the person to another approved public treatment facility for treatment if possible and appropriate.

(3) If a patient receiving in-patient care leaves an approved public treatment facility, he shall be encouraged to consent to appropriate out-patient or intermediate treatment. If it appears to the administrator of the treatment facility that the patient is an alcoholic who requires help, the department shall arrange for assistance in obtaining supportive services and residential facilities.

(4) If a patient leaves an approved public treatment facility, with or against the advice of the administrator of the facility, the department shall make reasonable provisions for his transportation to another facility or to his home. If he has no home he shall be assisted in obtaining shelter. If he is a minor or an incompetent person the request for discharge from an in-patient facility shall be made by a parent, legal guardian, or other legal representative or by the minor or incompetent if he was the original applicant.

History: En. 69-6218 by Sec. 8, Ch. 302,
L. 1974; redes. 80-2715 by Sec. 6, Ch. 280,
L. 1975.

80-2716. Treatment and services for intoxicated persons and persons incapacitated by alcohol. (1) An intoxicated person may come voluntarily to an approved public treatment facility for emergency treatment. A person who appears to be intoxicated in a public place and to be in need of help, if he consents to the proffered help, may be assisted to his home, an approved public treatment facility, an approved private treatment facility, or other health facility by the police.

(2) A person who appears to be incapacitated by alcohol shall be taken into protective custody by the police and forthwith brought to an approved public treatment facility for emergency treatment. If no approved public treatment facility is readily available he shall be taken to an emergency medical service customarily used for incapacitated persons. The police, in detaining the person and in taking him to an approved public treatment facility, is taking him into protective custody and shall make every reasonable effort to protect his health and safety. In taking the person into protective custody, the detaining officer may take reasonable steps to protect himself. No entry or other record may be made to indicate that the person taken into custody under this section has been arrested or charged with a crime.

(3) A person who comes voluntarily or is brought to an approved public treatment facility shall be examined by a licensed physician as soon as possible. He may then be admitted as a patient or referred to another health

facility. The referring approved public treatment facility shall arrange for his transportation.

(4) A person who by medical examination is found to be incapacitated by alcohol at the time of his admission or to have become incapacitated at any time after his admission, may not be detained at the facility (1) once he is no longer incapacitated by alcohol, or (2) if he remains incapacitated by alcohol for more than forty-eight (48) hours after admission as a patient, unless he is committed under section 69-6220. A person may consent to remain in the facility as long as the physician in charge believes appropriate.

(5) A person who is not admitted to an approved public treatment facility and is not referred to another health facility, may be taken to his home. If he has no home, the approved public treatment facility shall assist him in obtaining shelter.

(6) If a patient is admitted to an approved public treatment facility, his family or next of kin shall be notified as promptly as possible. If an adult patient who is not incapacitated requests that there be no notification, his request shall be respected.

History: En. 69-6219 by Sec. 9, Ch. 302, L. 1974; redes. 80-2716 by Sec. 6, Ch. 280, L. 1975.

Compiler's Notes

Section 69-6220, referred to in subsection (4), was renumbered as Sec. 80-2717 by Sec. 6, Ch. 280, Laws of 1975.

80-2717. Emergency commitment. (1) An intoxicated person who (a) has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed, or (b) is incapacitated by alcohol, may be committed to an approved public treatment facility for emergency treatment. A refusal to undergo treatment does not constitute evidence of lack of judgment as to the need for treatment.

(2) The certifying physician, spouse, guardian, or relative of the person to be committed, or any other responsible person, may make a written application for commitment under this section, directed to the administrator of the approved public treatment facility. The application shall state facts to support the need for emergency treatment and be accompanied by a physician's certificate stating that he has examined the person sought to be committed within two (2) days before the certificate's date and facts supporting the need for emergency treatment. A physician employed by the admitting facility or the department is not eligible to be the certifying physician.

(3) Upon approval of the application by the administrator of the approved public treatment facility, the person shall be brought to the facility by a peace officer, health officer, the applicant for commitment, the patient's spouse, the patient's guardian, or any other interested person. The person shall be retained at the facility to which he was admitted, or transferred to another appropriate public or private treatment facility, until discharged under subsection (5).

(4) The administrator of an approved public treatment facility shall refuse an application if in his opinion the application and certificate fail to sustain the grounds for commitment.

(5) When on the advice of the medical staff the administrator determines that the grounds for commitment no longer exist, he shall discharge a person committed under this section. No person committed under this section may be detained in any treatment facility for more than five (5) days. If a petition for involuntary commitment under section 69-6221 has been filed within the five (5) days and the administrator in charge of an approved public treatment facility finds that grounds for emergency commitment still exist, he may detain the person until the petition has been heard and determined, but no longer than ten (10) days after filing the petition.

(6) A copy of the written application for commitment and of the physician's certificate, and a written explanation of the person's right to counsel, shall be given to the person within twenty-four (24) hours after commitment by the department, who shall provide a reasonable opportunity for the person to consult counsel.

History: En. 69-6220 by Sec. 10, Ch. 302, L. 1974; redes. 80-2717 by Sec. 6, Ch. 280, L. 1975.

Compiler's Notes

Section 69-6221, referred to in subsection (5), was renumbered as sec. 80-2718 by Sec. 6, Ch. 280, Laws of 1975.

80-2718. Involuntary commitment of alcoholics. (1) A person may be committed to the custody of the department of institutions by the district court upon the petition of his spouse or guardian, a relative, the certifying physician, or the chief of any approved public treatment facility. The petition shall allege that the person is an alcoholic who habitually lacks self-control as to the use of alcoholic beverages and that he (a) has threatened, attempted, or inflicted physical harm on another and that unless committed is likely to inflict physical harm on another; or (b) is incapacitated by alcohol. A refusal to undergo treatment does not constitute evidence of lack of judgment as to the need for treatment. The petition shall be accompanied by a certificate of a licensed physician who has examined the person within two (2) days before submission of the petition, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the physician's findings in support of the allegations of the petition. A physician employed by the admitting facility or the department is not eligible to be the certifying physician.

(2) Upon filing the petition, the court shall fix a date for a hearing no later than ten (10) days after the date the petition was filed. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served on the petitioner, the person whose commitment is sought, his next of kin other than the petitioner, a parent or his legal guardian if he is a minor, the administrator in charge of the approved public treatment facility to which he has been committed for emergency care, and any other person the court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony, including, if possible, the testimony of at least one licensed physician who has examined the person whose commitment is sought. The person shall have

a right to have a licensed physician of his own choosing examine him and testify on his behalf, and if he has no funds with which to pay such physician, the reasonable costs of one such examination and testimony shall be paid by the county. The person shall be present unless the court believes that his presence is likely to be injurious to him; he shall be advised of his right to counsel and, if he is unable to hire his own counsel, the court shall appoint an attorney to represent him at the expense of the county. The court shall examine the person in open court, or if advisable, shall examine the person in chambers. If he refuses an examination by a licensed physician and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing him to the department of institutions for a period of not more than five (5) days for purposes of a diagnostic examination.

(4) If after hearing all relevant evidence, including the results of any diagnostic examination by the department of institutions, the court finds that grounds for involuntary commitment have been established by clear and convincing evidence, it shall make an order of commitment to the department of institutions. It may not order commitment of a person unless it determines that the department of institutions is able to provide adequate and appropriate treatment for him and the treatment is likely to be beneficial.

(5) A person committed under this section shall remain in the custody of the department of institutions for treatment for a period of thirty (30) days unless sooner discharged. At the end of the thirty (30) day period, he shall be discharged automatically unless the department of institutions before expiration of the period obtains a court order from the district court of the committing district for his recommitment upon the grounds set forth in subsection (1) for a further period of ninety (90) days unless sooner discharged. If a person has been committed because he is an alcoholic likely to inflict physical harm on another, the department of institutions shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) A person recommitted under subsection (5) who has not been discharged by the department of institutions before the end of the ninety (90) day period shall be discharged at the expiration of that period unless the department of institutions, before expiration of the period, obtains a court order from the district court of the committing district on the grounds set forth in subsection (1) for recommitment for a further period not to exceed ninety (90) days. If a person has been committed because he is an alcoholic likely to inflict physical harm on another, the department shall apply for recommitment if after examination it is determined that the likelihood still exists. Only two (2) recommitment orders under subsections (5) and (6) are permitted.

(7) Upon the filing of a petition for recommitment under subsections (5) or (6), the court shall fix a date for hearing no later than ten (10) days after the date the petition was filed. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served on the petitioner, the person whose commitment is sought, his next of kin

other than the petitioner, the original petitioner under subsection (1) if different from the petitioner for recommitment, one of his parents or his legal guardian if he is a minor, and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsection (3).

(8) A person committed to the custody of the department of institutions for treatment shall be discharged at any time before the end of the period for which he has been committed if either of the following conditions is met:

(a) in case of an alcoholic committed on the grounds of likelihood of infliction of physical harm upon another, that he is no longer in need of treatment or the likelihood no longer exists; or

(b) in case of an alcoholic committed on the grounds of the need of treatment and incapacity, that the incapacity no longer exists, further treatment will not be likely to bring about significant improvement in the person's condition, or treatment is no longer adequate or appropriate.

(9) The court shall inform the person whose commitment or recommitment is sought of his right to contest the application, be represented by counsel at every stage of any proceedings relating to his commitment and recommitment, and have counsel appointed by the court or provided by the court, if he wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him regardless of his wishes. The person whose commitment or recommitment is sought shall be informed of his right to be examined by a licensed physician of his choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall employ a licensed physician.

(10) If a private treatment facility agrees with the request of a competent patient or his parent, sibling, adult child, or guardian to accept the patient for treatment, the department of institutions may transfer him to the private treatment facility.

(11) A person committed under this section may at any time seek to be discharged from commitment by writ of habeas corpus or other appropriate means.

(12) The venue for proceedings under this section is the place in which person to be committed resides or is present.

80-2719. Records of alcoholics and intoxicated persons. (1) The registration and other records of treatment facilities shall remain confidential and are privileged to the patient.

not be published in a way that discloses patients' names or other identifying information.

80-2720. Visitation and communication of patients. (1) Subject to reasonable rules regarding hours of visitation which the department may adopt, patients in any approved treatment facility shall be granted opportunities for adequate consultation with counsel, and for continuing contact with family and friends consistent with an effective treatment program.

(2) Neither mail nor other communication to or from a patient in any approved treatment facility may be intercepted, read, or censored. The administrator may adopt reasonable rules regarding the use of telephone by patients in approved treatment facilities.

The board shall manage these lands under the multiple-use management concept defined as: The management of all the various resources of the state lands so that they are utilized in that combination best meeting the needs of the people and the beneficiaries of the trust, making the most judicious use of the land for some or all of those resources or related services over areas large enough to provide sufficient latitude for periodic adjustments in use to conform to changing needs and conditions; that some land will be used for less than all of the resources, and harmonious and co-ordinated management of the various resources, each with the other, without impairment of the productivity of the land, with consideration being given to the relative values of the various resources.

CHAPTER 3—SELECTION—CLASSIFICATION, APPRAISAL AND EXCHANGE OF LANDS

Section

81-301. Selection and location of lands granted by United States.

81-302. Classification—reclassification—records.

81-304. Exchange of lands with United States and counties—validation of prior actions.

81-307. Exchange of state land for private land.

81-301. (1805.15) Selection and location of lands granted by United States. Under the general direction of the board of land commissioners and as rapidly as the appropriations for the work will permit, the department shall select and locate all lands, except timberlands, granted to this state by the United States for any purpose, and not located by the grant itself. It shall also select and locate lands in lieu of all those lands in sections sixteen (16) and thirty-six (36) and in the other federal land grants which for any reason have been lost to the state. All selections shall as far as possible be in legal subdivisions. In the selection and location of these lands, careful attention shall be given to the water available and which may be appropriated for these lands for domestic use, live-stock, and irrigation.

History: En. Sec. 15, Ch. 60, L. 1927; amd. Sec. 7, Ch. 428, L. 1973.

Amendments

The 1973 amendment substituted references to the department for references to the commissioner; deleted "he shall cause

to be performed without any unnecessary delay on his part all work necessary for the completion of these selections so that the state may actually receive all the lands under its various grants" from the end of the third sentence; and made minor changes in style and phraseology.

81-302. (1805.16) Classification — reclassification—records. (1) The state lands are classified as follows:

(a) Class 1. Lands which are principally valuable for grazing purposes.

(b) Class 2. Lands which are principally valuable for the timber that is on them, or for the growing of timber or for watershed protection.

(c) Class 3. Lands which are principally valuable for the production of crops.

(d) Class 4. Lands which are principally valuable for uses other than grazing, crop production, timber production or watershed protection.

(2) The classification or reclassification shall be so made as to place state land in the class which best accomplishes the powers and duties of the state board of land commissioners as specified in section 81-103.

When state lands are classified or reclassified in accordance with these duties and responsibilities, special attention shall be paid to the capability of the land to support an actual or proposed land use authorized by each classification. A capability inventory shall be made prior to changing the classification of state lands. Such inventory shall include, when appropriate to the classification, information on soils capability, vegetation, wildlife use, mineral characteristics, public use, aesthetic values, cultural values, surrounding land use and any other resource, zoning or planning information which is related to the classification. Should a parcel of state land in one class have other multiple use or resource values which are of such significance that they do not warrant classification for the value, the land shall, nevertheless, be managed in so far as is possible to maintain or enhance these multiple-use values.

(3) It is the duty of the department to classify or reclassify state lands so that no state land will be sold, leased or used under a different classification from that to which it actually belongs.

(4) All field books, plats, maps, and records of the department shall show the class to which each tract therein belongs, and whether it belongs to the public schools of the state or to a state institution or other entity according to the grant or instrument by which title to the land has passed to the state; they shall also show whether or not the coal or other minerals in the land are reserved by the United States; and shall contain any other information the department considers necessary.

History: En. Sec. 16, Ch. 60, L. 1927; amd. Sec. 8, Ch. 428, L. 1973; amd. Sec. 1, Ch. 8, L. 1974.

Amendments

The 1973 amendment numbered the subsections and lettered the subdivisions; deleted "according to the provisions of the

constitution" after "classified" in the preliminary clause of subsection (1); substituted "department" for "commissioner" near the end of subsection (6); and made minor changes in style and phraseology.

The 1974 amendment rewrote this section. For prior law, see parent volume.

81-304. (1805.19) Exchange of lands with United States and counties—validation of prior actions. (1) The board may enter into contracts or agreements with the United States, or any department thereof having jurisdiction, for the waiving and relinquishment to the United States of any rights of the state in and to sections sixteen (16) and thirty-six (36) of any township and to any other sections of state lands, provided that the state shall in lieu of the rights so waived and relinquished receive from the United States other lands of equal or greater value.

(2) The board may accept on behalf of the state title in fee simple to any land owned by a county in the state, and may convey in exchange therefor state land of approximately the same area and of a value not

higher than the land received from the county if the exchange will result in consolidating the state lands into more compact bodies.

(3) The current user of the land transferred to the United States may continue to enjoy the use of the land under terms and conditions required by the federal government and in accordance with the Multiple Use Act, and the current user on the land received from the United States may continue to utilize the land on the terms and conditions imposed by law or by the board.

History: En. Sec. 19, Ch. 60, L. 1927; amd. Sec. 1, Ch. 151, L. 1933; amd. Sec. 1, Ch. 117, L. 1951; amd. Sec. 1, Ch. 257, L. 1965; amd. Sec. 1, Ch. 39, L. 1967; amd. Sec. 9, Ch. 428, L. 1973.

Compiler's Notes

The Multiple Use Act, referred to in the last paragraph of this section, is compiled in the United States Code as Tit. 43, secs. 1411 to 1418.

Amendments

The 1967 amendment deleted the last sentence of the first paragraph, which read "The amount of state land relinquished

under this section in any one year shall not exceed six sections"; and substituted the last sentence of the third paragraph for "The land received from the United States, under this provision, must be located in the same county as the relinquished land, and the present lessees or permittees must be recognized for the continuance of their use of the land on such terms as may be required by the respective agencies."

The 1973 amendment numbered the subsections; deleted from subsection (3) a first sentence validating certain agreements with the United States; and made minor changes in style and phraseology.

81-305, 81-306. Repealed.

Repeal

Sections 81-305, 81-306 (Sec. 1, Ch. 168, L. 1937; Sec. 1, Ch. 61, L. 1955), relating to exchange of lands with the state water

conservation board and the United States, were repealed by Sec. 116, Ch. 428, Laws 1973.

81-307. Exchange of state land for private land. (1) The board is authorized to exchange state land for private land, provided that the private land is of equal or greater value than the state land and as closely as possible, equal in area. The board shall place priority on exchanges which result in consolidation of state lands into more compact bodies. This section does not apply to exchanges undertaken under section 81-2704, R. C. M. 1947.

(2) Prior to completing any such exchange, a public hearing shall be held in the county containing the state land to be exchanged. When specific objections to the proposed exchange are raised during any such hearing, the board shall make findings of fact responding to such objections and explaining their action.

(3) If the requirements of subsections (1) and (2) are met, state lands bordering on navigable lakes and streams or other bodies of water with significant public use value may be exchanged for private land if the private land borders on similar navigable lakes, streams, or other bodies of water.

(4) No such exchange shall be made which will induce or encourage large-scale commercial, industrial, or residential development unless the value of such development is considered in determining the fair market value and unless the proposed development will not adversely affect the

resources of the existing state tracts or those tracts which the state would receive under the proposed exchange.

81-402. (1805.20) Lease of state lands—crop share rental basis used.

(1) Under the general direction and control of the board of land commissioners, the department shall lease all agricultural and grazing lands and all town and city lots open to leasing upon proper application. As to agricultural lands, all leases shall be continued or made upon a crop share rental basis of not less than one-fourth ($\frac{1}{4}$) of the annual crops to the state, or the usual landlord's share prevailing in the district, whichever is greater. The board may, however, approve special crop share rentals of less than one-fourth ($\frac{1}{4}$) for high production cost crops such as, but not limited to, potatoes and sugar beets. The board may not delegate the authority to approve such special crop share rentals.

(2) In unusual cases the department may authorize a lease upon other basis than crop share, but in these unusual cases the rental shall at least equal the value of the usual landlord's share prevailing in the district, and the department shall set forth in the records the unusual conditions of the case and the rental to be charged.

(3) The rental rate for leasing all state grazing lands shall be based upon the appraised animal-unit-month carrying capacity of the land as provided in section 81-433. As to town and city lots owned by the state, the fair rental value thereof shall be determined from time to time by the department with the approval of the board and a record made thereof, and such town or city property may be leased at its current appraised rental value for terms not to exceed twenty-five (25) years.

(4) All leases of agricultural or grazing lands, or town or city lots, shall be upon condition that the board may, in its discretion, offer the land for sale at any regular public sale of state lands held in the county where the land is situated, upon the same terms, and in the same manner as land not under lease.

Compiler's Notes

This section was amended twice in 1974, once by Ch. 134 and once by Ch. 135. Neither amendatory act mentioned or incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

The 1973 amendment substituted references to the department for references to the commissioner; substituted "by" for "under the direction of" in the second sentence of subsection (3); and made minor changes in style and phraseology.

Chapter 134, **Laws of 1974**, added the third and fourth sentences to subsection (1).

Chapter 135, **Laws of 1974**, increased the maximum lease term in subsection (3) from 5 to 25 years.

81-404. Appraisal of grazing lands. (1) The department shall appraise the grazing lands owned by the state as to their animal-unit-month carrying capacity, and make and preserve records thereof in its office, and from time to time re-examine these lands as to their animal-unit-month carrying capacity so as to keep the records thereof in its office reasonably accurate.

(2) In appraising these grazing lands the following factors shall be taken into consideration:

(a) Inventory of the forage resources—kind, amount, and location of vegetation.

(b) Accessibility and usability of this forage resource as influenced by topography, availability of stock water, and season of usability.

(c) Condition of soils—the erosion situation.

(d) Other and related resources—such as timber, game animals, need for watershed protection.

(e) Record of needed improvements and facilities—fuel and stock water, revegetation, rodent control, trails, fences, and the like.

(f) Pertinent facts and figures submitted by stockmen living in the area and directors of state grazing districts including the land or in its vicinity.

(g) Carrying capacity set for similar land in a state grazing district in which the land is situated.

81-405. (1805.21) Renewal leases—preference right of lessee. (1) A lessee of state land classed as agricultural, grazing, town lot or city lot, who has paid all rentals due from him to the state, and who has not violated the terms of his lease, is entitled to have his lease renewed for a five (5) or ten (10) year period at the rental rate provided by law for the renewal period, and subject to any other conditions at the time of the renewal imposed by law as terms of the lease at any time within thirty (30) days prior to its expiration if no other applications for lease of the land have been received thirty (30) days prior to the expiration of his lease. If other applications have been received, the holder of the lease has the preference right to lease the land covered by his former lease by meeting the highest bid made by any other applicant. Applications for lease of lands in this section shall be given preference in the order of their receipt at the office of the department.

(2) Notwithstanding the foregoing provisions, the board may withdraw any agricultural or grazing land from further leasing for such period as the board determines to be in the best interest of the state. Bids for leases and applications for renewals of leases of state agricultural lands or state grazing lands shall be in writing and sealed and shall be submitted to the board at the office of the department.

81-407. (1805.23) Who may lease—how much and for what length of time. No person may lease state lands, except one who is the head of a family, unless he has attained the age of eighteen (18) years. Any such person and any association, company, or corporation authorized to hold lands under lease may lease state lands, and may hold more than one (1) lease to state lands, and there may be included under one (1) lease tracts of lands embracing more than one (1) section. No lease to agricultural or

grazing lands may be for a period other than five (5) or ten (10) years. Leases for city and town lots may not exceed twenty-five (25) years. When a lease expires or is canceled the department shall immediately notify the holder of the lease and all persons who have expressed an interest in leasing the land during, or immediately preceding, the term of the expired or canceled lease. If the legislature raises the rentals for state grazing lands during the term of any leases of grazing land which are not issued as a result of competitive bidding, the lessee shall, for the years after the increase becomes effective, pay the increased rental, and the terms of grazing leases shall so provide.

History: En. Sec. 23, Ch. 60, L. 1927; amd. Sec. 2, Ch. 42, L. 1933; amd. Sec. 2, Ch. 65, L. 1939; amd. Sec. 5, Ch. 260, L. 1963; amd. Sec. 18, Ch. 240, L. 1971; amd. Sec. 30, Ch. 94, L. 1973; amd. Sec. 14, Ch. 428, L. 1973; amd. Sec. 3, Ch. 135, L. 1974.

Amendments

The 1971 amendment reduced the age specified at the end of the first sentence from 21 to 19 years.

Chapter 94, Laws of 1973, reduced the age specified at the end of the first sentence from nineteen to eighteen years.

Chapter 428, Laws of 1973, inserted "and may hold more than one (1) lease to state lands" in the middle of the second sentence; deleted a sentence restricting the duration of leases; substituted "department" for "commissioner" near the beginning of the present fourth sentence; and made minor changes in phraseology and style.

The 1974 amendment increased the maximum lease term for city and town lots from 5 to 25 years.

81-408. (1805.24) Lease expiration dates. All leases for agricultural lands, grazing lands hereafter issued no matter on what date issued, shall expire on February 28 within ten (10) years from the date on which the lease becomes effective.

History: En. Sec. 24, Ch. 60, L. 1927; amd. Sec. 3, Ch. 65, L. 1939; amd. Sec. 4, Ch. 135, L. 1974.

Amendments

The 1974 amendment deleted "and town and city lots" after "grazing lands."

81-412. (1805.26) Rental, when due—cancellation for nonpayment. The rental for the first year of the lease shall be paid at or before the time of the execution of the lease; however, in the case of leases which take effect on and after October 1 and before the expiration of the coming February, both the rental for the fractional year and for the next full year beginning March 1, shall be paid and collected at the time of issuing the lease. If the United States is the lessee of state lands for grazing purposes, the rental shall be payable at the end of each year of the lease. The rental for each succeeding year on leases hereafter issued, with the exception of leases wherein the United States is the lessee, is due and payable before March 1, and if not paid by April 1 the lease is canceled. The department shall notify the lessee by letter addressed to the post-office address given in the lease of the cancellation, and the land is then open for lease to other applicants.

History: En. Sec. 26, Ch. 60, L. 1927; amd. Sec. 1, Ch. 197, L. 1943; amd. Sec. 2, Ch. 22, L. 1971; amd. Sec. 15, Ch. 428, L. 1973.

Amendments

The 1971 amendment eliminated the fee of \$2.50 for issuing the lease, and granted general authority for the commissioner of

lands and investments to establish the fee with the approval of the board of land commissioners.

The 1973 amendment deleted "and such fee as may be prescribed by the commissioner of state lands and investments with the approval of the state board of land commissioners for issuing the lease" following "rental for the first year of the lease" near the beginning of the first sentence; deleted "to the commissioner of state lands and investments" following "due and payable" in the third sentence;

substituted "before March 1" for "on December 15 next preceding the rental year to which the rental applies" in the third sentence; substituted "by April 1" for "on or before February 1 next following" near the end of the third sentence; substituted "is canceled" for "this non-payment shall have the effect of canceling the lease from and after February 28 of that year" at the end of the third sentence; substituted "department" for "commissioner" in the last sentence; and made minor changes in style and phraseology.

81-413. (1805.27) Land to be leased in compact bodies—inspections to determine best use of land. All lands shall be leased in as compact bodies as possible, and care shall be taken not to separate parts of any section from the section lines or public highways or from any available water supply, or in a form that will make it more difficult to lease the remaining state lands in the section in which they are located. If there are applications or bids for renting certain land for grazing purposes and also applications or bids for renting the same land for agricultural purposes, an inspection of the land shall be made by the department at the earliest practical opportunity and a determination made, based on its findings, of the highest and best use which can be made of the land or portions thereof. Any lease of the land subsequent to the applications or bids shall be such as to return to the state revenue commensurate with the highest and best use.

History: En. Sec. 27, Ch. 60, L. 1927; amd. Sec. 3, Ch. 257, L. 1965; amd. Sec. 16, Ch. 428, L. 1973.

Amendments

The 1973 amendment substituted refer-

ences to the department for references to the commissioner and his field agent; and made minor changes in style and phraseology.

81-414. (1805.28) Change in terms of lease. When land is leased for grazing purposes, and the lessee desires to cultivate any part of the land, he shall, before doing any such cultivation, make application to the department stating how much land he desires to cultivate and showing the location in the section of the land, and agree that for the remainder of the term of the lease the annual rental shall be at the rate of the original lease until such time as the first crop is harvested from the cultivated portion of the lease. At the time of the first harvest, the lease shall be at the original rate for that portion remaining as grazing land plus the crop share rental for that portion cultivated. If any person cultivates lands leased for grazing purposes without first securing the right to do so under this section, the department shall either cancel the lease, subject to the appeal procedure provided in section 81-422, or require the lessee to pay twice the regular agricultural rental on the land so cultivated in addition to the grazing rental. The provisions of this section shall be incorporated in every lease.

History: En. Sec. 28, Ch. 60, L. 1927; Ch. 120, L. 1963; amd. Sec. 2, Ch. 27, L. amd. Sec. 9, Ch. 207, L. 1945; amd. Sec. 1, 1971; amd. Sec. 17, Ch. 428, L. 1973.

Amendments

The 1971 amendment inserted "by the commissioner subject to the appeal procedure provided in section 81-422, R. C. M. 1947" in the third sentence.

The 1973 amendment substituted references to the department for references to the commissioner; deleted "send his lease to the commissioner to have the necessary changes made therein" following "location in the section of the land" in the first sen-

tence; substituted "the department shall either cancel the lease" for "the lease shall be subject to cancellation by the commissioner" in the third sentence; substituted "require the lessee to pay" for "the lessee shall be liable for" near the end of the third sentence; deleted "thereof as may be decided by the board" from the end of the third sentence; and made minor changes in style and phraseology.

81-415. Conditions of leases—cancellation for violation of rules. (1)

It shall be a condition of all leases of agricultural or grazing state lands, (a) that, in the case of agricultural lands, the lessee shall observe the ordinary rules for good management of agricultural lands and shall handle the leased land with the view of maintaining its productivity and minimizing wind and soil erosion and noxious weeds, and planting crops with a view of securing the greatest yields of good quality, and (b) that, in the case of grazing lands, the lessee shall observe the ordinary rules for good range management and shall manipulate the numbers, class, distribution, and season of the range use and the handling, feeding, breeding, and marketing of grazing livestock with a view of securing the production of the maximum of livestock and livestock products, consistent with the conservation of the land resources and the perpetuation of its productivity, and to these ends the state land lease may not be abused by overgrazing.

(2) For the gross violation of any of these rules, the lease involved shall be canceled by the department, subject to the appeal procedure provided in section 81-422.

History: En. Sec. 10, Ch. 207, L. 1945; amd. Sec. 4, Ch. 254, L. 1947; amd. Sec. 3, Ch. 27, L. 1971; amd. Sec. 18, Ch. 428, L. 1973.

Amendments

The 1971 amendment, in the second paragraph, provided for mandatory cancellation by the commissioner subject to ap-

peal to the board, rather than discretionary cancellation by the board on recommendation by the commissioner and after notice and opportunity for hearing.

The 1973 amendment numbered the subsections; substituted the reference to the department for a reference to the commissioner in subsection (2); and made minor changes in style and phraseology.

81-416. (1805.29) Form of lease—bond. The general form of lease to state lands shall be prescribed by the board, and no changes in the form for these leases may be made without the approval of the board. All leases shall be issued in duplicate, one (1) copy shall be mailed to the lessee, and one (1) copy shall be preserved by the department. Unless the board decides otherwise, these leases shall be issued without bonds, but the board may require a bond and prescribe the form and conditions thereof whenever it considers it necessary.

reference to the department for a reference to the commissioner; and made minor changes in style and phraseology.

Amendments

The 1973 amendment substituted the

81-418. (1805.31) Liens on crops and improvements. The state has a lien upon all crops growing upon any of its lands, and upon the crops after they have been separated from the lands for any rentals and penalties due or delinquent under the lease on the lands, or becoming due during the calendar year in which the crops are harvested, for any year or part of a year that the land has been held or used by the lessee. This lien applies to all buildings, structures, fences, and all other improvements, and is prior and superior to all other liens, except threshermen's liens and seed liens specified in sections 45-701 and 45-801, which have priority, but only for the aggregate amount of the indebtedness then existing, including any advances theretofore made, interest due and other charges as evidenced by the original loan-contract, and indebtedness thereafter accumulating on such basis, exclusive of any other future advances originally contemplated. Any person acquiring any of these crops or improvements takes them subject to this lien. The department or the sheriff of the county in which the land is located may demand of the lessee payment of the amounts due the state, and if they are not paid upon demand, the officer making the demand, or the department, may seize and sell, either at a private or public sale, upon giving notice for not less than three (3) days of the sale, sufficient of those crops or improvements, or of both, to pay the amounts due the state together with costs and expenses of seizure and sale. These provisions relating to liens on crops and improvements shall be embodied in all leases for agricultural and grazing lands and for town, city, or other lots.

History: En. Sec. 31, Ch. 60, L. 1927; amd. Sec. 20, Ch. 428, L. 1973.

Amendments

The 1973 amendment substituted the final clause of the second sentence, beginning "but only for the aggregate amount," for "as specified in section 52-301"; deleted "or his deputy" following "sheriff of

the county in which the land is located" in the fourth sentence; deleted "or his agent" following "may demand of the lessee" in the fourth sentence; deleted "any personal representative of" before "the department, may seize," in the fourth sentence; and made minor changes in style and phraseology.

81-419. (1805.32) Assignment of leases — preferences — fee. Leases to state lands may be assigned on blanks prescribed by the department, but no assignment is binding on the state unless the assignment is filed with the department, approved by it and payment made of the assignment fee under section 81-108. Preference shall always be given to the applicant who wants the land for his own individual use, so that the full advantage coming from the leasing and use of the lands may reach those who actually till the soil, and so that they are not compelled to pay a higher rental than that due the state. If a lessee subleases state lands on terms less advantageous to the sublessee than the terms given by the state, or subleases state lands without filing a copy of the sublease with the department and without receiving its approval, the department shall cancel the lease, subject to the appeal procedure provided in section 81-422.

History: En. Sec. 32, Ch. 60, L. 1927; amd. Sec. 1, Ch. 14, L. 1937; amd. Sec. 12, Ch. 207, L. 1945; amd. Sec. 18, Ch. 121, L.

1965; amd. Sec. 3, Ch. 22, L. 1971; amd. Sec. 4, Ch. 27, L. 1971; amd. Sec. 21, Ch. 428, L. 1973.

Amendments

Chapter 22, Laws of 1971, deleted the assignment fee of \$3.00 and the sublease fee of \$2.00 and granted general authority for the commissioner of lands and investments to prescribe such fee with the approval of the board of land commissioners.

Chapter 27, Laws of 1971, combined the former last two sentences into the present last sentence and provided for mandatory cancellation by the commissioner, subject to appeal, rather than discretionary can-

cellation by the board after hearing. For prior version, see parent volume.

The 1973 amendment substituted references to the department for references to the state board of land commissioners; substituted "the assignment fee under section 81-108" for "such fee as may be prescribed by the commissioner of state lands and investments with the approval of the state board of land commissioners" at the end of the first sentence; and made minor changes in style and phraseology.

81-421. (1805.34) Compensation for improvements. (1) A lessee of state lands may place upon the lands a reasonable amount of improvements directly related to conservation of the land or necessary for proper utilization of it. These improvements may consist of fences, cultivation, and improvement of the land itself, irrigation ditches, sheds, wells, and reservoirs, and similar improvements. When another person becomes the lessee of such lands, he shall pay to the former lessee the reasonable value of these improvements at the time the new lessee takes possession. However, if any of the improvements consists of breaking (meaning the original plowing of the land), and one (1) year's crops have been raised on the land after the breaking, the compensation for the breaking may not exceed two dollars and fifty cents (\$2.50) per acre, and if two (2) or more crops have been raised on the land after the breaking, the breaking shall not be considered as an improvement to the land. If the former lessee and the new lessee are unable to agree on the reasonable value of the improvements, the value shall be ascertained and fixed as provided in section 81-421.1.

(2) In determining the value of these improvements, consideration shall be given to their original cost, their present condition, their suitability for the uses ordinarily made of the lands on which they are located, and to the general state of cultivation of the land, its productive capacity as affected by former use, and its condition with reference to the infestation of noxious weeds. Consideration shall be given to all actual improvements and to all known effects that the use and occupancy of the land have had upon its productive capacity and desirableness for the new lessee. The former lessee may, however, remove the movable improvements on the land and dispose of them to parties other than the lessee; if he fails to remove the improvements from the land within sixty (60) days from the date of the expiration of his lease, all of the improvements become the property of the state, unless the department for good cause grants additional time for their removal. Before a lease is issued to the new lessee he shall show that he has paid the former lessee the value of the improvements as agreed upon by them or as fixed and determined under section 81-421.1, or that he has offered to pay the value of the improvements as so fixed and determined, or that the former lessee elects to remove the improvements.

History: En. Sec. 34, Ch. 60, L. 1927; amd. Sec. 4, Ch. 257, L. 1965; amd. Sec. 22, Ch. 428, L. 1973.

Amendments

The 1973 amendment numbered the subsections; substituted "section 81-421.1" for

"this act" at the end of subsection (1); substituted "department" for "commissioner" near the end of the third sentence; changed the statutory reference near the

end of the last sentence in subsection (2) from section 81-406 to section 81-421.1; and made numerous minor changes in style and phraseology.

81-421.1. (1805.22) Arbitrators to fix value of improvements—appeal.

If the owner of any improvements on state lands of the type authorized by law at the time they were placed thereon desires to sell these improvements to the new lessee, and they are unable to agree on the value thereof, the value shall be ascertained and fixed by three (3) arbitrators, one of whom shall be appointed by the owner of the improvements, one by the new lessee and the third by the two (2) arbitrators so appointed. The reasonable compensation that the arbitrators may fix shall be paid in equal shares by the owner of the improvements and the new lessee. The value of the improvements so ascertained and fixed is binding on both parties, however, if either party is dissatisfied with the valuation so fixed, he may within ten (10) days appeal from their decision to the department which shall examine the improvements, and its decision shall be final. The department shall charge and collect the actual cost of the re-examination to the owner and the new lessee in such proportion as in its judgment justice may demand. The value of the improvements shall be ascertained and fixed as section 81-421 provides.

History: En. Sec. 22, Ch. 60, L. 1927; amd. Sec. 4, Ch. 260, L. 1963; Sec. 81-406, R. C. M. 1947; redes. 81-421.1 and amd. by Sec. 13, Ch. 428, L. 1973.

Amendments

The 1973 amendment renumbered this section; substituted references to the department for references to the commission-

er; deleted "thereupon cause the chief field agent or assistant field agent to" before "examine the improvements" near the end of the second sentence; substituted "section 81-421 provides" for "hereinafter and in this act provided" at the end of the section; and made minor changes in style and phraseology.

81-422. (1805.36) Cancellation of leases. (1) The department may cancel a lease for any of the following causes: fraud, misrepresentation, or concealment of facts relating to its issue, which if known would have prevented its issue in the form or to the party issued; using the land for other purposes than those authorized by the lease; and for any other cause which in the judgment of the department makes the cancellation of the lease necessary in order to do justice to all parties concerned and to protect the interests of the state. Such cancellation does not entitle the lessee to any refund of rentals paid or exemption from the payment of any rentals, penalties, or other compensation due the state.

(2) When the department cancels a lease pursuant to this section or sections 81-414, 81-415, or 81-419, it shall immediately notify the lessee by certified mail of the cancellation and the reasons therefor. The date of cancellation is fifteen (15) days from the date the notice is received by the lessee. The lessee has fifteen (15) days after the receipt of the notice to file with the department a notice of appeal for a hearing before the board. If notice of appeal is filed, the lease remains in effect until the decision of the board. Within ten (10) days after notice of appeal has been filed, the department shall set the time and place of hearing

and shall so notify the lessee. The board may, after ten (10) days' notice to the lessee, change the time and place of hearing.

(3) Under rules it adopts, the board shall conduct an open hearing to determine whether the lease should be reinstated. The burden of proof is on the lessee to show why the lease should not be canceled. If the lease is reinstated, all of the lessee's rights and privileges thereunder shall be preserved; if not, the land shall be open for releasing as provided by law. If the board finds that the terms of the lease have been violated, but in its judgment the violation is not serious enough to warrant cancellation, it may reinstate the lease and assess a penalty up to three (3) times the annual rental against the lessee.

Amendments

The 1971 amendment substituted "commissioner" for "board" in two places; added the last two paragraphs on the procedure for cancellation by the commissioner and appeal to the board; and made a minor change in phraseology.

The 1973 amendment numbered the subsections; substituted references to the department for references to the commission-

er; inserted "for a hearing before the board" at the end of the third sentence in subsection (2); deleted from subsection (3) a second sentence reading "All testimony shall be given under oath and reduced to writing"; and made minor changes in style and phraseology.

CHAPTER 5—COAL MINING LEASES AND PERMITS

Section

- 81-501. Coal mining leases.
- 81-502. Maximum term of lease—form.
- 81-503. Royalty.
- 81-506. Improvements of former lessee.
- 81-508. Report and payment of royalty.
- 81-510. Disposition of royalties and other receipts.
- 81-511. Limitations on leasing.

81-501. (1805.38) Coal mining leases. (1) The state board of land commissioners may lease in such manner as it considers in the best interests of the state any state lands to which the title is vested in the state and in which the coal or coal rights are not reserved by the United States for exploring for, mining, removing, selling, and disposing of the coal therein, upon the terms and conditions herein stated, and subject to such rules and regulations as the board prescribes. Prior to issuing a coal mining lease, the board shall evaluate the coal and land proposed to be leased for the purpose of determining the fair market value of any coal reserves located on the land, giving opportunity for and consideration to, public comments on such evaluation. Leases shall be awarded by a competitive bid system, including a bonus bid for the first year's rental, and no lease shall be awarded at less than fair market value. The authority to lease extends to state lands no matter how acquired, and extends to state lands which have been sold but in which the coal rights are reserved by the state, whether the lands are under certificate of purchase or patents have been issued; in such cases and in all cases where the lands are under lease for grazing, agriculture, or similar purposes, care shall be taken in issuing the coal mining lease to protect the rights of the purchaser or lessee. Every coal lease shall be conditioned upon compliance with chapters 10 and 16, Title 50, R. C. M. 1947.

(2) These coal leases are subject to the condition that the coal must be mined, handled, and marketed in a manner that will prevent as far as possible all waste of coal, and are also subject to the condition that the mining operations shall be carried on in a systematic and orderly manner that will not make subsequent mining operations more difficult or expensive. A violation of any of these conditions is grounds for the forfeiture of the lease, after a hearing before the board.

History: En. Sec. 38, Ch. 60, L. 1927; amd. Sec. 30, Ch. 428, L. 1973; amd. Sec. 1, Ch. 358, L. 1975.

81-502. (1805.39) Maximum term of lease—form. Coal mining leases shall be issued for a primary term of ten (10) years, and so long thereafter as coal is produced from such lands in commercial quantities. The rental and royalty terms of each lease shall be subject to readjustment to reflect fair market value at the end of its primary term of ten (10) years and at the end of each five (5) year period thereafter if the lease is producing coal in commercial quantities. A lease not producing coal in commercial quantities at the end of the primary term shall be terminated, unless the leased lands are described in a strip mine permit issued under section 50-1039, R. C. M. 1947, or in a mine site location permit under section 50-1607, R. C. M. 1947, prior to the end of the primary term, and the lease shall not be terminated so long as said lands are covered and described under valid permit. For the purpose of this chapter, "commercial quantities" means that quantity of coal which can be sold at profit in the commercial market. The board shall prescribe the form of the lease.

History: En. Sec. 39, Ch. 60, L. 1927; amd. Sec. 5, Ch. 257, L. 1965; amd. Sec. 1, Ch. 121, L. 1967; amd. Sec. 6, Ch. 22, L. 1971; amd. Sec. 1, Ch. 291, L. 1971; amd. Sec. 31, Ch. 428, L. 1973; amd. Sec. 2, Ch. 358, L. 1975.

Amendments

The 1967 amendment increased the maximum term for leases on state lands from 10 to 20 years, and increased the fee from \$2 to \$5.

Chapter 22, Laws of 1971, deleted the fee of \$5.00 for issuing the lease and approving the bond, and granted general authority for the commissioner of lands and investments to prescribe such fee with the approval of the board of land commissioners.

Chapter 291, Laws of 1971, added the second paragraph.

The 1973 amendment deleted "the fee for issuing the lease and proving the bond hereinafter provided shall be such fee as may be prescribed by the commissioner of state lands and investments with the approval of the state board of land commissioners payable to the commissioner" from the end of the first paragraph; deleted a second paragraph giving temporary exchange rights to certain lessees; and made minor changes in style and phraseology.

The 1975 amendment substituted all but the last sentence of this section for a sentence which read: "No coal mining lease may be issued for more than twenty (20) years, but the board may establish rules for the renewal of a lease at the expiration of the term it considers proper and necessary."

81-503. (1805.40) Royalty. The compensation of the state under all coal mining leases shall be upon a rental and royalty basis and shall be fixed and determined by the board. The rental shall be on a per acre basis but in no case shall it be less than two dollars (\$2) per acre. The amount of such royalty shall be based upon the kind, grade and character of the coal in each particular mine, upon the size, shape and nature of the coal vein, strata or body, and upon the shipping and marketing facilities for the product. Consideration shall also be given to every other known factor affecting the value of each particular coal mining lease; but in no case shall the royalty for the coal mined be less than ten per cent (10%) of the f.o.b. mine price of a ton prepared for shipment.

History: En. Sec. 40, Ch. 60, L. 1927; amd. Sec. 3, Ch. 358, L. 1975.

Amendments

The 1975 amendment inserted "rental and" in the first sentence; inserted the second sentence; and at the end of the section substituted "ten per cent (10%) of

the f.o.b. mine price of a ton prepared for shipment" for "twelve and one-half (12½) cents per ton of two thousand (2,000) pounds."

Repeal

Section 81-504 (Sec. 41, Ch. 60, L. 1927), relating to the application for coal mining

lease, was repealed by Sec. 4, Ch. 358, Laws of 1975.

81-506. (1805.43) Improvements of former lessee. When a coal mining lease is applied for on land where mining operations have been carried on by a former lessee, and there are surface or underground improvements on the land used at the former operations, disposition shall be made of the improvements satisfactory to the board before a new lease is issued. If the owner of such improvement desires to sell the same to the new lessee, then the new lessee shall pay him the reasonable value thereof as far as they are suitable for the new mining operations. If they fail to agree on the value of such improvements, then such value shall be ascertained and fixed as provided in section 81-421.1.

Before a new lease is issued, the applicant shall show to the satisfaction of the board that he has paid the owner for the improvements as agreed on between them, or as fixed by the aforesaid officers, or officer, or that he has tendered payment as so fixed, or that the owner desires to remove his improvements.

The report shall be verified by the oath of the lessee and be accompanied by payment of the royalty due the state for the preceding month as shown by the report.

History: En. Sec. 45, Ch. 60, L. 1927; amd. Sec. 33, Ch. 428, L. 1973.

corporation, individual, or person who contracts the sale of coal from such leased lands to any individual, corporation or person foreign to the United States, except those countries contiguous to the United States shall have the lease terminated; or

(2) if after a determination of the amount, location, and quality of the coal on the lands for lease, the extraction of the coal from such lands by strip mining methods would adversely affect the methods of recovery of deep minable coal from such operations on such lands in the future.

81-601. Definitions. In this chapter:

(1) "Metalliferous minerals" mean gold, silver, lead, zinc, copper, platinum, iron, and all other metallic minerals.

(2) "Gems" mean sapphires, rubies, and other stones commonly known as "precious stones" or "semiprecious stones," but do not mean stones or other earth materials commonly used in building or construction work.

(3) "Mining" means the carrying on of operations of any kind for the purpose of extracting from the earth ore and other earth material containing metalliferous minerals or gems, and includes operations of any kind for the extraction from ores and other earth material of metalliferous minerals or gems.

(4) "Mining lease" means a lease issued by the state board of land commissioners for the prospecting for or mining of metalliferous minerals or gems. The term "mining lessee" means the holder of a mining lease whether the holder is the original lessee under the lease, or holds the lease as successor of the original lessee.

(5) "Returns" mean the net amount received by the shipper from products of mining operations, after deducting transportation costs and smelting charges and deductions, and other treatment costs, not including as a deduction any cost of producing or treating at the mine.

(6) "Full market value" means the highest net value of products of mining operations in United States markets, less cost of transportation and refining, not including as a deduction any cost of producing or treating at the mine.

81-601.1. Prospecting permits. Prospecting permits without lease may be issued by the board upon the payment of the issuance fee under section 81-108. The permittee shall also pay an annual fee established by the department and approved by the board at the end of each year during the life of the permit. A permit shall provide for due diligence in the work of prospecting during the life of the permit. A permit shall be limited to prospecting for metalliferous minerals or gems and no permittee may remove from any lands or mineral rights covered by the permit any metalliferous minerals or gems except such as are necessary for the proper testing and sampling of the lands or mineral rights, and except as are permitted by the board. During the life of any permit the permittee may apply for a lease of the lands or mineral rights covered by the permit, and if a lease is granted it shall be in the form and subject to all the terms and conditions specified in this chapter, as in the case of a mining lease issued under this chapter. The permittee has the preference right to a lease, upon such terms as the board considers just, subject to this chapter, and in any event the permittee has preference without competitive bidding, and upon the most favorable terms permitted under this chapter, to forty (40) contiguous acres. If some other person makes a better bid for a mining lease upon the land covered by the permit, and if the board awards a mining lease to a better bidder, the board shall also require such mining lessee to pay to the permittee, prior to the issuance of the lease, the full value of all the work the permittee has performed upon the land under his permit in connection with his prospecting and exploration work, and the permittee may remove from the land, within thirty (30) days from the date the board gives the permittee notice of the issuance of the mining lease, or within such further time as the board, upon good cause shown, allows, any machinery, equipment, improvements, and other property placed thereon by him.

permits without lease, and granted general authority for the commissioner of lands and investments to prescribe such fees with the approval of the board of land commissioners.

Amendments

The 1971 amendment eliminated statutory fees for issuance of prospecting

The 1973 amendment renumbered this section; deleted a first sentence saving permits and leases outstanding in 1937;

substituted references to the department for references to the commissioner of state lands and investments; substituted "the issuance fee under section 81-108" at the end of the first sentence for "such fee as may be prescribed by the commissioner of state lands and investments with the approval of the state board of land commissioners at the time of the issuance of such permits"; substituted "The permittee

shall also pay an annual fee established by the department and approved by the board" for "and such further fees as may be established by the commissioner of state lands and investments with approval of the state board of land commissioners" at the beginning of the second sentence; and made minor changes in style and phraseology.

81-602. Empowering board to lease, etc. The board may, in its discretion, subject to the other provisions of this chapter, lease state lands, including the beds of navigable streams and the beds of navigable bodies of water, and the reserved mineral rights of the state in lands sold or leased by the state, to any person, association, or corporation, for the purpose of prospecting for or mining metalliferous minerals or gems. These leases may be for a period of time determined by the board, subject to limitations contained in the grants by which the state has acquired title to lands or mineral rights so leased.

History: En. Sec. 2, Ch. 148, L. 1937;
amd. Sec. 36, Ch. 428, L. 1973.

Amendments

The 1973 amendment made minor changes in style and phraseology.

81-603. Provisions of leases. Leases issued under this chapter shall give the lessee, so long as he complies with the terms and conditions of the lease, the exclusive right of possession of the lands or mineral rights leased, subject to any reservations contained in the leases. A lease may contain reasonable provisions for preliminary prospecting periods, and shall contain reasonable requirements for the prosecution of work during the prospecting period (if any), and for the prosecution of mining after the prospecting period. It may provide for the payment of rentals in conjunction with the work requirements, or may prescribe cash rentals as an alternative, or otherwise, as the board considers best. It shall specify the term of the lease, the royalty to be paid, reasonable forfeiture provisions, and reasonable terms under which the lessee may, within a time limited in the lease, remove property placed upon the leased lands by him, in the event of the termination of the lease by forfeiture or by lapse of time. It may also contain other provisions the board and the lessee agree upon, not inconsistent with this chapter. In short the board in making the leases may exercise business discretion, so long as this chapter is not violated. No mining lessee may, during any preliminary prospecting period contained in any lease, remove any metalliferous minerals or gems from the leased premises, except as are necessary for the proper testing and sampling of the lands or mineral rights, and except as are permitted by the board. The board, by agreement with the permittee or lessee, may, in its discretion and upon such terms as it considers best, amend or modify the terms and conditions within the limitations of this chapter or extend the term of any lease or prospecting permit issued under this chapter, subject to the limitations contained in section 81-602.

History: En. Sec. 3, Ch. 148, L. 1937;
amd. Sec. 1, Ch. 205, L. 1947; amd. Sec.
37, Ch. 428, L. 1973.

Amendments

The 1973 amendment made minor changes in style, punctuation and phraseology.

81-604. Royalties—pooling agreements and unit plans of operation.

(1) In every mining lease the board shall reserve to the state a royalty which shall, together with other considerations to be paid by the mining lessee, constitute the full market value as ascertained by the board of the leasehold interest conveyed by the lease. This royalty may not be less than five per cent (5%) of the returns from, or of the full market value of, the metalliferous minerals or gems recovered by the lessee from the state lands or reserved mineral rights covered by the lease.

(2) The board may enter into agreements for the pooling of acreage or yardage with others holding the mineral rights in adjoining lands, for unit operation of placer mining and the apportionment of royalties on a cubic yardage or area basis in the case of placer mining deposits lying partly on land in which the state holds the mining rights, and partly on land in which others hold the mining rights. From each cleanup of values under such unit operations in which any yardage or area mined on lands to which the state holds the mineral rights is included, the state is entitled to royalties computed on that proportion of the whole value of recoveries from the cleanup as the yardage or area mined from lands included in the agreement in which the state holds the mining rights, bears to the total yardage or area mined and included in the cleanup. The board may also enter into agreements for the unit operation of such placer mining deposits and the apportionment of royalties upon any other equitable basis the board considers in the best interest of the state. The agreements may not change the percentage of royalties to be paid to the state under the unit operations from the percentage fixed in the lease, or to a smaller percentage than the five per cent (5%) minimum under this section.

History: En. Sec. 4, Ch. 148, L. 1937;
amd. Sec. 2, Ch. 205, L. 1947; amd. Sec.
38, Ch. 428, L. 1973.

Amendments

The 1973 amendment numbered the sub-

sections; substituted "smaller percentage than the five per cent (5%) minimum under this section" for "less percentage than the minimum provided by law" at the end of subsection (2); and made minor changes in style, phraseology and punctuation.

81-605. Quantity of lands. A mining lease shall cover the quantity of ground the board determines to be reasonable and consistent with the character of the ground, the type of deposit or deposits for which the lands are to be mined, and the character and size of the operation contemplated, necessary, or reasonable in good mining practice, for the profitable recovery of the metalliferous minerals or gems therefrom.

History: En. Sec. 5, Ch. 148, L. 1937;
amd. Sec. 39, Ch. 428, L. 1973.

Amendments

The 1973 amendment made minor changes in style and phraseology.

81-606. Applications. Application for a mining lease shall be made to the department on a form prescribed by it.

History: En. Sec. 6, Ch. 148, L. 1937; amd. Sec. 7, Ch. 22, L. 1971; amd. Sec. 40, Ch. 428, L. 1973.

Amendments

The 1971 amendment eliminated provisions for a maximum fee of \$100 and setting forth criteria for the determination thereof, and instead granted general authority for the commissioner of lands

and investments to prescribe such fee with the approval of the board of land commissioners.

The 1973 amendment rewrote this section, which formerly provided for the forms of applications to be prepared by the state board of land commissioners and for a fee to be paid at the time of issuance of a mining lease.

81-607. Bonds to state. The board may, at the time of the execution and delivery of a mining lease, or at any time during the life of the lease, require a mining lessee to file with the department, for the benefit of the state, a bond or bonds conditioned to protect the rights of the state, particularly in the payment to the proper officer of the state of the royalties reserved in the mining lease. The bond or bonds shall be in a form and amount prescribed by the board. The board may at any time require new or additional bonds if, in its discretion, the interests of the state are not adequately protected by the bond or bonds previously filed.

History: En. Sec. 7, Ch. 148, L. 1937; amd. Sec. 41, Ch. 428, L. 1973.

Amendments

The 1973 amendment substituted "the department" for "the board" in the first sentence; substituted "and amount pre-

scribed by the board" at the end of the second sentence for "and the sufficiency thereof to be subject to the approval of the board"; deleted "with it in connection with any such mining lease" from the end of the last sentence; and made minor changes in style and phraseology.

81-608. Bonds to protect lessees, contractees, etc. If the lands at the time of the issuance of a mining lease have been sold, or are under contract of sale, or have been leased for agricultural, grazing, or other purposes, the board shall provide against the infringement of the rights of the prior purchaser, contractee, or lessee, and among other things may at any time require the mining lessee to file with the department a corporate surety bond in a reasonable amount fixed by the board, conditioned to protect the rights of the prior purchaser, contractee, or lessee. The form of the bond shall be prescribed by the board, and the bond shall run to the state for the benefit of the prior purchaser, contractee, or lessee. New or additional bonds may be required by the board at any time. Suit may be brought upon the bond by any such prior purchaser, contractee, or lessee, for alleged violation of the terms of the bond by the mining lessee, and such suit shall be brought by the claimant in the name of the state for the use and benefit of the claimant, and any recovery upon the bond shall be paid to the claimant.

History: En. Sec. 8, Ch. 148, L. 1937; amd. Sec. 42, Ch. 428, L. 1973.

Amendments

The 1973 amendment substituted "the

department" for "said board" preceding "a corporate surety bond" near the end of the first sentence; and made minor changes in style and phraseology.

81-611. Examination of lands. Before the board leases any lands for the mining of metalliferous metals or gems, the department shall investigate the character of the lands and the nature and possible extent of the mineral deposits therein, for the purpose of determining whether those

lands are of such a character as to warrant the issuance of a mining lease thereon, and for the purpose of determining the amount of royalty and other rentals or considerations for which the lands should be leased for mining purposes under this chapter. Upon the filing of an application for a mining lease the board may, if the lands covered by the application have not been examined by the department, require the applicant for the lease to deposit with the department an amount of money, not exceeding five hundred dollars (\$500) in any one case, which, in its judgment, will cover the cost of a special examination, to enable the board to pass upon the application in accordance with this chapter. Such deposit shall be used to reimburse the state for the actual cost of the examination, and any portion of the deposit not required for such reimbursement shall, upon the approval or rejection of the application, be repaid to the applicant by the department. The department shall make and preserve complete records of all such examinations.

81-612. Failure of title. In issuing mining leases, the board and the state have leased only such right, title, and interest as the state has in the lands, metalliferous minerals or gems therein contained. Neither the state, the board, nor any representative, agent, or employee of the state or the board, are under any liability for the failure of the title of the state, in whole or in part, to the lands, metalliferous minerals, or gems covered by the lease.

Amendments

The 1973 amendment made minor changes in style and phraseology.

81-613. Assignment of leases or permits. In case of the assignment of a mining lease or a prospecting permit by the holder thereof, the mining lessee or permittee executing the assignment is not relieved of any responsibility for operations under the lease or prospecting permit until the financial and moral responsibility of the assignee has been approved by the board, nor until there is deposited with the department:

(a) The assignment or an executed copy thereof;

(b) An instrument executed by the sureties upon any bonds then held by the board in connection with the mining lease or permit and then in force, consenting to the assignment and containing the agreement of the sureties to be bound by the bonds under the assignment, or new bonds conforming to all the requirements of section 81-607; and

(c) A fee prescribed under section 81-108.

History: En. Sec. 13, Ch. 148, L. 1937; amd. Sec. 8, Ch. 22, L. 1971; amd. Sec. 45, Ch. 428, L. 1973.

sion (c), which formerly read "Such fee as may be prescribed by the commissioner of the state lands and investments with the

approval of the state board of land commissioners"; and made minor changes in style and phraseology.

The notice shall be addressed to the permittee, mining lessee, agricultural or grazing lessee, purchaser or patentee at his last known post-office address.

law and relating to leases outstanding under the prior law, were repealed by Sec. 116, Ch. 428, Laws 1973.

CHAPTER 7—LEASES AND PERMITS FOR DEPOSITS OF STONE, GRAVEL, SAND AND OTHER MINERALS

Section

81-701. The board may issue leases.

81-702. Report of lessee and payment and distribution of royalties and other receipts.

81-704. Stone, gravel and sand permits for public use.

81-701. (1805.52) The board may issue leases. When there are found upon state lands deposits of stone, limestone, oil shale, clay, bentonite, calsite, talc, mica, ceramic, asbestos, marble, diatomite, gravel or sand, or phosphate, sodium, potash, sulphur, fluorite or barite, or any other nonmetallic minerals, but not including coal, oil, or gas, valuable for building, mining, or other commercial purposes, the state board of land commissioners may, in its discretion, issue to private persons permits or leases for the removal and disposition of the above named deposits, upon such terms and conditions as the board may determine. All such leases

shall be upon a royalty basis calculated upon a gross value by weight or cubic measurement as is most favorable for the particular substance being mined or extracted from the lands. The gross value shall be determined at the mine or site of operation, and the rates shall be the same that ordinarily would be charged by private owners under similar circumstances, or as in the determination of the board is fair and reasonable. The fee for issuing the lease is the same as for an oil and gas lease. No such lease shall be made for a longer term than ten (10) years, and the board may demand a cash deposit to guarantee the payment of the royalties, or demand a surety bond, or both a cash deposit and bond, as the board may determine.

History: En. Sec. 52, Ch. 60, L. 1927; amd. Sec. 1, Ch. 194, L. 1945; amd. Sec. 1, Ch. 147, L. 1953; amd. Sec. 1, Ch. 207, L. 1961; amd. Sec. 49, Ch. 428, L. 1973.

Amendments

The 1973 amendment deleted "to which

the title is vested in the state, and which lands have not been sold by the state under certificate of purchase, or otherwise" following "When there are found upon state lands" at the beginning of the section; and made minor changes in style and phraseology.

81-702. (1805.53) Report of lessee and payment and distribution of royalties and other receipts. On or before the last day of each month, every holder of a producing lease under this chapter, shall make a report to the department of state lands on a form the department prescribes, showing the amount of substances mined or extracted from the lands in the preceding month, the price obtained, the total amount of sales and any additional information required. The report shall be verified by affidavit of the lessee, or some responsible person having knowledge of the facts, and shall be accompanied by payment of the amount to the state as royalty for the month covered by the report. The royalties, fees, and penalties received under these leases shall be credited to the various funds to which they properly belong in the same manner as is now provided for crediting the same under oil and gas leases.

History: En. Sec. 53, Ch. 60, L. 1927; amd. Sec. 2, Ch. 194, L. 1945; amd. Sec. 50, Ch. 428, L. 1973.

Amendments

The 1973 amendment changed the date on which the report is due from the fif-

teenth to the last day of the month; inserted "producing" before "lease" near the beginning of the first sentence; substituted references to the department of state lands for references to the state board of land commissioners; and made minor changes in style and phraseology.

81-704. (1805.55) Stone, gravel and sand permits for public use. The board may in its discretion, issue permits upon such terms and conditions it determines, to the department of highways, the board of county commissioners of any county of the state, or to the governing body of a city or town and of any other political subdivision of the state, granting them the right to take, remove, and use stone, gravel, or sand from any state lands that have not been sold under certificate of purchase or otherwise for the construction, maintenance, and improvement of public roads, highways, bridges, streets, or alleys. The rights of lessees to the lands on which such stone, gravel, or sand may be located shall be properly safeguarded under the terms of the permits.

History: En. Sec. 55, Ch. 60, L. 1927;
amd. Sec. 51, Ch. 428, L. 1973.

reference to the department of highways
for a reference to the state highway com-
mission; and made minor changes in style
and phraseology.

CHAPTER 8—GRANTING OF EASEMENTS FOR PUBLIC PURPOSES

Section

- 81-801. Sale of state lands to United States—easements for public purposes granted—mineral reservations—land for projects administered by the department of natural resources and conservation.
- 81-802. Easements for school sites and grounds and other public uses.
- 81-803. Easements on state land—application for—action on.

81-801. (1805.56) Sale of state lands to United States—easements for public purposes granted—mineral reservations—land for projects administered by the department of natural resources and conservation. (1) Any state lands needed by the United States in the construction of projects for the control of floods, river regulation, conservation of water, irrigation, and reclamation works, or transmission or distribution of electric energy, shall, upon application to the board of land commissioners, be sold and conveyed to the United States at the price per acre fixed by the board of appraisers appointed by the United States to appraise and value lands to be included within such projects and needed by the United States in the construction thereof, subject, however, to the approval of the state board of land commissioners and the price limitations of the Enabling Act and the state constitution.

(2) There is granted to the United States over all state lands an easement of sufficient width for the purpose desired for right of way for ditches, canals, tunnels, telephone, telegraph, and electric power lines now constructed or to be constructed by the United States in furtherance of the reclamation of arid lands, flood control, river regulation, conservation of water, and transmission and distribution of electric energy.

(3) All conveyances of state lands shall contain a reservation of such rights of way easements. If the lands herein granted as rights of way cease to be used for that purpose, they shall revert to the state, upon notice to that effect being given to the proper authorities.

(4) The mineral reservations now applying to sale of lands received through grants from the United States apply to all lands sold to the United States under this section, but all prospecting and exploration for minerals therein, the mining and removal thereof, and all operations carried on in connection therewith, must be carried on in such manner and under such regulations that they will not interfere with the use of the lands for the purposes for which they have been purchased by the United States.

(5) Lands needed by the United States for any of the previously specified purposes may be appraised or reappraised without appraising the remaining state lands in the county in which they are located. The lands shall be appraised at their full market value.

(6) The provisions of this section governing the sale of state lands to the United States also apply to the sale of state lands for projects financed by the United States under the administration of the department of natural resources and conservation, except as to appraisal by the United States.

History: En. Sec. 56, Ch. 60, L. 1927; amd. Secs. 1, 2, 3 and 4, Ch. 37, Ex. L. 1933; amd. Sec. 1, Ch. 80, L. 1945; amd. Sec. 52, Ch. 428, L. 1973.

Amendments

The 1973 amendment substituted "sec-

tion" for "act" near the beginning of subsections (4) and (6); substituted "department of natural resources and conservation" for "state water conservation board" near the end of subsection (6); and made minor changes in phraseology.

81-802. (1805.57) Easements for school sites and grounds and other public uses. The board may grant easements in state lands for school-house sites and grounds, for public parks, community buildings, cemeteries, and other public uses upon proper applications accompanied by accurate and duly verified plats from the lawfully constituted authorities having charge of those properties.

History: En. Sec. 57, Ch. 60, L. 1927; amd. Sec. 6, Ch. 257, L. 1965; amd. Sec. 53, Ch. 428, L. 1973.

Amendments

The 1973 amendment made minor changes in style.

81-803. (1805.61) Easements on state land—application for—action on. (1) Application for an easement on state land must be made to the department of state lands. It shall describe the proposed right of way according to survey, show the necessity for the proposed highway or street or other easement, and give any additional information the department requires. This application shall be accompanied by two (2) exact copies of the official plat of the proposed highway, street, or other easement duly verified by the affidavit of the county surveyor or county or city engineer, or other engineer having prepared the same, endorsed thereon. These plats shall show the quantity of land taken by the proposed highway or street or other easement for each forty (40) acre tract or government lot of state land over or through which it passes and also the amount of land remaining in each portion of that forty (40) acre tract or government lot. When deemed necessary by the department, these plats shall show all these facts for such smaller subdivisions as the circumstances may render desirable for the state. However, when the purpose of the right of way applied for is the transmission or distribution of electric energy, or the construction and operation of pipelines or telephone, telegraph or radio systems, the plats and measurements need not be given, except the description of the location of the center line of the right of way, and the entire right of way may be applied for in one application with only one plat of the entire right of way required. Easements granted under this section include permission to install and maintain poles, anchors, and other appurtenances necessary for the mechanical support of the transmission or distribution lines.

(2) Upon the filing of an application and plats, the department shall, whenever it considers it necessary, examine the proposed right of way and report its findings to the board. The board shall consider the appli-

cation and report and take any action it considers proper, including the fixing of compensation and damages to be paid to the state. The compensation shall be the full market value of the estate or interest disposed of through the granting of the right of way easement, and the damages shall be the actual damages resulting to the remaining land as nearly as they can be ascertained. If the right of way is granted according to the plat, the plat shall become the official plat thereof, and shall be retained in the office of the department. The board shall issue right of way deeds for all such easements that it grants, upon full payment being made.

(3) If the state land over or through which a right of way is applied for is under certificate of purchase or sales contract, the purchaser, or his assignee, must be made a party to the proceedings, and his consent in writing to the laying out and establishment of the proposed highway, street, or other easement, and to the amount of compensation and damages to be paid, must be filed with the board before the right of way is granted. The board is the judge of how much compensation and damages shall be paid to the state and applied on the certificate of purchase or sales contract and of how much, if any, shall be paid to the purchaser, as the circumstances in each individual case warrant. This subsection applies to all grants of rights of way on state lands.

81-901. (1805.64) Certain state lands not subject to sale. Lands classified as timberlands are not subject to sale, but timber thereon may

be sold and disposed of in the manner provided by law. Lands which in the judgment of the board of land commissioners are likely to contain valuable deposits of coal, oil, oil shale, phosphate, metals, sodium, or other valuable mineral deposits, are not subject to sale, either the surface land or any of such deposits therein. However, this does not prohibit the sale of lands containing sand, gravel, building stone, brick clay, or similar materials.

All coal, oil, oil shale, gas, phosphate, sodium, and other mineral deposits, except sand, gravel, building stone, and brick clay, in state lands, which were not reserved by the United States before July 1, 1927, are reserved to the state. All those deposits are reserved from sale except upon a rental and royalty basis as provided by law. A purchaser of state lands acquires no right, title, or interest in or to any of those deposits. The state also reserves for itself and its lessees the right to enter upon these lands to prospect for, develop, mine, and remove those deposits and to occupy and use so much of the surface of the lands as may be required for all purposes reasonably extending to the exploring for, mining, and removal of the deposits therefrom, but the lessee shall make just payment to the purchaser for all damage done by reason of such entry upon the land and the use and occupancy of the surface thereof.

81-905. (1805.68) Surveying and platting left to discretion of board. It shall be entirely optional with the board whether or not state lands, or any part thereof, shall be surveyed, platted and laid off into blocks and lots as hereinabove provided, as may appear to be for the best interests of the state. All lands within the limits of any town or city or within three (3) miles of such limits shall, however, be subdivided into lots or tracts of not more than five (5) acres each before being offered for sale and the lots must then be sold alternately at regular sales of state lands.

When such tracts of five (5) acres or less have been sold, the board shall whenever deemed necessary cause the plat thereof to be filed for record with the county clerk and recorder of the county in which the land is situated, but if the same purchaser bids in two or more adjoining lots or tracts, all the lots so purchased shall at the option of the purchaser be included in one certificate of purchase.

History: En. Sec. 68, Ch. 60, L. 1927; amd. Sec. 41, Ch. 100, L. 1973.

Amendments

The 1973 amendment substituted "within the limits of any town or city or within three (3) miles of such limits" in the sec-

ond sentence of the first paragraph for "of the fourth class as defined by section 1, article XVII, of the constitution"; and deleted "as provided by section 2, article XVII, of the constitution" after "sold alternately" in the second sentence of the first paragraph.

81-908. (1805.71) Who may purchase and how much. State lands shall be sold only to citizens of the United States or to persons who have declared their intentions to become citizens, or to corporations organized under the laws of this state. No person shall be qualified to purchase state land who has not reached the age of eighteen (18) years. As far as possible to determine the lands shall be sold only to actual settlers or to persons who will improve the same, and not to persons who are likely to hold such lands for speculative purposes intending to resell the same at a higher price without having added anything to their value. No person or corporation shall be entitled to purchase more than one section of state land, and this area shall not include more than one hundred and sixty (160) acres of land susceptible of irrigation. These limitations as to area and irrigableness shall not apply to lands within a federal irrigation project wherein the Congress of the United States of America now or hereafter authorizes water to be furnished to an area exceeding one hundred and sixty (160) irrigable acres.

State lands may be sold to any sovereign state of the United States or to any board of trustees or public corporation or agency of such state created by such state as an agency or political subdivision thereof. Said lands may be purchased in the quantities set forth in this section for use by such state, board of trustees, public corporation, agency, or political subdivision for educational or scientific purposes.

The title to any state lands which have been heretofore purchased by a sovereign state or a board of trustees or public corporation, agency or political subdivision thereof qualified under the provisions of this act is hereby ratified and confirmed.

Amendments

The 1971 amendment reduced the age specified at the end of the second sentence of the first paragraph from 21 to 19 years.

The 1973 amendment reduced the age specified at the end of the second sentence of the first paragraph from 19 to 18 years.

81-910. (1805.73) Notice of sale. (1) The department shall give notice of each sale by publication in a newspaper of general circulation in the county where the sale is to be held, once each week through the four (4) consecutive weeks preceding the date of sale. The notice shall give the day, date, and time of the beginning of the sale, and contain a list of all the tracts to be offered for sale showing the township and range in which they are located, describing them with reference to section number and subdivision of the section, or with reference to block and lot if surveyed, the number of acres in unplatted lands, and the appraised value per acre and the appraised value of each lot. As a general rule

nonirrigable farming lands shall be listed in quarter sections; grazing lands may be listed in larger tracts not exceeding one (1) section.

(2) For the convenience of the bidders, the department may assign to the tracts advertised a consecutive series of sales numbers and show the sales number of each tract in the notice of sale.

(3) The notice shall also give the terms and conditions of sale, and any additional information the department considers useful.

History: En. Sec. 73, Ch. 60, L. 1927; amd. Sec. 4, Ch. 184, L. 1961; amd. Sec. 57, Ch. 428, L. 1973.

81-912. (1805.75) Regulations concerning sale—forfeiture for non-payment—disposition of proceeds. (1) At the time fixed for the sale, the lands shall be offered for sale at auction in the order they appear in the notice of sale, and under the direction of the department the lands shall be sold to the highest qualified bidder under the following restrictions:

(a) No lands may be sold for less than the appraised value;

(b) Tillable lands capable of producing agricultural crops may not be sold for less than ten dollars (\$10) per acre;

(c) Lands principally valuable for grazing purposes may not be sold for less than five dollars (\$5) per acre.

(2) The lessee of the land need not make a higher bid than others, but he shall, if bidding an equal amount, be given the preference. The lands shall be sold as nearly as practicable according to the subdivisions in which they are advertised, and care shall be taken not to subdivide any tract in such a way as to separate remaining portions from a water supply or from section lines or public highways. The sale may be adjourned from day to day until all the lands advertised have been offered for sale.

(3) If any successful bidder at a sale refuses or neglects to make the initial payment required to be made on the land purchased by him, he shall forfeit to the state not less than fifty dollars (\$50) nor more than one thousand dollars (\$1000) to be determined by the board according to the circumstances of the case. If such forfeiture is not paid when notice of the amount of the forfeiture has been served by the department, the attorney general shall sue for the recovery thereof in the name of the state.

(4) The proceeds from the lands sold, including all subsequent payments on the principal, shall be credited to the permanent fund arising from the grant to which it belongs and shall become and forever remain an inseparable and inviolable part thereof. All payments on interest shall be credited to the proper income fund and shall be available for use as provided by law.

History: En. Sec. 75, Ch. 60, L. 1927; amd. Sec. 1, Ch. 177, L. 1933; amd. Sec. 5, Ch. 184, L. 1961; amd. Sec. 58, Ch. 428, L. 1973.

Amendments

The 1973 amendment numbered the subsections; substituted "direction of the department" for "personal direction of the

commissioner or the assistant commissioner, one of whom shall be present at the sale" near the end of the preliminary clause in subsection (1); substituted "de-

partment" for "commissioner" near the end of the second sentence in subsection (3); and made minor changes in style, phraseology and punctuation.

81-915. (1805.79) Terms of payment. (1) Every purchaser of state land shall pay on the day of sale that portion of the purchase price as he may desire, but in no case less than ten per cent (10%) of the total sales price, and in case the balance on the purchase price is not an exact multiple of twenty-five dollars (\$25), then he shall pay such additional sum as is necessary to reduce the balance to an even multiple of twenty-five dollars (\$25).

(2) The balance of the purchase price shall draw interest at the rate set by the board, but in no instance shall the rate be less than five per cent (5%) per year, payable annually, and the balance of the purchase price itself shall be payable through a period of thirty-three (33) years on the amortization plan. This plan is defined as being that plan under which part of the principal is required to be paid each time interest becomes due and payable, and under which this part payment on the principal increases at each succeeding installment in the same amount that the interest payment decreases so that the combined amount due on principal and interest on each due date remains the same until the loan or bond is paid in full. However, the amount of the last installment may vary from the other installments to the extent resulting from disregarding fractional cents in the previous installments. The balance of the purchase price on town and city lots shall be payable on the amortization plan through a period of twenty (20) years, but the board may at any time fix a shorter period than twenty (20) years for the payment of the balance on town and city lots, and different periods of time may be established for different towns and cities as the best interests of the state demand. The board shall annually review the interest rate prior to December 31 of each year and fix the interest rate for all contracts to be entered into during the succeeding year.

History: En. Sec. 79, Ch. 60, L. 1927; amd. Sec. 1, Ch. 149, L. 1939; amd. Sec. 3, Ch. 257, L. 1965; amd. Sec. 10, Ch. 22, L. 1971; amd. Sec. 59, Ch. 428, L. 1973; amd. Sec. 1, Ch. 191, L. 1974.

Amendments

The 1971 amendment deleted the fee of \$5.00 for issuance of certificate of purchase, and granted general authority for the commissioner of lands and investments to prescribe such fee with the approval of the board of land commissioners.

The 1973 amendment numbered the subsections; deleted "he shall also in all cases

pay such fee as may be prescribed by the commissioner of state lands and investments with the approval of the state board of land commissioners for each certificate of purchase to be issued to him" from the end of subsection (1); and made minor changes in style and phraseology.

The 1974 amendment substituted "at the rate set by the board, but in no instance shall the rate be less than five per cent (5%) per year" in the first sentence of subsection (2) for "at the rate of five per cent (5%) per annum"; and added the last sentence in subsection (2).

81-916. (1805.80) Repealed.

Repeal

Section 81-916 (Sec. 80, Ch. 60, L. 1927), relating to conversion of certificates of

purchase issued prior to February 13, 1923, to amortization certificates, was repealed by Sec. 116, Ch. 428, Laws 1973.

81-917. (1805.81) Lien on improvements and crops for principal, interest. The state has a lien prior and superior to all other liens, except

threshermen's liens and seed liens as specified in sections 45-701 and 45-801, which have priority, but only for the aggregate amount of the indebtedness then existing, including any advances theretofore made, interest due and other charges as evidenced by the original loan-contract, and indebtedness thereafter accumulating on such basis, exclusive of any other future advances originally contemplated. This lien is upon all buildings, structures, fences, and all other improvements upon the lands so sold and upon all crops growing upon any of these lands, and also upon such crops after they have been separated from the lands, for all due and delinquent installments of principal and interest and penalty interest and taxes under the certificate of purchase and also for all installments becoming due during the calendar year in which the crop is harvested, and this lien is hereby expressly reserved. Any person purchasing or otherwise acquiring the improvements or crops or any part thereof, takes them subject to the lien. Any representative of the department or sheriff of the county in which the land is located, or his deputy, may demand of the purchaser or his agent payment of the amounts due the state, and if they are not paid upon demand, the officer making the demand, or any representative of the department, may immediately seize the improvements and crops, and upon giving three (3) days' notice, sell and dispose of, either at private or public sale, sufficient of the crops or improvements or of both to pay the amounts due the state, together with cost and expenses of seizure and sale.

81-919. (1805.83) Settlement for improvements. If any state land is sold on which there are improvements belonging to a lessee, and some person other than the lessee is the purchaser, that person shall settle with the lessee for all improvements on the land belonging to the lessee before the issuance of the certificate of purchase. The provisions of sections 81-421 and 81-421.1 relating to the payment and settlement for improvements on state lands between a former lessee and a new lessee apply to the settlement between a lessee and the purchaser. If settlement is not reached within six (6) months of date of sale, all improvements become the property of the state unless the department for good cause shown grants both parties additional time in which to exhaust arbitration.

History: En. Sec. 83, Ch. 60, L. 1927; amd. Sec. 9, Ch. 257, L. 1965; amd. Sec. 61, Ch. 428, L. 1973.

81-921. (1805.85) Certificate of purchase. (1) Upon the approval of the sale and receipt of satisfactory evidence of settlement with the former lessee, if any, for improvements on the land, the department shall execute and mail to the purchaser a certificate of purchase signed

by the governor as president of the board and by the commissioner of state lands and attested by the seal of the board. The certificate of purchase shall contain the date of sale, the name and post-office address of the purchaser, a description of the land, the total purchase price, the amount paid on the day of sale, the balance unpaid, and the amount and due date of each installment of principal and interest to the time of maturity. The certificate shall reserve the easements for rights of way granted by the statutes in favor of the United States and other easements that may have been granted by the board and shall contain the reservations in favor of the state provided for in section 81-902 relating to coal, oil, and mineral rights in the land.

(2) The certificate shall also contain information in regard to the lien of the state on crops and improvements on the land for installments of principal and interest and taxes, and any additional conditions, agreements, and information the board considers necessary in order to carry out the intent of this act.

History: En. Sec. 85, Ch. 60, L. 1927; amd. Sec. 62, Ch. 428, L. 1973.

Amendments

The 1973 amendment numbered the subsections; substituted "department" for "commissioner" in the first sentence of

subsection (1); substituted "commissioner of state lands" for "commissioner acting as secretary of the board" near the end of the first sentence in subsection (1); substituted "section 81-902" for "in this act" near the end of subsection (1); and made minor changes in style and phraseology.

81-923. (1805.87) Payments of installments. The department is not required to accept fractional payments of the installments on certificate of purchase, on account of the complications arising from the division of payments. The purchaser may make payment of one (1) or more installments before the same becomes due, but unless such payments are made at least six (6) months before the installments become due, no reduction may be made in the interest payments. If installments on principal and interest are paid more than six (6) months prior to the due date, the interest from the date of such payment shall be figured upon the balance of the principal unpaid after the advance payment has been made up to the date on which it comes due. If for any reason any installment is not paid when due, the total of that installment, including payment on the principal and payment on interest, shall draw penalty interest at the rate of six per cent (6%) per annum from the date due until the date actually paid. Payment may be made in full at any time before maturity by paying the balance on the principal and interest accrued up to the date of such payment.

History: En. Sec. 87, Ch. 60, L. 1927; amd. Sec. 63, Ch. 428, L. 1973.

Amendments

The 1973 amendment substituted "de-

partment" for "commissioner" at the beginning of the first sentence; and made minor changes in style and phraseology.

81-924. (1805.88) Default in payment of purchase price—cancellation of certificate. If any purchaser or assignee of state land defaults for a period of thirty (30) days or more in the payment of any of the installments due on his certificate of purchase, the certificate is subject to

cancellation. The department shall mail to him at his last known post-office address a notice of default and pending cancellation. The notice shall give him sixty (60) additional days from the date of mailing the notice in which to make payment of the delinquent installment or installments with penalty interest. If he fails to make the payment within sixty (60) days, the certificate of purchase shall from that date and without further notice be void, the duplicate of the certificate in the office of the department shall be canceled, and the land under the certificate shall revert to and become the property of the state to the same extent as other state lands, and shall be open to lease and sale. All buildings, fences, and other improvements placed thereon subsequent to the date of execution of the certificate of purchase shall be and remain the property of the purchaser named in the certificate of purchase or of his heirs, assigns, or devisees, and may be removed from the land at any time within ninety (90) days after the date of the cancellation. If the buildings, fences, and other improvements are not removed prior to the expiration of the ninety (90) day period, they become the property of the state. In case of cancellation of certificate of purchase or surrender of certificate of purchase, and where the land is again open to lease, the former lessee has the prior right to lease the tract at the existing rate, or at the rate set by competitive bidding if such occurs.

Such assignments shall be made on forms prescribed by the department, shall be duly acknowledged as other conveyances of real estate, and shall be executed in duplicate, one (1) copy to be filed and retained in the office of the department, and one (1) copy to be retained by the assignee. A person is not qualified to receive an assignment if the lands he has already purchased from the state together with the lands included in the assignment exceed one (1) section; the assignee must in all respects possess the same qualifications as an original purchaser.

This application shall be accompanied by an affidavit from the owner of the certificate setting forth the facts

in regard to the loss or unlawful withholding of the certificate, and by a certificate from the county clerk and recorder of the county in which the land is located showing all instruments of record in his office affecting the title to the land under the certificate. The department of revenue shall assess the purchaser for the full value of the land on the first day of January following the date of purchase. The holder of certificates of purchase to lands within irrigation districts is liable for the entire tax levied against the land thereunder on account of such irrigation district.

(2) The improvements on the land shall be assessed and taxed as other improvements on farm lands.

(3) On or before January 15 of each year, the department shall furnish the department of revenue or its agent in each county with a complete list of all state lands sold in his county during the year ending on the previous December 31. This list shall show the name and address of the purchaser, the legal description of the land, and the acreage contained therein.

Amendments

Chapter 391, Laws of 1973, substituted "department of revenue" for "assessor" in the second sentence of what is now subsection (1); and substituted "department of revenue or its agent in" for "county assessor of" in the first sentence of what is now subsection (3); both to implement article VII, section 3 of the 1972 constitution.

The 1975 amendment substituted "the first day of January" for "the first Monday of March" in subsection (1); substituted "on or before January 15" at the beginning of subsection (3) for "on or before March 15"; and substituted "ending on the previous December 31" at the end of the first sentence in subsection (3) for "ending on the first Monday of March of each year."

81-930. (1805.94) Lands reverting to state—procedure. If any lands sold under this title revert to the state for any reason, the department shall notify the department of revenue and the county treasurer of the county in which the land is situated of that fact. Upon the receipt of the notice, the department of revenue shall cancel any assessment of the land for that year, and the county treasurer shall cancel all tax liens against the land.

Compiler's Notes

This section was amended twice in 1973, once by Ch. 391 and once by Ch. 428.

Neither amendatory act mentioned or incorporated the changes made by the other. Since the changes do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

Chapter 391, Laws of 1973, substituted "department of revenue" for "assessor" in two places in order to implement article VII, section 3 of the 1972 constitution.

Chapter 428, Laws of 1973, substituted "title" for "act" near the beginning of the first sentence; substituted "department" for "commissioner of state lands" in the middle of the first sentence; substituted "tax liens" for "taxes remaining unpaid" near the end of the section; deleted "for that and all previous years" from the end of the section; and made minor changes in style, phraseology and punctuation.

(1) The governor, and in his absence or inability, the lieutenant governor, shall execute deeds or patents of conveyance transferring without covenants any lands sold by the board under the laws of this state when full payment has been made therefor. Such deed or patent shall contain the reservation of easements for rights of way to the United States, reservation of all minerals in the land as provided in section 81-902, and all other reservations to which the particular land conveyed is subject. If the land is located within the boundaries of a federal irrigation project, the patent shall contain a lien clause substantially in the following form: "The land hereby conveyed is located within the boundaries of a federal irrigation project and is subject to all liens which the United States may have thereon by reason of its being located under such irrigation project." The deed or patent shall be attested by the secretary of state, countersigned by the commissioner of state lands, and have the great seal of the state and the seal of the board thereto attached, but need not be acknowledged. A certified copy of the record of any such deed or patent shall be received in evidence in all courts of record of this state the same as the original.

(2) This section does not require any reservation in a patent which was not an express or implied reservation in the certificate of purchase pursuant to which the patent is issued; the statutes in effect when such certificate of purchase was issued must govern.

The department shall, before the first Monday of April of every year, prepare and transmit a statement to the department of revenue or its agent in each county in which the state has real property in excess of six per cent (6%) of the total land area of the county and from which the state derives grazing, agricultural or forest income. The statement shall contain the total number of acres owned by the state in that county and list the acres separately as grazing, agricultural, or forest land.

Compiler's Notes

This section was amended twice in 1973, once by Ch. 391 and once by Ch. 428. Neither amendatory act mentioned nor incorporated the changes made by the other. Since the changes do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Title of Act

An act providing for reimbursement to counties for loss of revenue because of tax exempt status of state owned land in excess of six per cent (6%) of the total land area; providing for procedures

to effectuate this purpose; prescribing the duties of the commissioner of state lands and investments, county assessors and the state controller; limiting the maximum payments; and providing an effective date.

Amendments

Chapter 391, Laws of 1973, substituted "department of revenue or its agent in" for "county assessor of" in the first sentence in order to implement article VIII, section 3 of the 1972 constitution.

Chapter 428, Laws of 1973, substituted "department" for "commissioner of state lands and investments for the state of Montana" at the beginning of the first sentence; and made minor changes in style, phraseology and punctuation.

81-1116. Computation of state land equalization payment. The department of revenue shall compute the amount of taxes which would be payable on the county assessments of said property as if it were owned by, and taxable to, a taxpayer of such county; provided that, if the land is not classified, the sum to be listed shall be determined by the average tax payment made on like property within the county where said land is situated, not to exceed twelve cents (\$.12) per grazing acre, thirty-five cents (\$.35) per agricultural acre, and twelve cents (\$.12) per forest acre. The average tax may be derived from the most recent biennial report of the state department of revenue. The total figure arrived at by this method shall be called the gross assessment figure. The county exemption factor shall be determined by dividing the percentage the state owned land bears to the total land area of the county into six per cent (6%). This quotient shall be multiplied by the gross assessment figure and the product is called the state exemption figure. The state exemption figure shall be subtracted from the gross assessment to give the state land equalization payment.

History: En. Sec. 2, Ch. 235, L. 1967; amd. Sec. 55, Ch. 391, L. 1973.

Amendments

The 1973 amendment substituted "department of revenue" for "board of equalization" in two places.

Compiler's Notes

This section was amended twice in 1973, once by Ch. 391 and once by Ch. 428. Neither amendatory enactment mentioned or incorporated the changes made by the other. Chapter 428, Laws of 1973, substituted references to the department for references to the commissioner of state lands and investments; and made minor changes in style and phraseology.

81-1118. County statement on equalization payments examined by department—claim filed with department of administration. The department shall examine the statement returned by the agent of the department of revenue for accuracy, and in no case shall the state land equalization payment be approved unless the state exemption figure is deducted from the gross assessment figure in the statement. The department shall, before November 1 of each year, prepare and file a claim with the department of administration for all counties who are eligible for state land equalization payments, and this claim shall show the amount of money each eligible county will receive.

History: En. Sec. 4, Ch. 235, L. 1967; amd. Sec. 57, Ch. 391, L. 1973; amd. Sec. 79, Ch. 428, L. 1973.

Section

81-1601. Sale of timber—fees for brush disposal and timber stand improvement.

81-1604. State brand—penalty for violation.

81-1601. (1872) Sale of timber—fees for brush disposal and timber stand improvement. (1) The state board of land commissioners may sell timber on state lands, at such price per thousand feet as in its judgment is in the best interest of the state, but not otherwise; but no such sale of live timber shall be less than three dollars (\$3) per thousand feet for white pine, yellow pine, and spruce or less than one dollar and a half (\$1.50) per thousand feet for all other timber species. All timber sold or cut from state lands shall be cut and removed under such rules and regulations for the preservation of standing timber and the prevention of fires as the board prescribes; in all cases the board must require the person cutting the timber to pile and burn or otherwise dispose of the brush and slashings in such manner as may be required. Before any sale is granted, the timber shall be estimated and appraised under the direction of the department of natural resources and conservation, upon the request and subject to the approval of the board. These estimates and appraisals shall show as nearly as possible the amount and values per thousand feet of all merchantable timber, together with a statement of the situation of the timber relative to risk from fires or damage of any kind, its distance from the nearest lake, stream or railroad, and its value and position as a protection to a watershed.

(2) The board may set fees for brush disposal on state lands. The board may also establish a fee for timber stand improvement on timber cut on state lands. Such fees shall be deposited in the earmarked revenue fund to the credit of the department of natural resources and conservation.

- 81-1731. Termination and surrender of lease.

81-1702. (1882.2) Area to be leased—limitations—term of leases—operating agreements. (1) An oil or gas lease issued on state lands may not embrace more than six hundred forty (640) acres, except that any section surveyed by the United States which contains more than six hundred forty (640) acres may be included under one (1) lease. Any person, association, corporation, or municipality qualified to hold an oil or gas lease on state lands may receive from the board or take through assignment, or succession, will, judgment, decree, or otherwise through the operation of law, more than one (1) oil and gas lease to state lands, subject to such regulations and limitations as the board prescribes.

(2) All state oil and gas leases shall be granted for a primary term or period of ten (10) years, and as long thereafter as oil or gas in paying quantities is produced, on condition that all drilling, rental, and other obligations are fully kept and performed by the lessee; nothing in this section amends or repeals sections 81-1703 or 81-1706.

If oil or gas is not being produced from the leased premises at the expiration of the primary term of the lease, but the owner of the lease is then engaged in drilling on the premises for oil or gas, then the lease continues in force so long as such drilling operations are being diligently prosecuted. If oil or gas is recovered from any such well drilled or being drilled at or after the expiration of the primary term of the lease, the lease continues in force so long as oil or gas in paying quantities is produced from the leased premises.

(3) Owners of state oil and gas leases may enter into agreements with other persons, associations, firms, and corporations for drilling and other operations on the state lands under their leases; but no such operating agreements are in any way binding upon the state until filed with the board and approved by it; and no such drilling or operating agreement in any way affects the obligations of each individual leaseholder to the state.

(4) Nothing contained in this section or in prior related acts prevents the board from entering into agreements for the pooling of acreage with others for unit operations for the production of oil or gas, or both, and the apportionment of oil or gas royalties, or both, on an acreage or other equitable basis, and from modifying leases with respect to delay rentals, delay drilling penalties and royalties in accordance with such pooling agreements and such unit plans of operation; however, such agreements may not change the percentage of royalties to be paid to the state from the percentages as fixed in its leases. The board may modify existing pooling and unit agreements so as to commit the state lands included therein for as long as the unitized substance or substances for which the state lands are committed is produced from any lands in the unit.

(5) Oil or gas produced from any part of a unit in which state lands are included by virtue of a pooling agreement, are considered to be produced from the state lands therein, within the meaning of this chapter.

first paragraph of subsection (2), was repealed by Sec. 116, Ch. 428, Laws 1973.

Amendments

The 1973 amendment inserted "state oil and gas" at the beginning of subsection (2); and made minor changes in style, phraseology and punctuation.

Compiler's Notes

Section 81-1703, cited at the end of the

81-1702.1. Rentals—filing fee—contiguity. (1) The annual money rentals to be paid to the state for oil and gas leases issued on and after July 1, 1975, shall be set by the board but may not be less than one dollar and fifty cents (\$1.50) for each acre of land leased, except that in addition to the sum of one dollar and fifty cents (\$1.50) per acre, the rental for the first year of the lease shall also include any sum in excess of one dollar and fifty cents (\$1.50) per acre offered and accepted for the first year's rental; however, this annual rental shall in no case be less than one hundred dollars (\$100) a year.

(2) The first year's rental shall be paid before the issuance of the lease. The rentals for each subsequent year of the lease shall be due and payable before the beginning of such subsequent year, and upon failure to make such payment the lease terminates.

(3) The lands shall be leased in as compact bodies as the form and areas of the tracts held by the state and offered for lease will permit. No lease may embrace noncontiguous subdivisions of lands unless the subdivisions are within an area comprising not more than one (1) square mile.

(4) In all cases where an oil and gas lease issued after March 3, 1955, is surrendered for cancellation before its expiration, relinquished to the state, or canceled through proceedings on the part of the state, no new lease on the lands under such lease may be issued within thirty (30) days from the date of cancellation or relinquishing. This restriction does not apply, however, in cases of bona fide assignment.

History: En. Sec. 1, Ch. 161, L. 1955; amd. Sec. 12, Ch. 22, L. 1971; amd. Sec. 85, Ch. 428, L. 1973; amd. Sec. 1, Ch. 136, L. 1974; amd. Sec. 1, Ch. 379, L. 1975.

Amendments

The 1971 amendment deleted the filing fee of \$5.00 for each oil and gas lease issued from the second paragraph; granted general authority for the commissioner of lands and investments to prescribe such fee with the approval of the board of land commissioners; and made a minor change in style.

The 1973 amendment inserted former subsection (1); numbered the remaining subsections; substituted "issued on and after March 3, 1955" for "hereafter made under the provisions of chapter 17 of Title 81, R. C. M. 1947, and acts amendatory thereto" in subsection (2) (now subsection (1)); deleted from subsection (3) (now subsection (2)) a first sentence providing for filing fees on issuance and assignment of leases; deleted "Such filing fee and" from the beginning of the first sentence of subsection (3) (now subsection (2)); substituted "issued after March 3, 1955, is surrendered" for "hereafter issued shall be

surrendered" near the beginning of subsection (5) (now subsection (4)); and made minor changes in phraseology and style.

The 1974 amendment substituted "due and payable before the beginning of such subsequent year" in the second sentence of subsection (3) (now subsection (2)) for "due and payable thirty (30) days before the beginning of such subsequent year."

The 1975 amendment deleted the former subsection (1), which read: "The minimum annual money rentals to be paid to the state for oil and gas leases issued before March 3, 1955, shall be seventy-five cents (\$.75) for each acre of land leased; however, this rental shall in no case be less than fifty dollars (\$50) per year"; redesignated subsections (2) to (5) as subsections (1) to (4); substituted in subsection (1) "after July 1, 1975" for "after March 3, 1955"; inserted "set by the board but may not be less than" after "shall be" in subsection (1); increased the minimum rental from \$1.00 to \$1.50 per acre in subsection (1); inserted "annual" before "rental" near the end of subsection (1); and increased the yearly rental from \$50 to \$100.

81-1702.2. Power to terminate lease—grounds. In every oil and gas lease granted after March 3, 1955, under this chapter there shall be reserved to the board full power to declare termination of the lease at the end of the second year or any subsequent year of the primary term of the lease upon failure of the lessee to either (a) commence the drilling of a well for oil and gas upon the leased premises or (b) pay a delay drilling penalty as follows: for the sixth year of the lease one dollar and twenty-five cents (\$.25) per acre per year, and for the remainder of the primary term of the lease an amount per acre per year as the board may, in its discretion, determine. Notice of that determination shall be given to the lessee, and if the lessee applies for a hearing thereon within ten (10) days after receipt of the notice, the determination shall become final only after such

hearing has been held. This annual delay drilling penalty shall be paid each year in advance. If a well for oil and gas is commenced, the drilling of the well shall be prosecuted with due diligence and dispatch to such depth as is necessary to make a reasonable test for oil or gas. If the first well drilled is a dry hole, and if a second well is not commenced on the land covered by the lease before the next anniversary of the lease following the completion of the well, the lease may be terminated by the board unless the lessee, on or before such anniversary, resumes the payments of penalties in the amounts provided in this section. Upon the resumption of the payment of such delay drilling penalties and their continued payment, the lease continues in force during the primary term as though there had been no interruption in the delay drilling penalty payments.

History: En. Sec. 2, Ch. 161, L. 1955; amd. Sec. 1, Ch. 251, L. 1965; amd. Sec. 86, Ch. 428, L. 1973.

leased and cancellation and renewal of leases, was repealed by Sec. 116, Ch. 428, Laws 1973.

81-1704. (1882.4) Royalty — time for payment — computation — minimum royalty. In every oil and gas lease granted by the state under this chapter, and acts amendatory thereto, there shall be reserved to the state as consideration therefor, in addition to the rentals as hereinbefore provided, a royalty in all oil and gas produced and saved from all lands covered thereby, and not used for light, fuel, and operation purposes on the leased premises, which shall be equivalent to the full market value, as ascertained by the state board of land commissioners at the date of such lease, of the estate or interest of the state in the lands and oil and gas deposits disposed of under such lease; provided that such royalty reservation shall be set by the board but may not be less than twelve and one-half per centum (12½%) on gas, and not less than twelve and one-half per centum (12½%) on that portion of the average production of oil or casing-head gasoline for each producing well not exceeding three thousand (3,000) barrels for the calendar month; provided, further, that the royalty on gas, including casing-head gas and all gaseous substances, while the same

is not sold or used off the premises shall be at the rate of four hundred dollars (\$400) per well each year or the amount of the annual rental provided in said lease, in lieu of such per well rate, whichever is the greater, payable on or before the annual anniversary date of the lease, and as long as such leased lands contain a well capable of such production and such payment is made the lease shall be considered as a producing lease under the lease terms. Such lease shall provide for the rendering of payment of such royalty on all oil and gas produced and saved and sold or used off the premises in the following manner and upon the following terms:

The lessee shall pay to the state, in cash, for all oil and gas royalty reserved, the posted field price existing on the day such oil or gas is run into any pipeline or storage tank to the credit of the lessee, plus any bonus actually paid, or agreed to be paid, to the lessee, for such oil or gas; or, at the option of the state, exercised in writing by the state board of land commissioners not oftener than every thirty (30) days, the lessee shall deliver the state's royalty oil or gas free of cost or deductions, into the pipeline to which the wells of the lessee may be connected or into any storage designated by the state and connected with such wells.

Amendments

The 1975 amendment inserted "set by the board but may not be less than" after "royalty reservation shall be" near the middle of the first sentence in the first

paragraph; inserted in the same sentence "not less than" after "on gas, and"; and increased the royalty rate in the proviso to the first sentence in the first paragraph from \$200 to \$400 per well.

Effective Date

Section 3 of Ch. 379, Laws 1975 read "This act is effective April 1, 1975."

81-1705. (1882.5) Report of lessees. On or before the last day of each month every holder of a producing oil or gas lease shall make a report to the department for the preceding calendar month on a form the department prescribes. The report shall show the amount of oil or gas produced and saved during the preceding month, the price obtained, the total amount of all sales, and any additional information as may be required, and it shall be signed by the lessee or some responsible person having knowledge thereof. The report shall be accompanied by payment of the amount due the state as royalty for the month covered by the report, unless the state's royalty is being or has been paid direct by the purchaser thereof; however, where the amount of royalty due from any lease is determined by the board to be so small as to make it uneconomical to collect monthly, the board may authorize royalty payments to be made semiannually.

History: En. Sec. 5, Ch. 108, L. 1927; amd. Sec. 2, Ch. 122, L. 1953; amd. Sec. 1, Ch. 171, L. 1963; amd. Sec. 87, Ch. 428, L. 1973.

(1) In every oil and gas lease granted by the state there shall be reserved to the board full power to declare termination of the lease upon failure of the lessee to drill at last one well upon the leased premises (not less than six (6) inches in diameter to the

depth of at least one thousand (1,000) feet, unless oil or gas in commercial quantity and of commercial quality shall be encountered at a shallower depth) within two (2) years after the date of the lease. If oil or gas in commercial quantities is not found at the depth of one thousand (1,000) feet or less, the lessee shall continue drilling with diligence to such depth as necessary to make reasonable test for oil or gas. The board may, in its discretion, upon satisfactory showing by the lessee, extend the time for the commencement or completion of such drilling obligation from year to year, not exceeding ten (10) years after the date of the lease, upon such terms and considerations the board determines, and upon payment to the department of such penalty, if any, the board in its discretion determines, for each year beginning with the third year, payable each year in advance.

(2) This section does not apply to leases issued after March 2, 1955.

History: En. Sec. 6, Ch. 108, L. 1927; amd. Sec. 2, Ch. 171, L. 1933; amd. Sec. 88, Ch. 428, L. 1973.

However, all royalties and bonuses collected from the lands forming part of the capitol building grant shall be available as income the same as all other receipts from such lands. All moneys received as rentals, royalties, and bonuses for or under leases on state lands and not held in trust for the public schools of the state, or for any state institution, shall be credited, one-half ($\frac{1}{2}$) to the state general fund and one-half ($\frac{1}{2}$) to the state permanent revenue fund.

81-1716. (1882.16) Assignments of leases. The assignment of any oil and gas lease issued under this chapter, either in whole or as to subdivisions of land embracing not less than forty (40) acres covered thereby, made to an assignee qualified as provided herein, is permitted. Such assignment is not, however, binding upon the state until filed with the department and accompanied by the required fees, together with such proof of qualifications required by the board, and approved by the board or its lawful representative. The approval of any assignment so filed and supported may not be withheld in any case where the rights or interest of the state in the property assigned will not in the judgment of the board be prejudiced thereby, and the decision of the board in all cases is subject to appeal upon proper court proceedings. All other assignments of oil and gas leases issued under this chapter or interests therein are subject to approval by the board and are binding upon the state in the discretion of the board.

As to such casing, equipment, and apparatus, any succeeding lessee, or in the event there is no succeeding lessee, the state, wishing to have such property left upon the premises, shall pay the reasonable value thereof to the former lessee. If the succeeding lessee or the board is unable to agree with the former lessee upon the reasonable cash value of such casing, equipment, and apparatus, the succeeding lessee or the state, as the case may be, shall pay in cash to the former lessee a sum fixed as a reasonable price by a board of three (3) appraisers, one (1) of whom shall be chosen by the successful bidder, one (1) by the former lessee, and the third by the two (2) so chosen. Its appraisal shall be reported to the respective parties in writing, and is final and conclusive.

(2) The former lessee may remain in possession and manage the land and property formerly covered by his lease until the value of the casing, equipment, and apparatus which the succeeding lessee or the state desires to have left upon the premises, is fixed, in the manner provided in this section, and has been paid to him in cash. During the time the former lessee remains in such possession, he may retain the same share of the products of the premises as inured to him during the term of his lease. Should the state or other bidder not desire any of the lessee's property as provided in this section, the lessee shall properly plug all wells and remove all of his property from the lands.

81-2601. Empowering the state board of land commissioners to lease.

The board of land commissioners may lease state-owned lands, including the beds of navigable streams and the beds of navigable bodies of water, to persons, associations, or corporations for prospecting, exploration, well construction, and the production of geothermal resources.

History: En. 81-2601 by Sec. 1, Ch. 111, L. 1974.

Title of Act

An act to empower the board of land commissioners to lease geothermal resources on state lands.

81-2602. Definitions. Unless the context requires otherwise in this act:

(1) "Geothermal resources" means the natural heat energy of the earth, including the energy, in whatever form, which may be found in any position and at any depth below the surface of the earth, either present in, resulting from, created by, or which may be extracted from, such natural heat, and all minerals in solution or other products obtained from the material medium of any geothermal resource. Geothermal resources are sui generis, being neither a mineral resource nor a water resource, but they are closely related to and possibly affecting and affected by water resources in many instances. No right to seek, obtain, or use geothermal resources has passed or shall pass with any existing or future lease of state or school lands.

(2) "Board" means the board of land commissioners.

(3) "Department" means the department of state lands provided for in Title 82A, chapter 11.

(4) "Geothermal development" means any of the operations or facilities necessary for the production of geothermal resources.

History: En. 81-2602 by Sec. 2, Ch. 111, L. 1974.

81-2603. Rules and regulations. The board of land commissioners shall adopt rules governing the issuance of geothermal resource leases and the

conduct of all geothermal operations. The board may also require the applicant for a geothermal lease to pay an application fee.

History: En. 81-2603 by Sec. 3, Ch. 111,
L. 1974.

81-2604. Provisions of the lease. (1) A lease issued by the board gives the lessee, so long as he complies with the terms and conditions of the lease, the exclusive right of possession of the lands or interests leased, subject to conditions contained in the lease.

(2) In every geothermal resource lease granted there is reserved to this state the right to sell, lease or otherwise dispose of the surface of the lands covered thereby subject to the rights and privileges granted the lessee under the terms of the lease.

(3) The term of each lease shall be for a primary term of ten (10) years and for so long thereafter as geothermal resources in paying quantities are produced, provided that all conditions and terms of the lease are fully performed by the lessee.

If geothermal resources are not being produced from the leased premises at the expiration of the primary term of the lease, but the owner of the lease is then engaged in drilling on the premises for geothermal resources, then the lease term shall be extended for so long as the drilling operations are diligently continued. If geothermal resources are recovered from any well drilled after the expiration of the primary term, the lease shall continue in force so long as geothermal resources in paying quantities are produced from the leased premises.

(4) Lessees may enter into agreements with other persons, associations, firms and corporations for drilling and other operations on state lands, but no such operating agreements shall be binding upon the state until filed with the department and approved by the board. No drilling or operating agreement may affect the obligations of each individual leaseholder to the state.

(5) Nothing contained in this act or other related acts shall prevent the board of land commissioners from entering into agreements for the pooling of acreage for unit operations for the production of geothermal resources and apportionment of geothermal royalties on an acreage or other equitable basis, or from modifying the royalty provisions of existing leases and all subsequent leases in accordance with pooling agreements and unit plans of operation. No agreement may be entered into which changes then the percentage of royalties to be paid to the state from the percentages fixed in its leases.

(6) Geothermal resources produced from any part of a unit in which state lands are included by virtue of a pooling agreement shall be considered to be produced from the state lands therein.

(7) Every lease shall specify the rental and royalty to be paid, reasonable forfeiture provisions, and reasonable terms under which the lessee may, within a specified time, remove property placed on the leased lands upon the termination of the lease by forfeiture or by lapse of time. Furthermore, the lease may contain other provisions the board and the lessee agree upon, provided that the additional terms are not inconsistent with this chapter.

The board may exercise business discretion in entering into leases under this chapter.

History: En. 81-2604 by Sec. 4, Ch. 111,
L. 1974.

81-2605. Royalties and rentals. Geothermal leases shall be issued at an annual rental of not less than one dollar (\$1) per acre, payable in advance and/or a royalty which shall not be less than ten per cent (10%) of the amount or value of steam, or other forms of heat or energy, derived from the production under the lease and sold or utilized by the lessee or reasonably susceptible to sale or utilization by the lessee and not more than five per cent (5%) of any by-product derived from production under the lease and sold or utilized or reasonably susceptible of sale or utilization by the lessee.

History: En. 81-2605 by Sec. 5, Ch. 111,
L. 1974.

81-2606. Bonds to the state. The board may, at any time prior to the execution and delivery of a geothermal lease, or at any time during the life of the lease, require a lessee to file with the department a bond to protect the rights of the state. The bonds shall be in form and amount prescribed by the board. The board may at any time require new or additional bonds if the interests of the state will not adequately be protected by the bond previously filed.

History: En. 81-2606 by Sec. 6, Ch. 111,
L. 1974.

81-2607. Compensation to surface lessee. The lessee of any geothermal lease shall compensate the surface lessee for any damage to the surface or leasehold interest caused as a result of the geothermal lease. The board may require the geothermal lessee to post a bond, in an amount to be set by the board, to insure the payment of damages to any surface lessee. If the surface lessee and the geothermal lessee disagree as to the reasonable amount of surface damage, damage shall be ascertained in the same manner as prescribed in section 81-2609.

History: En. 81-2607 by Sec. 7, Ch. 111,
L. 1974.

81-2608. Compensation for improvements. A geothermal lessee of state lands has the right to place upon the leased lands a reasonable amount of improvements, provided that such improvements are directly related to the purpose of the lease. Whenever another person becomes the geothermal lessee, he shall pay the former lessee the reasonable value of such improvements at the time the new lessee takes possession thereof.

In determining the value of these improvements the original cost, the present condition, and the suitability of the improvements for the uses ordinarily made of geothermal resources shall be considered.

The former lessee may, however, remove or dispose of the movable improvements from the land within sixty (60) days from the expiration of his lease except for casing the well and other equipment necessary for the pres-

ervation of any geothermal well. If not removed within sixty (60) days, improvements shall become the property of the state unless the board shall grant additional time for the removal thereof. Before a lease is issued to the new lessee he shall show that he has paid the former lessee the value of the improvements as agreed upon by them or as fixed and determined under section 81-2609, or that he has offered to pay the value of the improvements as so fixed and determined, or that the former lessee elects to remove the improvements.

History: En. 81-2608 by Sec. 8, Ch. 111,
L. 1974.

81-2609. Arbitrators to fix value of improvements—appeal. If the owner of any improvements on state lands of the type authorized by law at the time they were placed thereon desires to sell these improvements to the new lessee, and they are unable to agree on the value thereof, the value shall be ascertained and fixed by three (3) arbitrators, one (1) of whom shall be appointed by the owner of the improvements, one (1) by the new lessee and the third by the two (2) arbitrators so appointed. The reasonable compensation that the arbitrators may fix shall be paid in equal shares by the owner of the improvements and the new lessee. The value of the improvements so ascertained and fixed is binding on both parties. If either party is dissatisfied with the valuation so fixed, he may within ten (10) days appeal from their decision to the department which shall examine the improvements and make the final decision as to the value of the improvements. The department shall apportion the actual cost of the re-examination to the owner and the new lessee as justice may require. The value of the improvements shall be ascertained and fixed as provided in section 81-2608 of this chapter.

History: En. 81-2609 by Sec. 9, Ch. 111,
L. 1974.

81-2610. Disposition of royalties and other receipts. The department shall credit fees collected under geothermal leases to the general fund; all rentals, penalties and bonuses shall be credited to the income fund of the grant to which the lands under each lease belong; all moneys collected as royalties shall be credited to the permanent fund arising from the grant to which the land under each particular lease belongs.

History: En. 81-2610 by Sec. 10, Ch.
111, L. 1974.

81-2611. Application for water right—issuance of right. If any geothermal development located on state land requires the utilization of water, the lessee may at any time prior to one (1) year before the expiration of his lease, make application to the board of land commissioners for permission to secure a water right to the land under his lease. Such application shall be in writing, show the permanency of the water supply, and the estimated cost of utilizing such water resources. If the proposed plan meets with the approval of the board, permission shall be granted to the lessee to secure the desired water right for the land. Such right shall be secured in accordance with Title 89, chapter 8, R. C. M. 1947, and shall be filed in

the name of the state of Montana. Existing water rights purchased by the geothermal lessee shall be the property of the lessee.

History: En. 81-2611 by Sec. 11, Ch. 111, L. 1974.

81-2612. Conflicting leases. Where there are conflicting leases, including but not limited to geothermal, coal, mineral and oil and gas leases, embracing the same land, the person who first was issued a lease shall be entitled to priority of rights, provided however that the exercise of this priority shall not interfere with actual production from the lease as determined by the board.

History: En. 81-2612 by Sec. 12, Ch. 111, L. 1974.

81-2613. Severability clause. If any section, clause, paragraph, or provision of this act shall be found invalid by a court of competent jurisdiction, it shall be conclusively presumed that this act would have been passed by the legislature without such invalid section, paragraph or clause and the act as a whole shall not be declared invalid by reason of the fact that one (1) or more sections, clauses, sentences, paragraphs, or parts may have been found invalid by any court.

History: En. 81-2613 by Sec. 13, Ch. 111, L. 1974.

natural and potentially natural areas in the state and to provide for the protection of these areas.

Title of Act

An act to acknowledge the existence of

81-2702. Legislative intent. The legislative assembly finds that in the expanses of Montana there are natural areas possessing significant scenic, educational, scientific, biological, and/or geological values, or areas possessing these characteristics to a degree promising their restoration to a

natural state; that since the development of these areas is an irreversible commitment of a finite and diminishing resource of fundamental importance, the remaining areas should be preserved for the benefit of this and future generations; and that currently there are no regulations promulgated by the state or local governments to ensure adequate protection for natural areas. It is the intention of the legislative assembly to establish a system for the protection of natural or potentially natural areas in order to preserve their natural ecosystem integrity in perpetuity.

In this connection, the legislature recognizes the fact that the school trust lands are held in trust for the support of education and for the attainment of other worthy objects helpful to the well-being of the people of the state; that it is the duty of the board of land commissioners to administer this trust so as to secure the largest measure of legitimate and reasonable advantage to the state; and hereby declares the preservation of natural areas, whether trust or other lands, for the enjoyment and inspiration of future generations, to be an object worthy of legislative action helpful to the well-being of the people of the state and also declares that the preservation of natural areas on state trust land has sufficient value to present and future education to meet the state's obligation for the disposition and utilization of trust lands as specified in the Enabling Act.

History: En. 81-2702 by Sec. 2, Ch. 254,
L. 1974.

81-2703. Definitions. (1) "Natural area" means an area of land which must generally appear to have been affected primarily by the forces of nature with the visual aspects of human intrusion not dominant, and also must have one or more of the following characteristics:

(a) An outstanding mixture or variety of vegetation, wildlife, water resource, landscape and scenic values.

(b) An important or rare ecological or geological feature or other rare or significant natural feature worthy of preservation for scientific, educational or ecological purposes.

(2) "Board" means the board of land commissioners.

(3) "Department" means the department of state lands.

(4) "Council" means the natural areas advisory council created by this act.

History: En. 81-2703 by Sec. 3, Ch. 254,

81-2704. Methods of bringing land under this act. A natural area, as defined in section 3 [81-2703], may become subject to the provisions of this act in any of the following ways:

(1) Designation by the board on lands controlled by the board.

(2) Designation by the legislative assembly on lands owned by the state of Montana.

(3) Acquisition by the board by purchase with consent of the property owner of sufficient interests in private property to protect the natural area; provided however that transfer of surface property or development rights

shall not alter the rights attending the subsurface estate if owned by another party.

(4) Gift accepted by the board.

(5) Trade of state-owned trust land for a natural area on federal, county or private land, provided however that lands received in exchange for trust lands should be equal in value to the exchanged trust land and, as closely as possible, equal in area.

History: En. 81-2704 by Sec. 4, Ch. 254,
L. 1974.

81-2705. Natural area identification procedures—other agencies to assist—annual report to legislature. The department shall establish and utilize procedures to identify the existing or potentially natural areas on lands under its jurisdiction and shall collect information on potential natural areas on private, county, and other state land. The department of natural resources shall co-operate with the department by reporting potential natural areas on state timber lands. The department shall make recommendations to the board for designation of natural areas on state lands controlled by the board and for acquisition of interests in other lands for the preservation of natural areas. The board shall submit to each legislative assembly an annual report on its designation and acquisition activities.

Special attention shall be given to protecting areas from recreational overuse.

(2) The regulations shall provide at least two board meetings per year for the receipt of testimony on the board's proposed designation of natural areas. No area shall be designated by the board unless the opportunity for public testimony has been afforded at meetings provided for in the regulations, and positive notification of all involved landowners and lessees has been made.

History: En. 81-2709 by Sec. 9, Ch. 254, L. 1974.

81-2710. Composition and duties of advisory council—governor may appoint. (1) If the governor appoints a natural areas advisory council, the council shall consist of seven (7) citizens of the state, four (4) of whom shall possess experience in the evaluation and preservation of natural areas, and one (1) member each from agriculture, ranching and industry. The council shall make recommendations to the board for the administration of the natural areas system and additions thereto from state, federal, county or private land.

(2) Within ninety (90) days of the receipt of a council recommendation the board shall:

(a) In the case of state trust lands and existing designated areas promulgate a rule designating a recommended natural area contained in the recommendation and adopting the recommendation, or issue a written statement of its reasons for denying the recommendation.

Title of Act

An act for the codification and general revision of the laws relating to the department of administration.

82-109. Duties of department—expenditure control. (1) The department shall establish a system of financial control so that the functioning of the various agencies of the state may be improved, duplications of work by different state agencies and employees eliminated, public service improved, and the cost of government reduced.

(2) The department shall apply expenditures against nongeneral fund moneys wherever possible before using the general fund appropriations.

(3) The department may, when authorized by the governor, require a quarterly allotment system of expenditure for any office, institution, or agency. The lien of any mortgage filed subsequent to the passage and approval of this act shall be subsequent to any lien for hail insurance hereafter levied thereon. All applicants securing hail insurance on crop liens as heretofore provided shall be subject to the same charges per acre as provided herein to be made on land. Notice of such assessment shall be mailed to each person insured, by the county treasurer in the same manner as are all other notices of taxes due. Said assessment shall be payable at the office of the county treasurers of each respective county. All insurance levies whether levied against land or in the form of special assessments secured by crop liens, shall be payable in full, and not in semiannual payments, on or before November 30th of each year in which such levies are made.

(4) The state board of hail insurance may when they deem it advisable establish as many districts as it deems advisable and may maintain

maximum rates in various parts of the state which rates shall be commensurate with the risk incurred as nearly as they can determine from past experiences or from any records available. The highest of these rates shall be the same as the maximum established herein and the lowest shall not be less than one dollar and twenty cents (\$1.20) per acre on lands sown to grain crops, and a proportionate amount on lands sown to hay crops.

Notice of the various rates established for any year shall be plainly printed on the application for hail insurance, and in any year when the requirements of the hail insurance law as herein provided do not require a levy of the maximum rates as established, then the rates for the year shall be determined and levied by the state board of hail insurance for each of the various districts as established, in such proportions as will in their judgment be fair and equitable.

Amendments

The 1975 amendment doubled the tax and interest amounts in subsection (1).

82-1507. (352) Scope and object of levy—reserve. (1) In making the levy provided in the preceding section [82-1506] the state board of hail insurance shall provide for:

(a) The payment of all expenses of administration, together with all interest owed or to be owing on registered warrants.

(b) For that portion of the losses incurred during the current year which are not paid from funds drawn from the reserve.

(c) For the maintenance of the reserve, a part or all of which may be used in any one year for the purpose of paying the costs of administration, interest on the warrants and losses as the same shall be settled and adjusted by the said board including the losses sustained in any prior year or years under the state hail insurance law during or subsequent to the year 1919 that have not been paid.

(d) If at the end of any hail insurance season the state board of hail insurance determines and finds that more funds are accumulating from the current year's levies than were estimated when the levy was made, and which funds are in excess of the need for the payment of losses and expenses and maintenance of the reserve, the state board of hail insurance may, at its discretion, refund to the farmers insured for the said year, on a prorata or percentage basis the excess.

(2) Each year when the hail board makes its annual levy for the payment of current losses, expenses of administration, and for an addition to the reserve if conditions permit, it shall not increase the levy enough in any year so that such addition to the reserve will exceed five per cent (5%) of the maximum risk written for that year.

(3) The reserve fund shall not exceed four million dollars (\$4,000,000) prior to January 1, 1976. On January 1, 1976 and thereafter the maximum

permissible reserve fund shall be established as set forth in subsection (4) of this section.

(4) The board may engage the services of a qualified actuary to conduct an actuarial valuation of the reserve. This valuation shall include the actuary's determination of the amount of reserve necessary to absorb all reasonably anticipated catastrophic losses. This amount shall be the maximum permissible reserve fund for the next year.

(5) The reserve hereby created shall be deposited in the agency fund and the state board of hail insurance is hereby granted the power to draw from its moneys in said fund such amounts as it may deem necessary for the purpose of paying costs of administration, interest and losses, and provided further, that whenever there are no unpaid losses for prior years and whenever in any one (1) year the cost of administration, interest and losses for the current year shall be less than the sum of sixty cents (60¢) per acre on nonirrigated grains and a proportionate amount on irrigated grains and other crops, the state board of hail insurance shall not draw on the reserve for any purpose unless the amount required for the payment of losses for the current year, including interest on warrants and costs of administration shall exceed the amount of the estimate made by the state board of hail insurance.

82-1512. (356) Duty of agent of the department of revenue—election of benefits of law. It shall be the duty of the agent of the department of revenue in each county in the state, at the time in which the annual assessment of property is made, to explain to each taxpayer engaged in the growing of crops subject to injury or destruction by hail, the provisions of this act and the protection afforded thereby, and to request each such taxpayer to certify, on the forms provided for such purpose, if such taxpayer desires to become subject to this act and liable for the tax levies provided hereby, and thereby eligible to the benefits and protection of this act; and each such taxpayer who so elects to become subject to this act shall be liable for the taxes levied for hail insurance, and shall participate in the benefits and protection afforded by this act; provided, that the owners of lands worked by others under lease or contract shall elect if such lands shall be subject to the tax levies herein provided for, and the crops grown thereon protected for hail insurance, or the lessee of such land may tender payment of the tax levied for hail insurance to protect his crops, in cash, to the officer authorized to receive same, whereupon such crops shall become eligible to the benefits and protection afforded by this act for hail insurance.

agent of the department of revenue in each county" for "county assessor" near the beginning of the section in order to implement article VIII, section 3 of the 1972 constitution.

82-1515. (359) Appraisers — appointment — qualifications and duties.

The state board of hail insurance shall, as soon as practicable, each year appoint a sufficient number of appraisers to appraise all losses by hail incurred under this act in the various counties. The men so appointed shall be actively engaged in farming or shall have had practical experience in farming and shall be selected from names submitted by regularly organized farmers societies in the various counties. If the recommendations are not made as provided above, then the state board shall select the appraisers from men actively engaged in farming or men who have had practical experience in farming as heretofore provided. Provided, further, that the state board of hail insurance may call on one or more of the duly appointed appraisers for the adjustment of each and every loss and the said appraisers shall promptly report their findings to the state board of hail insurance, according to the rules provided by the said state board. Provided, further, that no appraiser who shall be a relative, attorney, agent, employee or creditor or in any manner interested by lien, mortgage or otherwise in the crop injured or destroyed, shall assist in adjusting any such loss. The state board may in case of emergency appoint more than three appraisers in any county. Also it may send any duly appointed appraiser or appraisers into any county as the occasion may require.

Amendments

The 1973 amendment substituted "a sufficient number of appraisers" for "three men in each county" in the first sentence of this section.

82-1516. (360) Appointment of appraisers in case of dissatisfaction with official adjustment. (1) In case the party that has sustained the loss is dissatisfied with and refuses to accept the adjustment made by the official appraiser then he shall have the right to appeal to the state board of hail insurance, provided however, he shall make such appeal by registered mail within ten (10) days after receiving the adjustment offer of the state board in writing. Also it is further provided that the state board of hail insurance may require the posting of a cash bond of ten dollars (\$10) with the request for reappraisal of the first adjustment. In cases where the board requires the posting of the ten dollar (\$10) bond, the board may retain it if no increase is allowed. If an increase is obtained, the board will return the bond to the claimant. In case the adjuster who makes the second appraisal fails to secure an agreement the claimant may at his option submit the matter to arbitration as herein provided or sue the state board of hail insurance in the district court of the county where the loss occurred within ninety (90) days from the date of receipt of written notice of the second appraisal. Such actions shall be trials de novo and the Montana Rules of Civil Procedure shall apply. If the claimant

elects to submit the matter to arbitration he shall then appoint one disinterested person as appraiser, and the official appraiser shall appoint another person as appraiser, and the two shall select a third disinterested person and the three shall then proceed to adjust the loss in the same manner as specified in section 82-1515 and the judgment of the majority shall be the judgment of said appraisers and shall be binding upon both parties as the final determination of said loss; provided, however, that if the insured does not recover a greater sum than allowed by the official appraiser in the first instance, he shall pay the expenses of the said three appraisers and their witnesses in making said adjustment, but if he is awarded a larger sum then the same shall be paid by the state board of hail insurance.

Also if the losses in any year should exceed the current levy plus the reserve, if any, then the payment of all losses shall be prorated share and share alike among all grain growers having loss claims adjusted and approved, and the unpaid balance of said losses shall be paid out of the reserve without interest in such order as the state board of hail insurance shall direct, when in the judgement of the said board there are sufficient moneys to provide for the payment of the same and other items payable out of said reserve. In any year the state board of hail insurance may by resolution authorize its chairman and secretary to borrow as needed from any person, bank or corporation such sum or sums of money as the state board may deem necessary to carry on the business of the department and for the purpose of paying all warrants as issued.

period of time not to exceed one year's supply. The department shall make examination of the amount of supplies on hand and shall determine from that examination and from the furnished statements, the additional amount of supplies necessary and shall make an itemized statement thereof, all of which acts of the department are subject to approval of the governor. As soon as the department determines what kind of supplies and the amount necessary for the state to purchase for its state offices, agencies, or institutions, the department shall make the purchases.

(2) All purchases by the department shall be based on competitive bids. On any purchase where the estimated expenditure is two thousand dollars (\$2,000) or over, sealed bids shall be solicited by mail from each person, firm, or corporation who has filed with the department a request in writing that it be listed for solicitation on bids for such particular items set forth in such listing. However, if a person, firm, or corporation whose name is listed fails to respond to any solicitation for bids, after the receipt of two such solicitations, such listing shall, within the discretion of the department, be canceled. It is within the discretion of the department to advertise for such purchases. If bids are solicited through advertising, the advertisement shall be made in at least three newspapers, one of which must be a daily, of general circulation printed within the state, once each week for two (2) consecutive weeks, and the advertisement shall state that sealed proposals will be received by the department, up to a time to be mentioned therein, for furnishing supplies for the state offices, agencies, or institutions. The notice shall also state that detailed statements of supplies to be furnished are on file at the office of the department and subject to inspection, and that at a certain time, to be therein mentioned, the proposals will be opened, and contracts awarded to the lowest responsible bidder.

(3) On purchases where the estimated expenditure is less than two thousand dollars (\$2,000), bids shall be secured without advertising, but the department shall solicit bids for the supplies by notice sent by mail to prospective suppliers whose names are listed as provided above, which notice shall contain the same information as is herein required to be set forth in advertisements.

(4) In the case of all bids as herein provided, there shall be separate proposals and separate contracts. Each proposal may be accompanied by sample supplies proposed to be furnished. The proposals shall be in writing, sealed, and marked, "proposals for furnishing supplies," and shall be addressed to the department of administration, Helena, Montana.

(5) At the time set for the opening of bids, the proposals shall be opened in public, and contracts awarded to the lowest responsible bidder. The department may reject any and all bids. If all proposals be rejected, proposals shall again be invited and proceeded with in the same manner; however, in that event, the department may, with the approval of the governor, purchase the supplies on the open market if they can be so purchased at a better price.

(6) With any proposal the department may require a certified check on some responsible bank, payable to the treasurer of the state, equal in amount to five per cent (5%) of the sum of the proposal, as a guarantee

for the faithful performance of any contract awarded. After the award is made, all checks deposited as a guarantee shall be returned, except that of the successful bidder whose check shall be held until the contract is signed and the bond filed and approved, if a bond is required. All proposals shall include the delivery of the supplies to the agencies and institutions for which they are purchased.

(7) The state officers, agencies, or institutions, may not purchase any supplies or material, except on approval of the department.

Each bidder has the right to be present, either in person or by agent, when the bids are opened and has the right to examine and inspect all bids. A person who violates the provisions of this act is guilty of a misdemeanor and shall be fined not less than five hundred dollars (\$500) nor more than five thousand dollars (\$5,000) and the state of Montana shall have the right at its option to declare any contract in violation of the provisions of this act void ab initio.

In awarding

contracts for purchase of products, materials, supplies or equipment such board, commission, officer or individual shall award the contract to any such resident whose offered materials, supplies or equipment are manufactured or produced in this state by Montana industry and labor and whose bid is not more than three per cent (3%) higher than that of the lowest responsible resident bidder whose offered materials, supplies or equipment are not so manufactured or produced, provided that such products, materials, supplies and equipment are comparable in quality and performance. This requirement shall prevail whether the law requires advertisement for bids or does not require advertisement for bids and it shall apply to contracts involving funds obtained from the federal government unless expressly prohibited by the laws of the United States or regulations adopted pursuant thereto.

State ex rel. Great Falls Mr. Klean v. Montana State Board of Examiners, 153 M 220, 456 P 2d 278.

82-1925. Residence defined—domestic corporations. For the purpose of this act the word "resident" shall include actual residence of an individual within this state for a period of more than one (1) year immediately prior to bidding; in a partnership enterprise or an association, the majority of all partners or association members shall have been actual residents of the state of Montana for more than one (1) year immediately prior to bidding; domestic corporations organized under the laws of the state of Montana are prima facie eligible to bid as residents but this qualification may be set aside and a successful bid disallowed where it is shown to the satisfaction of the board, commission, officer or individual charged with the responsibility for the execution of such contract that said corporation is a wholly owned subsidiary of a foreign corporation or that said corporation was formed for the purpose of circumventing the provisions of this act relating to residence. Notwithstanding the foregoing, any bidder on a contract for purchase of products, materials, supplies or equipment, whether an individual, partnership or corporation, foreign or domestic and regardless of ownership thereof, whose offered materials, supplies or equipment are manufactured or produced in this state by industry located in Montana and Montana labor shall be deemed to be a resident for the purpose of this act.

82-1925.1. State department of revenue to determine residency of contractor—endorsement upon license—applications for redetermination of residency—furnishing lists—department's determination as prima facie evidence. It shall be the duty of the state department of revenue of the state of Montana, at the time that a public contractor makes application for a license under the provisions of chapter 35, Title 84 of this code, to determine whether or not such contractor is a "resident" of the state of Montana within the meaning of sections 82-1924 and 82-1925. The department shall endorse upon the contractor's license whether or not such contractor is a "resident" as aforesaid. If a contractor is not a "resident" at the time such license is issued, but thereafter qualifies as such, he may apply to the department of revenue for a redetermination of his residency, and, if found to qualify as a "resident," the department shall endorse such fact upon his license, together with the date of such qualification. It shall be the duty of the state department of revenue, upon written request of any board, commission, officer or individual charged by law with the responsibility for the execution of any contract subject to the provisions of section 82-1924 on behalf of the state, board, commission, political subdivision, agency, school district or public corporation of the state of Montana, to furnish a list of contractors who have qualified as "residents," as aforesaid, to such requesting body. The determination of the department of revenue that a public contractor is or is not a "resident" within the meaning of sections 82-1924 and 82-1925 shall be prima facie evidence of such fact.

Challenge of Issuance of Certificate

Resident contractor had standing to challenge, by original application for writ of mandate, validity of residency certificate issued by department of revenue to nonresident contractor; since resident was not party to nor given notice of administrative proceedings awarding certificate of residency, it had no administrative remedies to exhaust. *State ex rel. Sletten Constr. Co. v. City of Great Falls*, — M —, 516 P 2d 1149.

Insufficient Affidavit

Further, in this connection, it is the intent of this act that wherever possible products manufactured and produced in this state which are suitable substitutes for products manufactured or produced outside the state and comparable in price, quality and performance, shall be preferred for use in all projects and in all state institutions.

Failure to comply with the law in this respect shall disqualify such contractor as a qualified bidder for future contracts with the state of Montana, any legal subdivision of the state of Montana, any school district, public corporation or agency for a period of two (2) years.

The preference herein given to Montana products shall apply to contracts involving funds obtained from the federal government unless expressly prohibited by the laws of the United States or regulations adopted pursuant thereto.

An act known as the "Montana Small

82-1930. Statement of purpose and policy. It is the purpose of this act and is hereby declared to be the policy of this state that, whereas the existence of a strong and healthy free enterprise system is directly related to the well-being and competitive strength of small business concerns, and to the opportunity for small businesses to have free entry into business, to grow and to expand, the state shall ensure that a fair proportion of its total purchases and contracts for property and services be placed with small business concerns.

History: En. 82-1930 by Sec. 2, Ch. 204,
L. 1974.

82-1931. Definitions. As used in this act, unless the context requires otherwise:

(1) "Department" means any department, division or agency of the state of Montana.

(2) "Small business" means a business which is independently owned and operated, and which is not dominant in its field of operation. The department of administration shall establish a detailed definition by rule, using in addition to the foregoing criteria, other criteria. Small business shall further mean all business domiciled in the state of Montana or one that employs more than fifty per cent (50%) of its total employed personnel within the boundaries of the state of Montana.

(3) "Small business set-aside" means a purchase request for which bids are to be invited and accepted only from small businesses by a department.

History: En. 82-1931 by Sec. 3, Ch. 204,
L. 1974.

82-1932. Small business set-asides—designation. Each department has authority to designate as small business set-asides specified commodities, equipment, or services except those services rendered and furnished by registered professions such as, but not limited to, accountants, attorneys, architects, dentists, engineers, land surveyors, optometrists, physicians, pharmacists for which purchase has been requested under the Montana Small Business Purchasing Act. Such a designation shall be made prior to the advertisement for bids in a daily state newspaper, and when the advertisement is published it shall indicate the purchases which have been designated small business set-asides. To effectuate the purposes of this act, a department shall exercise this authority whenever there is a reasonable expectation that bids will be obtained from at least three (3) small businesses capable of furnishing the desired property or service at a fair and reasonable price.

In the case of purchase designated as small business set-asides, invitations to bid shall be confined to small businesses and bids from other businesses shall be rejected. The purpose, contract or expenditure of funds shall be awarded to the lowest responsible bidder among the small businesses (considering conformity with specifications and terms) in accordance with the rules and regulations for purchasing published by the department.

History: En. 82-1932 by Sec. 4, Ch. 204,
L. 1974.

82-1933. Insufficient bids—withdrawal of set-asides. If the total number of small businesses responding to the invitation to bid and considered capable of meeting the specifications and terms of the invitation to bid is less than three (3), or if a department determines that acceptance of the best bid will result in the payment of an unreasonable price, the department shall reject all bids and withdraw the designation of small business set-aside.

If a department withdraws the designation of small business set-aside it shall notify the bidders of the reason why the bids were rejected. Invitations to bid containing the same or rewritten specifications and terms shall then be re-issued under the Montana Small Business Purchasing Act, without the designation of small business set-aside.

History: En. 82-1933 by Sec. 5, Ch. 204,
L. 1974.

82-1934. Advertisement of successful bidder. After the successful bidder has been determined, the department shall place an advertisement in a daily newspaper indicating that all bids submitted on a small business set-aside have been opened and reporting the name and address of the successful bidder. A department shall send a purchase order to the successful bidder no later than fourteen (14) days after the appearance of the advertisement announcing the successful bidder.

History: En. 82-1934 by Sec. 6, Ch. 204,
L. 1974.

82-1935. Preference to Montana small business. When the best bid is made by a domestic Montana small business and it is the same as another bid, preference shall be given to such Montana concern.

History: En. 82-1935 by Sec. 7, Ch. 204,
L. 1974.

82-1936. Construction with other sections. Procurement from small businesses under this act is subject to all other statutes governing state procurement and all rules promulgated thereunder, as now or hereafter amended, except that in case of conflict this act governs and the provisions set forth in 82-1924, 82-1926 and 82-1920, shall not apply.

CHAPTER 27—CO-ORDINATOR OF INDIAN AFFAIRS

Section

82-2701. Legislative policy.

82-2702. Office of state co-ordinator of Indian affairs created—appointment of co-ordinator—term—office.

82-2703. Duties of co-ordinator.

82-2705. Executive and legislative agencies to assist in coal development.

82-2701. Legislative policy. Whereas, a considerable portion of the citizens of the state of Montana are members of the Indian race, and,

Whereas, in the course of the past eighty years these Indian citizens of the state of Montana have been driven from their native valleys and plains and are at present living and residing upon reservations set apart for such purposes by the United States of America, and by virtue of that isolation and of supervision by the federal government, great problems of economic and social significance have arisen and presently exist, and that no suitable progress has been made to solve such problems by reason of the fact that the Indians and those who are attempting to aid them in the solution of their problems have never been able to present a co-ordinated and united effort in solving such problems, and

Whereas, it is hereby declared that it is the legislative policy of this state that the best interests of the Indians will be served by the fostering of a program which is designed to establish and place our Indian citizens in a position to take their rightful place in our society, and assume the rights, duties and privileges of full citizenship and as Indians, it is therefore necessary that a state office of the co-ordinator of Indian affairs be established so that the problems of the Indians of Montana can be approached and reconciled from a state level in co-operation with the United States of America, and

Whereas, agencies of the federal government retain jurisdiction on Indian reservations in the state of Montana of the administration of economic, social, health, education and welfare programs for Indians, and

Whereas, Indians who reside off reservations generally qualify for participation in federal programs, but are often prohibited from voting on tribal affairs and for tribal officers, and

Whereas, there are sizeable numbers of off-reservation Indians residing in our state of both enrolled and unofficial tribal descent (landless) whose needs for environmental assistance are borne by state and local agencies, and that these needs are derived from problems shared by all Indians, whether they reside on reservations or not, and in consideration of their desire for official voice and representation in seeking solutions to their problems, and

Whereas, programs of the state of Montana should not duplicate those supported by agencies of the federal government as regards jurisdiction of Indian people, and since state responsibility is effected with off-reservation Indians, and since those Indians require assistance to co-ordinate their affairs with various tribal groups and federal agencies where they have no official recognition,

Then therefore, let it be resolved that the co-ordinator of Indian affairs should assess the problems of all Indians to include those who reside off known reservations, and who seek ways and means of communicating their opinions and needs to agencies of responsibility, and that the co-ordinator should actively assist them in organizing their efforts and that he act as representative and spokesman for organized bodies of Indian people whether reservation or off-reservation classification, whenever his assistance is required.

History: En. Sec. 1, Ch. 203, L. 1951; amd. Sec. 1, Ch. 319, L. 1969; amd. Sec. 1, Ch. 160, L. 1974.

change at the end of the third paragraph and added the last five paragraphs.

82-2702. Office of state co-ordinator of Indian affairs created—appointment of co-ordinator—term—office. The office of the state co-ordinator of Indian affairs is hereby created. The co-ordinator shall be appointed by the governor from a list of five (5) qualified Indian applicants agreed upon by the tribal councils of the respective Indian tribes of the state and shall serve at the pleasure of the governor.

Amendments

The 1967 amendment substituted "salary in such amount * * * and private industry" for "salary of one dollar (\$1.00) per year."

The 1969 amendment deleted a former fifth sentence, which read "Before approving any salary increase the board of examiners shall review the salaries of comparable positions in Montana state government, other states and private industry."

The 1974 amendment substituted "In-

dian applicants" for "persons" in the second sentence; substituted "and shall serve at the pleasure of the governor" for "He shall hold such office for a term of four (4) years and shall be paid a salary in such amount as may be specified by the legislative assembly in the appropriation to the co-ordinator of Indian affairs. If the legislative assembly does not specify the maximum salary for the co-ordinator, any increase in the salary of the co-ordinator must be approved by the board of examiners. He shall maintain his office at the state capitol in Helena, Montana"; and made minor changes in phraseology.

82-2703. Duties of co-ordinator. It shall be the duty of the state co-ordinator of Indian affairs to carry out the legislative policy set forth in section 82-2701.

Amendments

The 1969 amendment, in the second sentence of the first paragraph, inserted "educational funds, economic, health, and housing funds" after "rehabilitation loans" and substituted "various federal programs established for these purposes" for "Indian loan associations to be established on the various reservations" at the end of the third sentence; in the second paragraph, substituted "and sanitation * * * whenever necessary" for "on Indian reservations and in general to promote the welfare of our Indian citizens, and in doing these

things he will co-ordinate"; and in the third paragraph, added "and shall act * * * whenever such support is solicited."

The 1974 amendment deleted from the end of the first paragraph two sentences which read "He shall solicit rehabilitation loans, educational funds, economic, health, and housing funds from various sources for the purpose of enabling deserving Indians to become self-sufficient. Interest rates on such loans shall not exceed four per cent (4%) and such loans shall be disbursed through various federal programs established for these purposes"; deleted a second paragraph which read "He shall also do everything possible to bring about adequate housing and sanitation for Indians, whether they reside on

United States, the United States government and the state of Montana"; and made minor changes in phraseology.

Title of Act.

An act prescribing uniform procedures for state administrative agencies, including: requirement for adoption of procedural rules; procedures for adoption, amendment or repeal of rules, including emergency rules; filing and publication of rules; judicial notice of rules; notice and hearing requirements for contested

cases; procedures for contested case hearings; procedures for decision making in contested cases; judicial review of contested case decisions; declaratory rulings by agencies; declaratory judgments by courts regarding the validity and application of agency rules; subpoenas, subpoena enforcement and compelling testimony for agency proceedings; and right to representation in agency proceedings; to provide an effective date.

82-4202. Definitions. For purposes of this act:

(1) "Agency" means any board, bureau, commission, department, authority or officer of the state government authorized by law to make rules and to determine contested cases, except that the provisions of this act shall not apply to the following:

(a) the legislature and any branch, committee or officer thereof;

(b) the judicial branches and any committee or officer thereof;

(c) the governor, except that an agency otherwise covered by this act shall not be exempt because the governor has been designated as a member thereof;

(d) the state military establishment and agencies concerned with civil defense and recovery from hostile attack;

(e) the state board of pardons, except that said board shall be subject to the requirements of section 3 [82-4203] and 5 [82-4205] of this act and its rules shall be published in the Montana administrative code and register;

(f) the supervision and administration of any penal, mental, medical or eleemosynary institution with regard to the admission, release, institutional supervision, custody, control, care or treatment of inmates, prisoners or patients;

(g) the administration and management of educational institutions;

(h) the financing, construction and maintenance of public works.

(2) "Rule" means each agency regulation, standard or statement of general applicability that implements, interprets, or prescribes law or policy or describes the organization, procedures, or practice requirements of an agency. The term includes the amendment or repeal of a prior rule, but does not include:

(a) statements concerning only the internal management of an agency and not affecting private rights or procedures available to the public;

(b) declaratory rulings issued pursuant to section 18 [82-4218] of this act;

(c) intra-agency memoranda;

(d) rules relating to the use of public works, facilities, streets and highways, when the substance of such rules is indicated to the public by means of signs or signals;

(e) seasonal rules adopted annually relating to hunting, fishing and trapping when there is a statutory requirement for the publication of such rules, and rules adopted annually relating to the seasonal recreational use of lands and waters owned or controlled by the state when the substance of such rules is indicated to the public by means of signs or signals;

(f) rules relating to personnel standards, job classifications or salary ranges for agency employees;

(g) uniform rules adopted pursuant to interstate compact, except that such rules shall be filed in accordance with section 10 [82-4210] of this act and shall be published in the Montana administrative code and register.

(3) "Contested case" means any proceeding before an agency in which a determination of legal rights, duties or privileges of a party is required by law to be made after an opportunity for hearing. The term includes, but is not restricted to, rate making, price fixing and licensing.

(4) "License" includes the whole or part of any agency permit, certificate, approval, registration, charter or other form of permission required by law, but does not include a license required solely for revenue purposes.

(5) "Licensing" includes any agency process respecting the grant, denial, renewal, revocation, suspension, annulment, withdrawal, limitation or amendment of a license.

(6) "Party" means any person or agency named or admitted as a party, or properly seeking and entitled as of right to be admitted as a party; but nothing herein shall be construed to prevent an agency from admitting any person or agency as a party for limited purposes.

(7) "Person" means any individual, partnership, corporation, association, governmental subdivision or public organization of any character other than an agency.

History: En. Sec. 2, Ch. 2, Ex. L. 1971.

Rule Making

82-4203. Rules describing agency organization and procedures—public inspection of rules—model rules. (1) In addition to other rule-making requirements imposed by law, each agency shall:

(a) Adopt as a rule a description of its organization, stating the general course and method of its operations and the methods whereby the public may obtain information or make submissions or requests. The notice and hearing requirements contained in section 82-4204 do not apply to adoption of a rule relating to a description of its organization.

(b) Adopt rules of practice, not inconsistent with statutory provisions, setting forth the nature and requirements of all formal and informal procedures available, including a description of all forms and instructions used by the agency.

(c) Make available for public inspection all rules and all other written statements of policy or interpretations formulated, adopted or used by the agency in the discharge of its functions.

(d) Upon request of any person or agency, provide a copy of any rule. Unless otherwise provided by statute, an agency may require the payment of the cost of providing such copies.

(2) No agency rule shall be valid or effective against any person or party whose rights have been substantially prejudiced by an agency's failure to comply with the public inspection requirement herein.

(3) The attorney general shall prepare, as soon as is practicable after the passage of this act, a model form for a rule describing the organization

of agencies and model rules of practice for agencies to use as a guide in fulfilling the requirements of section 82-4203 (1). The attorney general shall add to, amend or revise the model rules from time to time as he shall deem necessary for the proper guidance of agencies. The model rules, and additions, amendments or revisions thereto, shall be appropriate for the use of as many agencies as is practicable and shall be filed with the secretary of state and provided to any agency upon request. The adoption by an agency of all or part of the model rules shall not relieve the agency from following the rule-making procedures required by this act.

History: En. Sec. 3, Ch. 2, Ex. L. 1971;
amd. Sec. 1, Ch. 240, L. 1974.

Amendments

The 1974 amendment inserted the second sentence of subdivision (1)(a); and made a minor change in style.

82-4203.1. Legislative review of rules. (1) The secretary of state shall, on the date the legislature convenes in regular session in 1974, transmit to both the senate and house of representatives one (1) copy of all rules in the Montana administrative code, not including superseded or repealed rules.

(2) The secretary of state shall, on the date the legislature convenes in each regular session after 1974, transmit to both the senate and house of representatives one (1) copy of all rules, which are in the Montana administrative code, adopted or amended by agencies since the convening of the previous regular session.

(3) The legislature may, by joint resolution, repeal any rule in the Montana administrative code. If a rule is repealed, the legislature shall, in the joint resolution, state its objections to the repealed rule. If an agency adopts a new rule to replace the repealed rule, the agency shall adopt the new rule in accordance with the objections stated by the legislature in the joint resolution. If the legislature does not repeal a rule filed with it before the adjournment of that regular session, the rule remains valid.

(4) The legislature may also, by joint resolution, direct a change to be made in any rule in the Montana administrative code or direct the adoption of an additional rule. If a change in any rule or the adoption of an additional rule is directed to be made, the legislature shall, in the joint resolution, state the nature of the change or the additional rule to be made, and its reasons therefor. The agency shall, in the manner provided in the Montana Administrative Procedure Act, adopt a new rule in accordance with the legislative direction.

(5) Rules made by agencies, and changes in rules directed by the legislature, under subsection (4) of this section, shall conform and be pursuant to statutory authority.

History: En. 82-4203.1 by Sec. 1, Ch. 239, L. 1973; amd. Sec. 1, Ch. 236, L. 1974.

Amendments

The 1974 amendment substituted "any rule in the Montana administrative code" in the first sentence of subsection (3) for "rules transmitted to it"; and added subsections (4) and (5).

Title of Act

An act providing for legislative review of administrative rules.

82-4203.2. Administrative code committee—appointment and term of members—officers. The administrative code committee consists of four (4) members of the senate and four (4) members of the house of representatives appointed before the sixtieth legislative day of the regular session in the same manner as standing committees of the respective houses are appointed. A vacancy on the committee occurring when the legislature is not in session shall be filled by the selection of a member of the legislature by the remaining members of the committee. No more than two (2) of the appointees of each house may be members of the same political party. A member of the committee shall serve until his term of office as a legislator ends or until the end of the sixtieth legislative day of the session of the biennium following his appointment or until his successor is appointed, whichever occurs first. The committee shall elect one (1) of its members as chairman and such other officers as it deems necessary.

History: En. 82-4203.2 by Sec. 1, Ch. 410, L. 1975.

Title of Act

An act creating a permanent joint interim committee of the legislature known

as the administrative code committee; providing for the review of rules proposed to be adopted under the administrative procedure act by the committee; amending section 82-4204, R. C. M. 1947; and providing an effective date.

82-4203.3. Meetings. The committee shall meet as often as may be necessary, during and between legislative sessions. Committee members shall be reimbursed from the appropriation to the legislative council for their actual and necessary expenses incurred as a result of interim meetings, and paid compensation as provided by law for interim standing committees.

History: En. 82-4203.3 by Sec. 2, Ch. 410, L. 1975.

82-4203.4. Appointment of employees and consultants. The administrative code committee may appoint whatever employees, consultants, or counsel are necessary to carry out the provisions of this act, within the limitations of legislative appropriations.

History: En. 82-4203.4 by Sec. 3, Ch. 410, L. 1975.

82-4203.5. Powers of the committee. (1) The committee shall review all proposed rules referred to it under section 82-4204 and may:

(a) prepare written recommendations for the adoption, amendment or rejection of a rule and submit those recommendations to the department proposing the rule when a rule-making hearing will not be held in accordance with the provisions of section 82-4204;

(b) prepare recommendations for the adoption, amendment or rejection of a rule and submit oral or written testimony at a rule-making hearing; or

(c) request that a rule-making hearing be held in accordance with the provision of section 82-4204.

(2) The committee shall prepare a report to the legislature at least once each biennium and may recommend amendments to the Administrative

Procedure Act or the repeal, amendment or adoption of a rule as provided in section 82-4203.1.

History: En. 82-4203.5 by Sec. 4, Ch. 410, L. 1975.

82-4204. Adoption—amendment or repeal of rules—emergency rules.

(1) Prior to the adoption, amendment or repeal of any rule, the agency shall:

(a) Give written notice of its intended action. The notice shall include a statement of either the terms or substance of the intended action or a description of the subjects and issues involved, and the time when, place where, and manner in which interested persons may present their views thereon. The notice shall be filed with the secretary of state for publication in the Montana administrative register as provided in section 6 (2) [82-4206 (2)] of this act and mailed to persons who have made timely requests to the agency for advance notice of its rule-making proceedings. The notice shall be published and mailed at least twenty (20) days in advance of the agency's intended action. If any statute shall provide for a different method of publication, the affected agency shall comply with the statute in addition to the requirements contained herein. However, in no case shall the notice period be less than twenty (20) days.

(b) Afford interested persons fourteen (14) days to submit data, views or arguments, orally or in writing. In the case of substantive rules, opportunity for oral hearing shall be granted if requested by either ten per cent (10%) or twenty-five (25) of the persons who will be directly affected by the proposed rule, by a governmental subdivision or agency or by an association having not less than twenty-five (25) members who will be directly affected. An interested person may file a written request with the agency to extend a hearing date up to twenty (20) days. Contested case procedures need not be followed in hearings held pursuant to this section. Where a hearing is otherwise required by statute, nothing herein shall be deemed to alter that requirement. The agency shall consider fully written and oral submissions respecting the proposed rule. Upon adoption of a rule, an agency, if requested to do so by an interested person either prior to adoption or within thirty (30) days thereafter, shall issue a concise statement of the principal reasons for and against its adoption, incorporating therein its reasons for overruling the considerations urged against its adoption.

(c) Refer each rule proposed to be adopted, following compliance with paragraphs (a) and (b), to the administrative code committee of the legislature.

(2) If an agency finds that an imminent peril to the public health, safety or welfare requires adoption of a rule upon fewer than twenty (20) days' notice and states in writing its reasons for that finding, it may proceed, without prior notice or hearing or upon any abbreviated notice and hearing that it finds practicable, to adopt an emergency rule. The rule may be effective for a period not longer than one hundred and twenty (120) days, but the adoption of an identical rule under subsections (1) (a) and (1) (b) of this section is not precluded. The sufficiency of the

reasons for a finding of imminent peril to the public health, safety or welfare shall be subject to judicial review.

(3) No rule adopted after the effective date of this act shall be valid unless adopted in substantial compliance with subsections (1) and (2) of this section.

(4) An agency may use informal conferences and consultations as a means of obtaining the viewpoints and advice of interested persons with respect to contemplated rule making. An agency may also appoint committees of experts or interested persons or representatives of the general public to advise it with respect to any contemplated rule making. The powers of the committees shall be advisory only. Nothing herein shall relieve the agency from following rule-making procedures required by this act.

(5) Rules shall not unnecessarily repeat statutory language. Whenever it is necessary to refer to statutory language in order to convey the meaning of a rule interpreting the language, the reference shall clearly indicate that portion of the language which is statutory and the portion which is amplification of the language. Each rule shall include a citation of authority pursuant to which it, or any part thereof, is adopted.

(6) Each agency shall at least annually review its rules to determine if any new rule should be adopted or any existing rule should be modified or repealed.

History: En. Sec. 4, Ch. 2, Ex. L. 1971; amd. Sec. 5, Ch. 410, L. 1975; amd. Sec. 1, Ch. 482, L. 1975.

Compiler's Notes

This section was amended twice in 1975, once by Ch. 410 and once by Ch. 482. Neither amendatory act mentioned or wholly incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

Chapter 482, Laws of 1975 substituted

"fourteen (14) days" for "reasonable opportunity" at the beginning of subdivision (1)(b); and inserted "An interested person may file a written request with the agency to extend a hearing date up to twenty (20) days" in the middle of subdivision (1)(b).

Chapter 410, Laws of 1975 inserted subdivision (1)(c).

Effective Date

Section 6 of Ch. 410, Laws 1975 provided the act should be in effect from and after its passage and approval. Approved April 14, 1975.

82-4205. Filing of rules—effective date of rules. (1) On or before the 60th day following the effective date of this act, each agency shall file with the secretary of state a certified copy of each rule adopted by it on or before the effective date of this act and remaining in effect. Any rule not so filed shall be deemed to have been abrogated by the agency and shall be void and of no effect.

(2) Each agency shall file with the secretary of state a certified copy of each rule adopted by it subsequent to the effective date of this act. Each rule shall become effective ten (10) days after publication in the Montana administrative register or code as provided in section 6 [82-4206] of this act, except that:

(a) If a later date is required by statute or specified in the rule, the later date shall be the effective date.

(b) Subject to applicable constitutional or statutory provisions, an emergency rule shall become effective immediately upon filing with the secretary of state, or at a stated date less than ten (10) days following publication in the Montana administrative code or register, if the agency finds that this effective date is necessary because of imminent peril to the public health, safety or welfare. The agency's finding and a brief statement of reasons therefor shall be filed with the rule. The agency shall take appropriate measures to make emergency rules known to every person who may be affected by them.

(3) The secretary of state may prescribe a format, style and arrangement for rules which are filed pursuant to this act and may refuse to accept the filing of any rule that is not in substantial compliance therewith. He shall keep and maintain a permanent register of all rules filed (including superseded and repealed rules), which shall be open to public inspection, and shall provide copies of any rule upon request of any person or agency. Unless otherwise provided by statute, the secretary of state may require the payment of the cost of providing such copies.

History: En. Sec. 5, Ch. 2, Ex. L. 1971.

82-4206. Publication and distribution of rules and notices. (1) The secretary of state shall, as soon as is practicable after the effective date of this act, compile, index and publish all rules filed pursuant to this act in a publication which shall be known as the Montana administrative code (herein referred to as the code). The code shall be printed or otherwise duplicated, in looseleaf form. The secretary of state shall revise the code, or any part thereof, as often as he deems necessary.

(2) The secretary of state shall each month compile and publish the Montana administrative register (herein referred to as the register). The register shall contain two (2) sections, a rules section and a notice section.

(a) The rules section of the register shall contain all rules filed with the secretary of state since the compilation and publication of the preceding issue of the register, and in the case of the first issue, since the effective date of this act, except that nothing herein shall require that rules filed pursuant to section 5 (1) [82-4205 (1)] be published in the register. This section of the register shall be printed or duplicated in the same style as the code and shall be set up so as to permit changes to be inserted as pages in the code in lieu of the pages containing superseded material and to permit additions to the code.

(b) The notice section of the register shall contain all rule-making notices filed with the secretary of state pursuant to section 4 [82-4204] of this act since the compilation and publication of the preceding register, and in the case of the first issue of the register, since the effective date of this act. This section shall be printed or duplicated in such manner as to make it easily distinguishable from the rules section of the register and so that separate copies of the notice section can be provided to any person upon request to the secretary of state. The secretary of state may require the payment of the cost of providing such copies.

(c) Each issue of the register shall contain a title page with the name "Montana administrative register," the issue number and date of

the register, and a table of contents. Each page of the register shall contain the issue number and date of the register of which it is a part. The secretary of state may include in the register instructions or information to help the user in correctly making insertions or deletions in the code and to keep the code current.

(3) The secretary of state, with the consent of the adopting agency, may omit from the code or register any rule the publication of which would be unduly cumbersome, expensive or otherwise inexpedient, if the rule in printed or duplicated form is made available on application to the agency, and if the code or register contains a notice stating the general subject matter of the omitted rule and stating how a copy may be obtained.

(4) The code shall be arranged, indexed and printed or duplicated in such manner as to permit separate publication of portions thereof relating to individual agencies. An agency may make arrangements with the secretary of state for the printing of as many copies of such separate publications as it may require. The cost of any such separate publications shall be paid by the agency.

(5) The secretary of state shall distribute copies of the code, revisions thereto and the register without charge to the following:

Attorney general, one (1) copy;

Clerk of each court of record of this state, one (1) copy;

Clerk of United States district court for the district of Montana, one (1) copy;

Clerk of United States court of appeals for the ninth circuit, one (1) copy;

Each county clerk of this state, for use of county officials and the public, one (1) copy;

State law library, one (1) copy;

State historical society, one (1) copy;

Each unit of the university of Montana, one (1) copy;

Law library of the university of Montana, one (1) copy;

Montana legislative council, three (3) copies;

Library of congress, one (1) copy;

State law library, for such exchanges as it may establish with libraries of other states, not to exceed fifty (50) copies;

Law library of the university of Montana, for such exchanges as it may establish with institutions of higher education in other states, not to exceed fifty (50) copies.

The secretary of state, clerk of each court of record in the state, clerk of each county in the state and the librarians for the state law library and the university of Montana law library shall maintain a complete, current set of the code, including revisions thereto and additions or changes published in the register. Such persons shall also maintain a file of rule-making notices published in the register during the preceding two (2) years. The secretary of state shall also maintain a permanent register of rule-making notices.

(6) The secretary of state shall make copies of and subscriptions to the code, revisions thereto and the register available to any person at prices fixed to cover publication and mailing costs.

(7) The secretary of state shall determine the cost of supplying copies of the code, revisions thereto and the register. Such cost shall be the approximate cost of printing or duplicating and mailing. However, a uniform price per page or group of pages may be established without regard to differences in cost of printing different parts of the code, revisions thereto and the register.

(8) All fees collected by the secretary of state shall be deposited to the general fund.

82-4210. Rules of evidence—official notice. (1) Except as otherwise provided by statute relating directly to an agency, agencies shall be bound by common law and statutory rules of evidence. Objections to evidentiary offers may be made and shall be noted in the record. When a hearing will be expedited and the interests of the parties will not be prejudiced substantially, any part of the evidence may be received in written form.

History: En. Sec. 11, Ch. 2, Ex. L. 1971.

82-4212. Examination of evidence by agency—proposed orders. When in a contested case a majority of the officials of the agency who are to render the final decision have not heard the case or read the record, the decision, if adverse to a party to the proceeding other than the agency itself, shall not be made until a proposal for decision is served upon the parties and an opportunity is afforded to each party adversely affected to file exceptions and present briefs and oral argument to the officials who are to render the decision. The proposal for decision shall contain a statement of the reasons therefor and of each issue of fact or law necessary to the proposed decision, prepared by the person who conducted the hearing or one who has read the record. The parties may waive compliance with this section by written stipulation.

History: En. Sec. 12, Ch. 2, Ex. L. 1971.

82-4213. Final orders—notification. (1) A final decision or order adverse to a party in a contested case shall be in writing or stated in the record. A final decision shall include findings of fact and conclusions of law, separately stated. Findings of fact, if set forth in statutory language, shall be accompanied by a concise and explicit statement of the underlying facts supporting the findings. If, in accordance with agency rules, a party submitted proposed findings of fact, the decision shall include a ruling upon each proposed finding. Parties shall be notified either personally or by mail of any decision or order. Upon request, a copy of the decision or order shall be delivered or mailed forthwith to each party and to his attorney of record.

(2) Each agency shall index and make available for public inspection all final decisions and orders, including declaratory rulings under section 18 [82-4218], issued after the effective date of this act. No such agency decision or order shall be valid or effective against any person or

party, nor may it be invoked by the agency for any purpose, until it has been made available for public inspection as herein required. This provision is not applicable in favor of any person or party who has actual knowledge thereof or when a state statute or federal statute or regulation prohibits public disclosure of the contents of a decision or order.

History: En. Sec. 13, Ch. 2, Ex. L. 1971.

82-4214. Ex parte consultations. Unless required for disposition of ex parte matters authorized by law, the person or persons who are charged with the duty of rendering a decision or to make findings of fact and conclusions of law in a contested case, after issuance of notice of hearing, shall not communicate with any party or his representative in connection with any issue of fact or law in such case except upon notice and opportunity for all parties to participate.

History: En. Sec. 14, Ch. 2, Ex. L. 1971.

82-4215. Licenses. (1) When the grant, denial, renewal, revocation, suspension, annulment, withdrawal, limitation or amendment of a license is required by law to be preceded by notice and opportunity for hearing, the provisions of this act concerning contested cases apply.

(2) When a licensee has made timely and sufficient application for the renewal of a license or a new license with reference to any activity of a continuing nature, the existing license does not expire until the application has been finally determined by the agency, and, in case the application is denied or the terms of the new license limited, until the last day for seeking review of the agency order or a later date fixed by order of the reviewing court.

(3) No revocation, suspension, annulment, withdrawal or amendment of any license is lawful unless, prior to the institution of agency proceedings, the agency gave notice by mail to the licensee of facts or conduct which warrant the intended action, and the licensee was given an opportunity to show compliance with all lawful requirements for the retention of the license. If the agency finds that public health, safety or welfare imperatively requires emergency action, and incorporates a finding to that effect in its order, summary suspension of a license may be ordered pending proceedings for revocation or other action. These proceedings shall be promptly instituted and determined.

History: En. Sec. 15, Ch. 2, Ex. L. 1971.

82-4216. Judicial review of contested cases. (1) A person who has exhausted all administrative remedies available within the agency and who is aggrieved by a final decision in a contested case is entitled to judicial review under this act. This section does not limit utilization of or the scope of judicial review available under other means of review, redress, relief, or trial de novo provided by statute. A preliminary, procedural, or intermediate agency action or ruling is immediately reviewable if review of the final agency decision would not provide an adequate remedy.

A party who proceeds before an agency under the terms of a particular statute shall not be precluded from questioning the validity of that statute on judicial review, but such party may not raise any other question not raised before the agency, unless it is shown to the satisfaction of the court that there was good cause for failure to raise the question before the agency.

(2) Proceedings for review shall be instituted by filing a petition in district court within thirty (30) days after service of the final decision of the agency, or if a rehearing is requested, within thirty (30) days after the decision thereon. Except as otherwise provided by statute, the petition shall be filed in the district court for the county where the petitioner resides or has his principal place of business, or where the agency maintains its principal office. Copies of the petition shall be promptly served upon the agency and all parties of record.

The petition shall include a concise statement of the facts upon which jurisdiction and venue are based, a statement of the manner in which the petitioner is aggrieved and the ground or grounds specified in subsection 7 of this section upon which the petitioner contends he is entitled to relief. The petition shall demand the relief to which the petitioner believes he is entitled, and the demand for relief may be in the alternative.

(3) Unless otherwise provided by statute, the filing of the petition shall not stay enforcement of the agency's decision. The agency may grant, or the reviewing court may order, a stay upon terms which it deems proper.

(4) Within thirty (30) days after the service of the petition, or within further time allowed by the court, the agency shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review. By stipulation of all parties to the review proceedings, the record may be shortened. A party unreasonably refusing to stipulate to limit the record may be taxed by the court for the additional costs. The court may require or permit subsequent corrections or additions to the record.

(5) If, before the date set for hearing, application is made to the court for leave to present additional evidence, and it is shown to the satisfaction of the court that the additional evidence is material and that there were good reasons for failure to present it in the proceeding before the agency, the court may order that the additional evidence be taken before the agency upon conditions determined by the court. The agency may modify its findings and decision by reason of the additional evidence and shall file that evidence and any modifications, new findings, or decisions with the reviewing court.

(6) The review shall be conducted by the court without a jury and shall be confined to the record. In cases of alleged irregularities in procedure before the agency, not shown in the record, proof thereof may be taken in the court. The court, upon request, shall hear oral argument and receive written briefs.

(7) The court shall not substitute its judgment for that of the agency as to the weight of the evidence on questions of fact. The court may affirm the decision of the agency or remand the case for further proceedings. The court may reverse or modify the decision if substantial rights of the appellant have been prejudiced because the administrative findings, inferences, conclusions or decisions are:

- (a) in violation of constitutional or statutory provisions;
- (b) in excess of the statutory authority of the agency;
- (c) made upon unlawful procedure;
- (d) affected by other error of law;
- (e) clearly erroneous in view of the reliable, probative and substantial evidence on the whole record;
- (f) arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion; or
- (g) because findings of fact, upon issues essential to the decision, were not made although requested.

History: En. Sec. 16, Ch. 2, Ex. L. 1971.

Judicial Review

Appeal of an administrative decision of the county welfare board does not consti-

tute an action against the county, and such appeal is properly brought in the county where the plaintiff resides. State ex rel. Hendrickson v. Gallatin County, — M —, 526 P 2d 354.

82-4217. Appeals. An aggrieved party may obtain review of a final judgment of a district court under this act by appeal to the supreme court within sixty (60) days after entry of judgment. Such appeal shall be taken in the manner provided by law for appeals from district courts in civil cases. Unless otherwise provided by statute or unless the agency has granted a stay through the completion of the judicial review process;

(1) If appeal is taken from a judgment of the district court affirming an agency decision, the agency decision shall not be stayed except upon order of the supreme court; except that, in cases where a stay is in effect at the time of the filing of notice of appeal, the stay shall be continued by operation of law for twenty (20) days from the date of filing of the notice.

(2) If appeal is taken from a judgment of the district court reversing or modifying an agency decision, the agency decision shall be stayed pending final determination of the appeal unless the supreme court orders otherwise.

History: En. Sec. 17, Ch. 2, Ex. L. 1971.

General Provisions

82-4218. Declaratory rulings by agencies. Each agency shall provide by rule for the filing and prompt disposition of petitions for declaratory rulings as to the applicability of any statutory provision or of any rule or order of the agency. A declaratory ruling, or the refusal to issue such a ruling, shall be subject to judicial review in the same manner as decisions or orders in contested cases.

History: En. Sec. 18, Ch. 2, Ex. L. 1971.

82-4219. Declaratory judgments on validity or application of rules. The validity or application of a rule may be determined in an action for declaratory judgment if it is found that the rule, or its threatened application, interferes with or impairs, or threatens to interfere with or impair, the legal rights or privileges of the plaintiff. The action may be brought in the district court for the county in which the plaintiff resides or has his principal place of business, or in which the agency maintains its principal office. The agency shall be made a party to the action. A declaratory judgment may be rendered whether or not the plaintiff has requested the agency to pass upon the validity or applicability of the rule in question.

History: En. Sec. 19, Ch. 2, Ex. L. 1971.

82-4220. Subpoenas and enforcement—compelling testimony. (1) An agency conducting any proceeding subject to this act shall have the power to require the furnishing of such information, the attendance of such witnesses, and the production of such books, records, papers, documents and other objects as may be necessary and proper for the purposes of the proceeding. In furtherance of this power, an agency upon its own motion may, and upon request of any party appearing in a contested case shall, issue subpoenas for witnesses or subpoenas duces tecum. The method for service of subpoenas, witness fees and mileage shall be the same as required in civil actions in the district courts of the state. Except as otherwise provided by statute, witness fees and mileage shall be paid by the party at whose request the subpoena was issued.

(2) In case of disobedience of any subpoena issued and served under this section or of the refusal of any witness to testify as to any material matter with regard to which he may be interrogated in a proceeding before the agency, the agency may apply to any district court in the state for an order to compel compliance with the subpoena or the giving of testimony. If the agency fails or refuses to seek enforcement of a subpoena issued at the request of a party, or to compel the giving of testimony deemed material by a party, the party may make such application. The court shall hear the matter as expeditiously as possible. If the disobedience or refusal is found to be unjustified, the court shall enter an order requiring compliance. Disobedience of such order shall be punishable by contempt of court in the same manner and by the same procedures as is provided for like conduct committed in the course of civil actions in district courts. If another method of subpoena enforcement or compelling testimony is provided by statute, it may be used as an alternative to the method provided for in this section.

History: En. Sec. 20, Ch. 2, Ex. L. 1971.

82-4221. Representation. Any person compelled to appear in person or who voluntarily appears before any agency or representative thereof shall be accorded the right to be accompanied, represented and advised by counsel. In a proceeding before an agency, every party shall be accorded the right to appear in person or by or with counsel but this act

shall not be construed as requiring an agency to furnish counsel to any such person.

History: En. Sec. 21, Ch. 2, Ex. L. 1971.

82-4222. Service. Except where a statute expressly provides to the contrary, service in all agency proceedings subject to the provisions of this act and in proceedings for judicial review thereof, shall be as prescribed for civil actions in the district courts.

History: En. Sec. 22, Ch. 2, Ex. L. 1971.

82-4223. Construction and effect. Nothing in this act shall be deemed to limit or repeal requirements imposed by statute or otherwise recognized law. No subsequent legislation shall be deemed to supersede or modify any provision of this act, whether by implication or otherwise, except to the extent that such legislation shall do so expressly.

History: En. Sec. 23, Ch. 2, Ex. L. 1971.

82-4224. Repeal of inconsistent provisions. All laws or parts of laws in conflict herewith are hereby repealed to the extent of such conflict.

History: En. Sec. 24, Ch. 2, Ex. L. 1971.

82-4225. Severability. The provisions of this act are severable, and if any part of provision thereof shall be held void the decision of the court so holding shall not affect or impair any of the remaining part of provisions of this act.

History: En. Sec. 25, Ch. 2, Ex. L. 1971.

Effective Date

Section 26 of Ch. 2, Ex. Laws 1971

read "Time of taking effect. This act shall take effect on December 31, 1972, except that pending proceedings shall not be affected."

82-4226. Legislative intent. The legislature finds and declares pursuant to the mandate of article II, section 8, of the 1972 Montana constitution that legislative guidelines should be established to secure to the people of Montana their constitutional right to be afforded reasonable opportunity to participate in the operation of governmental agencies prior to the final decision of the agency.

Such a plan shall never have a deductible amount in excess of twenty-five thousand dollars (\$25,000) per occurrence, and shall contain provisions allowing for an aggregate deductible amount not to exceed two hundred fifty thousand dollars

WESTERN INTERSTATE NUCLEAR COMPACT

ARTICLE I.

Policy and Purpose

The party states recognize that the proper employment of scientific and technological discoveries and advances in nuclear and related fields and direct and collateral application and adaptation of processes and techniques developed in connection therewith, properly correlated with the other resources of the region, can assist substantially in the industrial progress of the west and the further development of the economy of the region. They also recognize that optimum benefit from nuclear and related scientific or technological resources, facilities and skills requires systematic encouragement, guidance, assistance, and promotion from the party states on a co-operative basis. It is the policy of the party states to undertake such co-operation on a continuing basis. It is the purpose of this compact to provide the instruments and framework for such a co-operative effort in nuclear and related fields, to enhance the economy of the west and contribute to the individual and community well-being of the region's people.

ARTICLE II.

The Board

(a) There is hereby created an agency of the party states to be known as the "western interstate nuclear board," hereinafter called the board. The board shall be composed of one (1) member from each party state designated or appointed in accordance with the law of the state which he represents and serving and subject to removal in accordance with such law. Any member of the board may provide for the discharge of his duties and the performance of his functions thereon, either for the duration of his membership or for any lesser period of time, by a deputy or assistant, if the laws of his state make specific provisions therefor. The federal government may be represented without vote if provision is made by federal law for such representation.

(b) The board members of the party states shall each be entitled to one (1) vote on the board. No action of the board shall be binding unless taken at a meeting at which a majority of all members representing the party states are present and unless a majority of the total number of votes on the board are cast in favor thereof.

(c) The board shall have a seal.

(d) The board shall elect annually, from among its members, a chairman, a vice-chairman, and a treasurer. The board shall appoint and fix the compensation of an executive director who shall serve at its pleasure and who shall also act as secretary, and who, together with the treasurer, and such other personnel as the board may direct, shall be bonded in such amounts as the board may require.

(e) The executive director, with the approval of the board, shall appoint and remove or discharge such personnel as may be necessary for the performance of the board's functions irrespective of the civil service, personnel or other merit system laws of any of the party states.

(f) The board may establish and maintain, independently or in conjunction with any one or more of the party states, or its institutions or subdivisions, a suitable retirement system for its full-time employees. Employees of the board shall be eligible for social security coverage in respect of old age and survivors insurance provided that the board takes such steps as may be necessary pursuant to federal law to participate in such program of insurance as a governmental agency or unit. The board may establish and maintain or participate in such additional programs of employee benefits as may be appropriate.

(g) The board may borrow, accept, or contract for the services of personnel from any state or the United States or any subdivision or agency thereof, from any interstate agency, or from any institution, person, firm or corporation.

(h) The board may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any state or the United States or any subdivision or agency thereof, or interstate agency, or from any institution, person, firm, or corporation, and may receive, utilize, and dispose of the same. The nature, amount and conditions, if any, attendant upon any donation or grant accepted pursuant to this paragraph or upon any borrowing pursuant to paragraph (g) of this article, together with the identity of the donor, grantor or lender, shall be detailed in the annual report of the board.

The board shall publish its bylaws, rules, and regulations in convenient form and shall file a copy thereof, and shall also file a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

(k) The board annually shall make to the governor of each party state, a report covering the activities of the board for the preceding year, and embodying such recommendations as may have been adopted by the board, which report shall be transmitted to the legislature of said state. The board may issue such additional reports as it may deem desirable.

ARTICLE III.

Finances

(a) The board shall submit to the governor or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that jurisdiction for presentation to the legislature thereof.

(b) Each of the board's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. Each of the board's requests for appropriations pursuant to a budget of estimated expenditures shall be apportioned equally among the party states. Subject to appropriation by their respective legislatures, the board shall be provided with such funds by each of the party states as are necessary to provide the means of establishing and maintaining facilities, a staff of personnel, and such activities as may be necessary to fulfill the powers and duties imposed upon and entrusted to the board.

(c) The board may meet any of its obligations in whole or in part with funds available to it under article II, paragraph (h) of this compact, provided that the board takes specific action setting aside such funds prior to the incurring of any obligation to be met in whole or in part in this manner. Except where the board makes use of funds available to it under article II, paragraph (h) hereof, the board shall not incur any obligation prior to the allotment of funds by the party jurisdictions adequate to meet the same.

The board may establish such advisory and technical committees as it may deem necessary, membership on which may include but not be limited

to private citizens, expert and lay personnel, representatives of industry, labor, commerce, agriculture, civic associations, medicine, education, voluntary health agencies, and officials of local, state and federal government, and may co-operate with and use the services of any such committees and the organizations which they represent in furthering any of its activities under this compact.

(g) Organize and conduct, or assist and co-operate in organizing and conducting, demonstrations or research in any of the scientific, technological or industrial fields to which this compact relates.

(h) Undertake such nonregulatory functions with respect to non-nuclear sources of radiation as may promote the economic development and general welfare of the west.

(i) Study industrial, health, safety, and other standards, laws, codes, rules, regulations, and administrative practices in or related to nuclear fields.

(j) Recommend such changes in, or amendments or additions to the laws, codes, rules, regulations, administrative procedures and practices or local laws or ordinances of the party states of their subdivisions in nuclear and related fields, as in its judgment may be appropriate. Any such recommendations shall be made through the appropriate state agency, with due consideration of the desirability of uniformity but shall also give appropriate weight to any special circumstances which may justify variations to meet local conditions.

(k) Consider and make recommendations designed to facilitate the transportation of nuclear equipment, materials, products, by-products, wastes, and any other nuclear or related substances, in such manner and under such conditions as will make their availability or disposal practicable on an economic and efficient basis.

(l) Consider and make recommendations with respect to the assumption of and protection against liability actually or potentially incurred in any phase of operations in nuclear and related fields.

(m) Advise and consult with the federal government concerning the common position of the party states or assist party states with regard to individual problems where appropriate in respect to nuclear and related fields.

(o) Act as licensee, contractor or subcontractor of the United States government or any party state with respect to the conduct of any research activity requiring such license or contract and operate such research facility or undertake any program pursuant thereto, provided that this power shall be exercised only in connection with the implementation of one (1) or more other powers conferred upon the board by this compact.

(p) Prepare, publish and distribute, with or without charge, such reports, bulletins, newsletters or other materials as it deems appropriate.

(q) Ascertain from time to time such methods, practices, circumstances, and conditions as may bring about the prevention and control of nuclear incidents in the area comprising the party states, to co-ordinate the nuclear incident prevention and control plans and the work relating thereto of the appropriate agencies of the party states and to facilitate the rendering of aid by the party states to each other in coping with nuclear incidents.

The board may formulate and, in accordance with need from time to time, revise a regional plan or regional plans for coping with nuclear incidents within the territory of the party states as a whole or within any subregion or subregions of the geographic area covered by this compact.

Any nuclear incident plan in force pursuant to this paragraph shall designate the official or agency in each party state covered by the plan who shall co-ordinate requests for aid pursuant to article VI of this compact and the furnishing of aid in response thereto.

Unless the party states concerned expressly otherwise agree, the board shall not administer the summoning and dispatching of aid, but this function shall be undertaken directly by the designated agencies and officers of the party states.

The plan or plans of the board in force pursuant to this paragraph shall provide for reports to the board concerning the occurrence of nuclear incidents and the requests for aid on account thereof, together with summaries of the actual working and effectiveness of mutual aid in particular instances.

From time to time, the board shall analyze the information gathered from reports of aid pursuant to article VI and such other instances of mutual aid as may have come to its attention, so that experience in the rendering of such aid may be available.

(r) Prepare, maintain, and implement a regional plan or regional plans for carrying out the duties, powers, or functions conferred upon the board by this compact.

(s) Undertake responsibilities imposed or necessarily involved with regional participation pursuant to such co-operative programs of the federal government as are useful in connection with the fields covered by this compact.

ARTICLE VI.

Mutual Aid

(a) Whenever a party state, or any state or local governmental authorities therein, request aid from any other party state pursuant to this compact in coping with a nuclear incident, it shall be the duty of the requested state to render all possible aid to the requesting state which is consonant with the maintenance of protection of its own people.

(b) Whenever the officers or employees of any party state are rendering outside aid pursuant to the request of another party state under this compact, the officers or employees of such state shall, under the direction of the authorities of the state to which they are rendering aid, have the same powers, duties, rights, privileges and immunities as comparable officers and employees of the state to which they are rendering aid.

(c) No party state or its officers or employees rendering outside aid pursuant to this compact shall be liable on account of any act or omission on their part while so engaged, or on account of the maintenance or use of any equipment or supplies in connection therewith.

(d) All liability that may arise either under the laws of the requesting state or under the laws of the aiding state or under the laws of a third state on account of or in connection with a request for aid, shall be assumed and borne by the requesting state.

(e) Any party state rendering outside aid pursuant to this compact shall be reimbursed by the party state receiving such aid for any loss or damage to, or expense incurred in the operation of any equipment answering a request for aid, and for the cost of all materials, transportation, wages, salaries and maintenance of officers, employees and equipment incurred in connection with such requests: provided that nothing herein contained shall prevent any assisting party state from assuming such loss, damage,

Any such agreement shall specify the purpose or purposes; its duration and the procedure for termination thereof or withdrawal therefrom; the method of financing and allocating the costs of the activity or project; and such other matters as may be necessary or appropriate.

No such supplementary agreement entered into pursuant to this article shall become effective prior to its submission to and approval by the board. The board shall give such approval unless it finds that the supplementary agreement or activity or project contemplated thereby is inconsistent with the provisions of this compact or a program or activity conducted by or participated in by the board.

(b) Unless all of the party states participate in a supplementary agreement, any cost or costs thereof shall be borne separately by the states party thereto. However, the board may administer or otherwise assist in the operation of any supplementary agreement.

(c) No party to a supplementary agreement entered into pursuant to this article shall be relieved thereby of any obligation or duty assumed by said party state under or pursuant to this compact, except that timely and proper performance of such obligation or duty by means of the supplementary agreement may be offered as performance pursuant to the compact.

(d) The provisions to this article shall apply to supplementary agreements and activities thereunder, but shall not be construed to repeal or impair any authority which officers or agencies of party states may have pursuant to other laws to undertake co-operative arrangements or projects.

ARTICLE VIII.

(c) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until two (2) years after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. No withdrawal shall effect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

(d) Guam and American Samoa, or either of them may participate in the compact to such extent as may be mutually agreed by the board and the duly constituted authorities of Guam or American Samoa, as the case may be. Such participation shall not include the furnishing or receipt of mutual aid pursuant to article VI, unless that article has been enacted or otherwise adopted so as to have the full force and effect of law in the jurisdiction affected. Neither Guam nor American Samoa shall be entitled to voting participation on the board, unless it has become a full party to the compact.

Amendments

82A-102. Declaration of policy and purpose. (1) The purpose of this title is to comply with article VI, section 7, of the Montana constitution which requires that all executive and administrative offices, boards, bureaus, commissions, agencies and instrumentalities of the executive branch (except for the office of governor, lieutenant governor, secretary of state, attorney general, superintendent of public instruction, and auditor) and their respective functions, powers, and duties, shall be allocated by law among not more than twenty (20) principal departments so as to provide an orderly arrangement in the administrative organization of state government.

(2) It is the public policy of this state and the purpose of this title to create a structure of the executive branch of state government which is responsive to the needs of the people of this state and sufficiently flexible to meet changing conditions; to strengthen the executive capacity to administer effectively and efficiently at all levels; to encourage greater public participation in state government; to effect the grouping of state agencies into a reasonable number of departments primarily according to function; to provide that the responsibility within the executive branch of state government for the implementation of programs and policies is clearly fixed and ascertainable; and to eliminate overlapping and duplication of effort within the executive branch of state government.

If the existence of an advisory council is extended, they shall specify a new date, not more than two (2) years later, when the existence of the advisory council ends, and file a record of the order in the office of the governor and the office of the secretary of state. The existence of any advisory council may be extended as many times as necessary.

The remaining members shall be appointed to serve for terms ending on the first day of the third January of the succeeding gubernatorial term, and until their successors are appointed and qualified. It is the intent of this subsection that the governor appoint a majority of the members of each quasi-judicial board at the beginning of his term, and the remaining members in the middle of his term. As used in this subsection, "majority" means the next whole number greater than half.

(b) This subsection does not affect the terms of persons who were members of a continued board on the effective date of the chapter of this title continuing the board; upon the expiration of those terms, members shall be appointed and serve in accordance with this subsection.

(3) The appointment of each member is subject to the confirmation of the senate. However, the governor may appoint a member to assume office before the senate meets at its next regular session to consider the appointment. A member so appointed has all the powers of the office upon assuming that office, and is a de jure officer, notwithstanding the fact that the senate has not yet confirmed the appointment. Jurisdiction Over Indian Divorce

State has jurisdiction over divorce action brought by an Indian plaintiff against an Indian defendant, both residing on reservation, since the power to grant a divorce has not been pre-empted by the federal government and does not interfere with reservation self-government. *State ex rel. Iron Bear v. District Court, Fifteenth Judicial Dist., Roosevelt County*, — M —, 512 P 2d 1292.

State court had jurisdiction over petition for divorce filed by one Indian against another where Indian tribal court had not attempted to exercise jurisdiction over marriage and divorce; the courts of this state are open to all Indian citizens and they are entitled to the protection of the state laws and utilization of state courts. *Bad Horse v. Bad Horse*, — M —, 517 P 2d 893.

83-104. (22) Glacier National Park.

Federal Jurisdiction

Although the agreement of September 26, 1895 allowed Indians to cut wood for certain enumerated purposes, the defendant, a Blackfoot Indian who cut wood in

The offer by the state of Montana to cede to the federal government legislative jurisdiction over areas within the state of Montana as contained in the act of the second legislative assembly of the state of Montana, 1891, entitled: "An act giving the consent of the state of Montana to the purchase, by the United States, of land in any city or town of the state, for the purpose of United States courthouse, post office and for other purposes" approved March 5, 1891, as amended by the act of the third legislative assembly of 1893, an act entitled: "An act giving the consent of the state of Montana to the purchase by the United States of land in any city or town of the state for the purpose of United States courthouse, post offices and for other like purposes," approved March 9, 1893, is hereby withdrawn except as to areas heretofore completely purchased or acquired by the federal government and over which areas the federal government has heretofore assumed either exclusive legislative jurisdiction or concurrent legislative jurisdiction under the terms of one or the other of said acts.

CHAPTER 3—PERSONS COMPOSING THE PEOPLE OF THE STATE— RESIDENCE, RULES FOR DETERMINING

Section

83-303. Residence, rules for determining.

83-303. (33) Residence, rules for determining. Every person has, in law, a residence. In determining the place of residence the following rules are to be observed:

1 to 3. * * * [Same as parent volume.]

4. The residence of his parents, or if one of them is deceased or they do not share the same residence, the residence of the parent having legal custody, or if neither parent has legal custody the parent with whom he customarily resides, is the residence of the unmarried minor child. In case of a controversy the district court may declare which parental residence is the residence of an unmarried minor child.

5. The residence of an unmarried minor who has a parent living cannot be changed by either his own act or that of his guardian.

6. The residence can be changed only by the union of act and intent.

History: En. Sec. 72, Pol. C. 1895; re-en. Sec. 32, Rev. C. 1907; re-en. Sec. 33, R. C. M. 1921; amd. Sec. 4, Ch. 164, L. 1975. Cal. Pol. C. Sec. 52.

Amendments

The 1975 amendment rewrote subdivision 4, which read "The residence of the father during his life, and after his death the residence of the mother, while she remains unmarried, is the residence of the

unmarried minor children"; deleted subdivision 5 which read "The residence of the husband is presumptively the residence of the wife"; and redesignated former subdivisions 6 and 7 as subdivisions 5 and 6.

Repealing Clause

CHAPTER 7—TORT ACTIONS AGAINST STATE

Section

83-701. Jurisdiction of district courts.

83-706.1. Governmental immunity abolished.

83-701. Jurisdiction of district courts. The district courts of the state of Montana shall have exclusive jurisdiction on any claim against the state of Montana for injury to person or property, accruing on or after July 2, 1973, on account of damage to or loss of property, or on account of personal injuries or death caused by the negligence or wrongful act or omission of any employee of the state of Montana, while acting within the scope of his office or employment, under circumstances where the state of Montana, if a private person, would be liable to the claimant for such damage, loss, injury or death, in accordance with the law of the state of Montana.

History: En. Sec. 1, Ch. 254, L. 1959; amd. Sec. 1, Ch. 93, L. 1973.

Amendments

The 1973 amendment deleted "to hear, determine, and render judgment to the extent of the insurance coverage carried by the state of Montana" after "exclusive jurisdiction"; substituted "for injury to person or property, accruing on or after July 2, 1973" for "for money only, accruing on or after the passage and approval of this act"; and deleted two sentences reading: "The state of Montana shall be liable in respect of such claims to the said claimant in the same manner and to the same extent as a private individual under like circumstances, except the state of Montana shall not be liable for interest prior to judgment, nor for punitive damages. Costs shall be allowed in all courts

to the successful complainant, to the same extent if the state of Montana were a private litigant, except that such costs shall not include attorneys' fees."

Purpose of Act

The purpose of the legislature in enacting this chapter was to establish the doctrine of sovereign immunity and to provide certain waivers of that immunity. *Kish v. Montana State Prison*, — M —, 505 P 2d 891.

Sovereign Immunity

State prison which participated in forest fire-fighting effort by lending a bulldozer, a guard and two prisoners to operate the bulldozer, all of whom were under the direction of the United States Forest Service during the fighting of the fire, was immune under doctrine of sovereign

immunity from suit for injuries to person who, several days after fire had been extinguished, was injured when wind caused an uprooted tree which had been left leaning against another tree to fall on him; since prison was attempting to pro-

tect its own land adjacent to the fire area, it was engaged in a governmental rather than a proprietary function. *Kish v. Montana State Prison*, — M —, 505 P 2d 891.

DECISIONS UNDER FORMER LAW

Sovereign Immunity

Limitations of the doctrine of sovereign immunity (40-4401 et seq., 75-5939 et seq., and 83-701 et seq.) are binding upon the supreme court so that state is not liable in excess of collectible insurance. *Kaldahl v. State Highway Commission*, 158 M 219, 490 P 2d 220.

State highway commission and state of Montana are immune from suit for plaintiffs' injuries and property damage to their

automobile despite allegations that the highway department had not kept the highway in proper and reasonable repair, or erected appropriate warning signs where there was a dangerous and unsafe section containing "chuck" holes, one of which caused plaintiffs' automobile to jolt out of control, overturn, and injure plaintiffs. *Kaldahl v. State Highway Commission*, 158 M 219, 490 P 2d 220.

83-706. Repealed.

Repeal

Section 83-706 (Sec. 6, Ch. 254, L. 1959), creating state immunity from liability in

excess of insurance coverage, was repealed by Sec. 3, Ch. 93, Laws 1973.

83-706.1. Governmental immunity abolished. The state, counties, cities, towns, and all other local governmental entities shall have no immunity from suit for injury to a person or property. This provision shall apply only to claims for relief and causes of action arising after July 1, 1973. The state, through the department of administration, has the right to provide for self insurance for claims for injury to a person or property. The state, counties, cities, towns, and all other local governmental entities have the right also, but not the duty, to purchase insurance to protect against claims for injury to a person or property.

History: En. 83-706.1 by Sec. 2, Ch. 93, L. 1973.

Title of Act

An act to implement article II, section 18, concerning sovereign immunity by providing availability of insurance coverage for governmental entities; amending section 87-701 [83-701], R. C. M. 1947; repealing section 83-706, R. C. M. 1947; and providing for an effective date.

Repealing Clause

Section 3 of Ch. 93, Laws 1973 read "Section 83-706, R. C. M. 1947, is repealed."

Effective Date

Section 4 of Ch. 93, Laws 1973 read "Section 1 and Section 3 of this act are effective on July 1, 1973, Section 2 is effective on passage."

CHAPTER 8—JURISDICTION OF INDIAN COUNTRY

83-801. Criminal jurisdiction, etc.

Effect of Chapter

This section constitutes valid and binding consent of people of Montana pursuant to federal statute to assume jurisdiction over crimes committed by or against Indians on Indian territory. *State ex rel. McDonald v. District Court*, 159 M 156, 496 P 2d 78.

Legislative Action Sufficient to Establish Jurisdiction

Federal statute providing for state jurisdiction over offenses committed by or against Indians on Indian reservations did not require constitutional amendment for valid and binding consent of people of Montana to assume jurisdiction; where

Congress retained power to reassume federal jurisdiction through repeal of same statute state legislative action was sufficient to establish jurisdiction. State ex rel. McDonald v. District Court, 159 M 156, 496 P 2d 78.

Scope of Chapter

The Northern Cheyenne reservation was not within the scope of this chapter, and in the absence of action by the state and the tribe in strict compliance with congressional requirements for transfer of jurisdiction, the tribal council could not waive to the district court jurisdiction of juvenile delinquency on the reservation.

Blackwolf v. District Court, 158 M 523, 493 P 2d 1293.

Tribal Council Action

Failure of state legislature to take affirmative legislative action concerning either civil or criminal jurisdiction over Indians on Blackfeet reservation as permitted under 28 U. S. C. § 1360 was not remedied by unilateral tribal council action, which provided that tribal and state courts have concurrent jurisdiction in all civil suits against members of Blackfeet tribe. Kennerly v. District Court of the Ninth Judicial District of Montana, 400 US 423, 27 L Ed 2d 507, 91 S Ct 480.

83-806. Withdrawal of consent to state jurisdiction.

Withdrawal of Consent

Tribal resolution attempting to withdraw consent to state jurisdiction over criminal offenses committed on Indian reservation was ineffective where it was enacted more than two years after state assumed jurisdiction; governor had no power to extend time limit for withdrawal of tribal consent. State ex rel. McDonald v. District Court, 159 M 156, 496 P 2d 78.

Tribal resolution attempting to withdraw consent to state jurisdiction over criminal offenses committed on Indian reservation did not constitute a valid withdrawal of such consent where resolution was never transmitted to governor and no gubernatorial proclamation was ever issued concerning the tribal resolution. State ex rel. McDonald v. District Court, 159 M 156, 498 P 2d 78.

CHAPTER 9—ASSIGNMENT OF CLAIMS AGAINST STATE

Section

- 83-901. Notice to state auditor.
- 83-902. Limitations on assignment.
- 83-903. Power of state auditor to promulgate rules.
- 83-904. Effect of assignment.

83-901. Notice to state auditor. All transfers and assignments made of any claim against the state of Montana, or any part thereof, or interest thereon, except as hereinafter provided, shall be absolutely null and void and unenforceable against the state of Montana unless the assignee thereof files written notice of the assignment on such forms as may be required by the state auditor, together with a true copy of the instrument of assignment.

History: En. Sec. 1, Ch. 44, L. 1967.

Title of Act

An act to require assignees of moneys due from the state of Montana to file written notice of assignment and a copy of the assignment instrument with the

state auditor; restricting multiple assignments; authorizing promulgation of rules and regulations for such assignments by the state auditor; and allowing deductions to be made from salaries of employees of the state for specified purposes.

83-902. Limitations on assignment. Unless otherwise expressly permitted by the state auditor, no more than one assignment of a claim shall be effective at one time, and no assignment shall be made to more than one party, except that an assignment may be made to one party as agent

or trustee for two (2) or more parties. An assignment shall not be subject to further assignment.

History: En. Sec. 2, Ch. 44, L. 1967.

83-903. Power of state auditor to promulgate rules. The state auditor may promulgate rules and regulations regarding the form of assignment, the procedures for filing assignments, and the submission of claims covering assigned funds.

History: En. Sec. 3, Ch. 44, L. 1967.

83-904. Effect of assignment. Nothing contained herein shall in any way impair the negotiability of state warrants, nor preclude employees of the state of Montana from authorizing deductions from salaries for employees group insurance programs authorized by law, union dues, or purchase of U.S. government savings bonds.

History: En. Sec. 4, Ch. 44, L. 1967.
